INFORMATION ABOUT ADMINISTRATIVE RULES

General Information

The Administrative Rules Unit, Archives Division, Secretary of State publishes the Oregon *Administrative Rules Compilation* and the online *Oregon Bulletin*. The *Oregon Administrative Rules Compilation* is an annual print publication containing complete text of Oregon Administrative Rules (OARs) filed through November 15 of the previous year. The *Oregon Bulletin* is a monthly online supplement that contains rule text adopted or amended after publication of the print Compilation, as well as Notices of Proposed Rulemaking and Rulemaking Hearing. The Bulletin also includes certain non-OAR items when they are submitted, such as Executive Orders of the Governor, Opinions of the Attorney General and Department of Environmental Quality cleanup notices.

Background on Oregon Administrative Rules

ORS 183.310(9) defines "rule" as "any agency directive, standard, regulation or statement of general applicability that implements, interprets or prescribes law or policy, or describes the procedure or practice requirements of any agency." Agencies may adopt, amend, repeal or renumber rules, permanently or temporarily (up to 180 days), using the procedures outlined in the *Oregon Attorney General's Administrative Law Manual*. The Administrative Rules Unit assists agencies with the notification, filing and publication requirements of the administrative rulemaking process.

OAR Citations

Every Administrative Rule uses the same numbering sequence of a three-digit chapter number followed by a three-digit division number and a four-digit rule number (000-000-0000). For example, Oregon Administrative Rules, chapter 166, division 500, rule 0020 is cited as OAR 166-500-0020.

Understanding an Administrative Rule's "History"

State agencies operate in an environment of ever-changing laws, public concerns and legislative mandates which necessitate ongoing rulemaking. To track changes to individual rules and organize the original rule documents for permanent retention, the Administrative Rules Unit maintains history lines for each rule, located at the end of the rule text. OAR histories contain the rule's statutory authority, statutes implemented and dates of each authorized modification to the rule text. Changes are listed chronologically in abbreviated form, with the most recent change listed last. In the history line "OSA 4-1993, f. & cert. ef. 11-10-93," for example, "OSA" is short for Oregon State Archives; "4-1993" indicates this was 4th administrative rule filing by the Archives in 1993; "f. & cert. ef. 11-10-93" means the rule was filed and certified effective on November 10, 1993.

Locating Current Versions of Administrative Rules

The online version of the OAR Compilation is updated on the first of each month to include all rule actions filed with the Administrative Rules Unit by the 15th of the previous month. The annual printed OAR Compilation volumes contain text for all rules filed through November 15 of the previous year. Administrative Rules created or changed after publication in the print Compilation will appear in a subsequent edition of the online Bulletin. These are listed by rule number in the Bulletin's OAR Revision Cumulative Index, which is updated monthly. The listings specify each rule's effective date, rulemaking action, and the issue of the Bulletin that contains the full text of the adopted or amended rule.

Locating Administrative Rule Publications

Printed volumes of the Compilation are deposited in Oregon's Public Documents Depository Libraries listed in OAR 543-070-0000. Complete sets and individual volumes of the printed OAR Compilation may be ordered from the Administrative Rules Unit, Archives Division, 800 Summer Street NE, Salem, Oregon 97301, (503) 373-0701.

Filing Adminstrative Rules and Notices

All hearing and rulemaking notices, and permanent and temporary rules, are filed through the Administrative Rules Unit's online filing system. To expedite the rulemaking process, agencies are encouraged to file a Notice of Proposed Rulemaking Hearing specifying hearing date, time and location, and to submit their filings early in the submission period. All notices and rules must be filed by the 15th of the month to be included in the next month's Bulletin and OAR Compilation postings. Filings must contain the date stamp from the deadline day or earlier to be published the following month.

