EMERGENCY RULES
EMPLOYMENT SECURITY DEPARTMENT
 [Filed January 29, 2021, 9:54 a.m., effective January 29, 2021, 9:54 a.m.]

Effective Date of Rule: Immediately upon filing.

Purpose: This emergency rule clarifies what service is considered localized as it relates specifically to the temporary physical reassignment of an employee due to the COVID-19 pandemic. Clarification is important in order to give notice and certainty to individuals and employers of paid family and medical leave (PFML) benefits eligibility and employer reporting and premium payment considerations, especially as they relate to telework performed out-of-state during the COVID-19 pandemic, and to allow consistent application of localization standards in these circumstances—protecting employees and employers.

Citation of Rules Affected by this Order: New WAC 192-510-091 Localization considerations due to COVID-19.

Statutory Authority for Adoption: RCW [50A.05.060](#).

Other Authority: RCW [34.05.350](#); Governor's Proclamations 20-05 and 20-25.

Under RCW [34.05.350](#) the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: In Proclamation 20-05, Governor Inslee proclaimed a State of Emergency in Washington regarding COVID-19. The proclamation directs agencies and departments to support the department of health and local officials in alleviating the impacts to people, property, and infrastructure across the state. Proclamation 20-25, the Governor's Stay Home – Stay Healthy order, amends Proclamation 20-05 with respect to certain business activities. Employees, especially those who may be or have been teleworking from out-of-state during the COVID-19 pandemic, need notice and certainty of the considerations relating to their PFML benefit eligibility. The rule provides this guidance. Further, employers need immediate clarification regarding which of their employees are considered localized to Washington and must be reported for the purposes of the PFML program. This rule is specifically related to which employees need to be reported to Washington based on their temporary work location due to the COVID-19 pandemic. Once the pandemic restrictions are lifted, employees who are considered localized may not be if the reassignment of their physical work location becomes permanent.