Administratrative Rules Coordinators and Delegation of Signing Authority

Each agency that engages in rulemaking must appoint a rules coordinator and file an Appointment of Agency Rules Coordinator form with the Administrative Rules Unit. Agencies that delegate rulemaking authority to an officer or employee within the agency must also file a Delegation of Rulemaking Authority form. It is the agency's responsibility to monitor the rulemaking authority of selected employees and keep the forms updated. The Administrative Rules Unit does not verify agency signatures as part of the rulemaking process.

Publication Authority

The Oregon Bulletin is published pursuant to ORS 183.360(3). Copies of the original Administrative Orders may be obtained from the Archives Division, 800 Summer Street, Salem, Oregon, 97310; (503) 373-0701. The Archives Division charges for such copies.

The official copy of an Oregon Administrative Rule is contained in the Administrative Order filed at the Archives Division. Any discrepancies with the published version are satisfied in favor of the Administrative Order.

EXECUTIVE ORDER NO. 15 - 02

DETERMINATION OF A STATE OF DROUGHT EMERGENCY IN LAKE AND MALHEUR COUNTIES DUE TO DROUGHT AND LOW WATER CONDITIONS

At the request of Lake County (by Resolution 15-03-10 dated March 10, 2015) and Malheur County (by Resolution 2015-0648 dated March 4, 2015), and based on the recommendations of the Drought Council and the Water Availability Committee, and pursuant to ORS 401.165 and ORS 536.740, I find the continuing dry conditions, low snowpack, and lack of precipitation have caused natural and economic disaster conditions in Lake and Malheur Counties.

Projected forecasts are not expected to alleviate the severe drought conditions, and the drought is having significant economic impacts on agricultural, livestock, and natural resources in Malheur and Lake Counties.

The dry conditions present hardships for these communities: crops and agricultural and recreation investments are at risk; animals and plants that rely on Oregon's surface water supplies are threatened; and the risk of wildfires across the state is greatly increased. Current conditions are being monitored and analyzed by state agencies including the Department of Agriculture, the Department of Water Resources, and the Oregon Office of Emergency Management.

A timely response to the severe drought conditions is vital to the safety of persons and property and economic security of the citizens and businesses of Lake and Malheur Counties. I am therefore declaring that a severe, continuing drought emergency exists in Lake and Malheur Counties, and directing the following actions.

IT IS HEREBY ORDERED AND DIRECTED:

I. The Oregon Department of Agriculture is directed to coordinate and provide assistance in seeking federal resources to mitigate drought conditions and assist in agricultural recovery in Lake and Malheur Counties.

II. The Department of Water Resources and the Water Resources Commission are directed to coordinate and provide assistance to water users in Lake and Malheur Counties as the Department and Commission determine is necessary and appropriate in accordance with ORS 536.700 to 536.780.

III. The Office of Emergency Management is directed to coordinate and assist as needed with assessment and mitigation activities to address current and projected conditions in Lake and Malheur Counties.

IV. All other state agencies are directed to coordinate with the above agencies and to provide appropriate state resources as determined essential to assist affected political subdivisions and water users in Lake and Malheur Counties.

V. This Executive Order expires on December 31, 2015.

Done at Salem, Oregon this 16th day of March, 2015.

REQUEST FOR COMMENTS PROPOSED PROSPECTIVE PURCHASER AGREEMENT FOR MORRISON OIL SITE

COMMENTS DUE: 5 p.m., Wednesday, May 1, 2015
PROJECT LOCATION: 3747 N. Suttle Road in Portland, Oregon
PROPOSAL: The Department of Environmental Quality seeks comments on its proposed consent order for a prospective purchaser agreement with Barbara Spurgeon concerning its acquisition of real property located at 3747 N. Suttle Road, Portland, Oregon.

A remedial investigation of this property completed under DEQ oversight in 2011 showed that a lead-contaminated soil pile drives the remaining risk on the portion of the site (Tax Lot 800, 4.28 acres; DEQ ECSI Site# 800) addressed under this Prospective Purchaser Agreement (PPA). This soil stockpile is approximately 7,000 cubic yards, and was excavated when North Marine Drive was built at the north edge of this parcel in the early 1990s. Morrison Oil has treated the majority of this contaminated soil with a chemical fixative in preparation for disposal at a permitted solid waste landfill and is under unilateral order to complete soil treatment by December 2016.

Historically, oil product distribution businesses operated on this property, including the current owner Morrison Oil. Activities included use of now-decommissioned above ground tank farms and underground storage tanks. Since 1990, two of the warehouses on site were leased for companies for dry goods product storage, including racking systems and sandblast media.

The consent order requires Barbara Spurgeon to perform removal and permitted disposal of the treated soil by Dec. 30, 2016. The order also requires this purchaser to obtain DEQ approval for a confirmation investigation work plan in the vicinity of the pile locations, to conduct soil sampling for lead, and to submit test results to DEQ for review. If sampling results show that total lead levels average more than the occupational worker exposure threshold, the order requires Barbara Spurgeon to mitigate unacceptable risk conditions. The order provides two options for remedial action in this circumstance: additional soil removal with confirmation sampling and cover with a cap of clean fill; or installing an impervious cap and executing an Easement and Equitable Servitudes providing for institutional controls.

The removal of the soil and associated activities required in the order should return this underutilized industrial property to fully productive commercial use. Plans for the property include expansion of existing sand blast media sales operations and redevelopment of underutilized areas.

DEQ created the Prospective Purchaser Agreement Program in 1995 through amendments to the state's Environmental Cleanup Law. The prospective purchaser agreement is a tool that expedites the cleanup of contaminated property and encourages property transactions that would otherwise not likely occur because of the liabilities associated with purchasing a contaminated site.

The proposed consent order will provide Barbara Spurgeon with a release from liability for claims by the State of Oregon under ORS 465.200 to 465.545 and 465.990, 466.640, and 468B.310 regarding existing hazardous substance releases at or from the property. The proposed consent order also will provide Barbara Spurgeon with third party liability protection.

PUBLIC NOTICE — REQUEST FOR COMMENTS PROPOSED PROSPECTIVE PURCHASER AGREEMENT WITH CITY OF ALBANY

COMMENTS DUE: 5 p.m., Friday, May 1, 2015
PROJECT LOCATION: 623 Lyon St.SE, Albany
PROPOSAL: The Oregon Department of Environmental Quality seeks comments on a proposed consent judgment for a Prospective Purchaser Agreement with the City of Albany concerning the City's proposed acquisition of real property located at 655 Lyon St. SE., in Albany. The City owns an adjacent property that houses the City's fire department staff and vehicles. The City proposes to purchase the property for the purpose of constructing a new and enlarged fire station to improve its emergency response services to its citizens.

The parcels to be acquired currently contain a retail space that houses an operating dry cleaner facility, and a separate building that has been used as a vehicle garage and service facility. Environmental investigations conducted by the DEQ's Dry Cleaner Program found legacy contaminants in soil and groundwater attributed to both past uses. DEQ has established that the contamination does not currently pose a risk to human health. However, redevelopment of the site as proposed by the City may uncover additional contamination beneath the dry cleaners.

The City has agreed to conduct the following activities under the proposed consent judgment for a Prospective Purchaser Agreement:

• Prior to building demolition, the City will prepare a Media Management Plan for contaminated materials for use by contractors working at the site.

• After building demolition, but before any site redevelopment, DEQ will perform additional environmental investigation of soil and/or groundwater beneath the dry cleaner building to determine if any cleanup is needed to protect future workers at the Property.

If DEQ determines cleanup of dry cleaning related contamination is needed, it will conduct the necessary cleanup in coordination with the City's redevelopment plans, prior to construction of the new fire station. Groundwater remediation is likely unnecessary, but if so, DEQ will conduct groundwater remediation in coordination with the City.

• The City will conduct any required investigation and cleanup of contamination not associated with dry cleaning solvent at the vehicle garage building, when that building is removed.

• The City and DEQ will investigate and determine whether a broken sanitary sewer line currently serving the dry cleaners should be repaired, sealed, or removed as appropriate to prevent impacts to the environment.

• DEQ may require institutional controls in the form of an Easement and Equitable Servitude to limit certain uses on (?) the property, and to maintain engineering controls or contingencies for future

cleanup at the vehicle garage building. These actions will be further evaluated following the assessment beneath the dry cleaner building and considering the City's planned use for the vehicle garage building.

DEQ created the Prospective Purchaser Agreement Program in 1995 through amendments to the State's Environmental Cleanup Law. The PPA is a tool that expedites the cleanup of contaminated property and encourages property transactions that would otherwise not likely occur because of the liabilities associated with purchasing a contaminated site.

The proposed consent judgment will provide the City of Albany with a release from liability for claims by the State of Oregon under ORS 465.200 to 465.545 and 465.990, 466.640, and 468B.310 regarding existing hazardous substance releases at or from the property. The proposed consent judgment will also provide the City with third party liability protection.

REQUEST FOR COMMENTS
PROPOSED CLEANUP AT
REED COLLEGE SERVICE STATION

COMMENTS DUE: 5 p.m., Thursday, April 30, 2015
PROJECT LOCATION: 5216 SE 28th Ave., Portland
PROPOSAL: Odyssey Property Holdings, on behalf of Reed College, is proposing to remove over 400 cubic yards of contaminated soil from the site of a former service station on the northeast corner of the intersection of SE 28th Ave. and SE Steele St. in Portland, and to place restrictive covenants on the future use of the site.
HIGHLIGHTS: A fuel service station operated at the site from 1970 to 1978. The site was purchased on behalf of Reed College in 2004. Subsequent investigations have identified petroleum-contaminated soil and groundwater in the vicinity of the former fuel islands, and soil and groundwater contaminated with a mixture of petroleum and solvents in the vicinity of a former oil/water separator. Without remediation, contaminant concentrations in the soil and soil gas will pose an unacceptable risk through vapor intrusion into indoor air if the site is redeveloped for urban residential use. The site does not pose an unacceptable risk to public health or the environment in its current state.
HOW TO COMMENT: Send comments to DEQ Project Manager Kevin Dana at 2020 SW 4th Ave., Suite 400, Portland, Oregon, 97201 or dana.kevin@deq.state.or.us. For more information contact the project manager at 503-229-5369.

Notices of Proposed Rulemaking and Proposed Rulemaking Hearings

The following agencies provide Notice of Proposed Rulemaking to offer interested parties reasonable opportunity to submit data or views on proposed rulemaking activity. To expedite the rulemaking process, many agencies have set the time and place for a hearing in the notice. Copies of rulemaking materials may be obtained from the Rules Coordinator at the address and telephone number indicated.

Public comment may be submitted in writing directly to an agency or presented orally at the rulemaking hearing. Written comment must be submitted to an agency by 5:00 p.m. on the Last Day for Comment listed, unless a different time of day is specified. Oral comments may be submitted at the appropriate time during a rulemaking hearing as outlined in OAR 137-001-0030.

Agencies providing notice request public comment on whether other options should be considered for achieving a proposed administrative rule's substantive goals while reducing negative economic impact of the rule on business.

In Notices of Proposed Rulemaking where no hearing has been set, a hearing may be requested by 10 or more people or by an association with 10 or more members. Agencies must receive requests for a public rulemaking hearing in writing within 21 days following notice publication in the Oregon Bulletin or 28 days from the date notice was sent to people on the agency mailing list, whichever is later. If sufficient hearing requests are received by an agency, notice of the date and time of the rulemaking hearing must be published in the Oregon Bulletin at least 14 days before the hearing.

**Auxiliary aids for persons with disabilities are available upon advance request. Contact the agency Rules Coordinator listed in the notice information.*

The amendment would provide for division discretion in responding to objections based on cost of compliance with a subpoena, allowing division to determine use of resources based on circumstances rather than mandatorily. The amendment would also clarify that the division may engage in communication with a person objecting to a subpoena to determine whether the division's objective and objecting person's concerns can be addressed by mutual agreement, avoiding costly enforcement actions.

Summary: Many health care providers and insurers are transitioning from using classification codes found in the "Diagnostic and Statistical Manual of Mental Disorders, DSM-IV-TR, Fourth Edition" (DSM-IV) to the coding in the "Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition" (DSM-5). Until all users have transitioned entirely to the DSM-5, it is necessary to include applicable diagnostic codes from both versions in defining mental or nervous condition for purposes of the mandatory requirements of Oregon's mental health parity statute. These rules add appropriate diagnostic codes from the DSM-5 to the rule and clarify allowable exceptions and exclusions to the mental health parity statute.

Proposed Amendments: 345-022-0000, 345-027-0070
Last Date for Comment: 4-23-15, 5 p.m.
Summary: In 2013, ORS 469.501(3) and ORS 469.503(1) were amended by Oregon Laws 2013, Chapter 263, Sections 1 and 2. These statutes grant the Energy Facility Siting Council (EFSC or "the Council") its "balancing authority." As amended, these statutes authorize the Council to issue a site certificate or amended site certificate for a facility that does not meet one or more of the applicable Council standards if the Council finds that the overall public benefits of the facility outweigh any adverse effects on a resource or interest protected by the applicable standards the facility does not meet. The 2013 amended statutory language added "applicable" to the standards to which the authority applies; and replaced "the damage to the resource" with "any adverse effects on a resource or interest" under ORS 469.501(3) and ORS 469.503(1). These amendments require changes to the Council's existing balancing authority rules to accurately reflect the statutory language. Most of the proposed language changes occur in OAR Chapter 345, Division 22; one proposed change is in Division 27.

The Council requests public comment on these draft rules. The Council also requests public comment on whether other options should be considered for achieving the rule's substantive goals while reducing the negative economic impact of the rule on business. A call-in number is available for the public hearing. Summary: The Department of Human Services (Department) is proposing to amend the rules in OAR chapter 411-085, 089 to make permanent temporary changes that were implemented on January 1, 2015. The proposed amendments implement House Bill 4151 (2014 Regular Session) and make necessary changes to make the rules reflect current Department policy and practice by:

- Amending the definition of "sexual abuse" used by corrective action coordinators to determine enhanced civil penalties as required by HB 4151. Following the substantiation of alleged "abuse" in nursing facilities, this definition is used to determine the amount of an enhanced civil penalty the nursing facility corrective action coordinator applies in any given case. This definition is not used by investigators in the field; this definition is only used by corrective action coordinators to determine enhanced civil penalties.
- Replacing name of division with the new name of the office, "Office of Licensing and Regulatory Oversight (OLRO)" and listing the responsibilities of the office.
- Amending definitions to be consistent with current Department terminology.
- Amending program and division names throughout the rules to ensure current agency program names are correctly referenced.
- Amending the amount of time local APD and AAA offices have to complete an abuse investigation report to ensure consistency with the HB 4151 requirement of completing investigations within120 days.
- Making minor wording, formatting, punctuation, and grammatical adjustments to the rules.

Summary: Proposed Rule 137-010-0032 implements HB 2060 (2013). HB 2060 authorizes the Attorney General to issue orders disqualifying certain registered charities from being eligible to receive contributions that are tax deductible as charitable donations for Oregon income tax purposes if they spend on average less than 30% of expenditures on program services. The disqualified status must also be disclosed in solicitations to prospective donors. The legislation is intended to address a small but persistent number of charities that consistently spend most of the donations they receive on fundraising and administration, rather than on the charitable programs that prompted donations. Disqualification orders will be based on the charities' own Internal Revenue Service (IRS) Form 990 financial reports and issued in accordance with the notice and hearing requirements of the Administrative Procedures Act. The proposed rule contains a number of exemptions from its application to ensure the rule is consistent with the purposes of the legislation. Among the organizations exempted from application of the rule are small organizations that are not required to file the full IRS Form 990, organizations that are accumulating revenues for specific purposes such as capital or endowment campaigns, private foundations, and organizations that receive most of their income from sources other than tax deductible donations.

The proposed rule amendments also implement HB 4081 (2014). HB 4081 sets forth acts and practices that violate the Department's registration and reporting requirements, including failing to register or willfully filing false reports with the Department. The legislation specifies a variety of actions the Attorney General can take in response to reporting violations and increases the Department's administrative civil penalty authority from $1,000 to $2,000 per violation. The proposed rule amendments include revisions necessary to implement HB 4081, including revising the maximum civil penalty to $2,000 to correspond to the legislation. Other proposed rule amendments include using the term "organizations" rather than "corporations and trustees" in order to be consistent with existing statutory language, revising certain reporting thresholds to more closely correspond to IRS filing thresholds, and other minor housekeeping changes for clarity and consistency.

Chapter 734

Rule Caption: Establishment of Speed Limits on Interstate Highways and Locations of Interstate Speed Limits
Stat. Auth.: ORS 184.616, 184.619, 810.010, 810.180, Ch. 819, OL 2003
Stats. Implemented: ORS 810.180, Ch. 819, OL 2003
Proposed Amendments: 734-020-0010, 734-020-0011
Last Date for Comment: 4-21-15, Close of Business
Summary: ORS 810.180 authorizes the Department of Transportation to conduct speed zone investigations and set speeds on most public roads, including interstate highways. Wording has been changed for better understanding within 734-020-0010(3)(d) and 734-020-0010(3)(e)(A). As amended, 734-020-0011, the location of the 65 mph to 55 mph speed limit transition would move further south by 0.92 miles as allowed within 734-020-0010(3). Beginning at the California/Oregon border on I-5, the speed limit is currently 55 mph. The speed limit transitions to 65 mph near the base of the Siskiyou Mountain Range, approximately 3 miles south of the City of Ashland. In the northbound direction at the location of this recommended change, this section of roadway opens up into long tangent sections with no sharp curves. In the southbound direction, the roadway is wider due to an expanded shoulder that is used by trucks as a climbing lane. Further south (where the 55 mph will remain), the roadway transitions to sharper curves. ODOT believes the transition from 65 mph to 55 mph should be moved further south (further uphill), closer to curves warranting slower speeds.

Summary: The proposed amendment constitutes an adoption of the rules of the International Registration Plan (IRP) to the date of January 1, 2015. Title 26 Code of Federal Regulations Part 41 (HVUT) requires the State to confirm proof of payment of the tax, and require proof of payment by the State as a condition of issuing a registration for a highway motor vehicle. The amendment of OAR 740- 740-200-0020 adopts HVUT and amendments with the effective date of January 1, 2015, and ensures Oregon remains current with national commercial motor vehicle registration standards. International Fuel Tax Agreement (IFTA) and associated material are applicable to Oregon-based motor carriers who participate in IFTA as a way to report and pay fuel tax to other jurisdictions. The revision to OAR 740-200-0040 adopts the most recent version of IFTA and associated material as the procedures and guidelines for Oregon-based IFTA participants with the effective date of January 1, 2015 to ensure Oregon remains current with the international IFTA standards.

The restriction poses a barrier to student success and degree completion. Summary: During the 2013 Legislative Session HB 2997 was enacted allowing licensed direct entry midwives (LDM) to purchase and administer antibiotics for Group B Streptococcal prophylaxis. The proposed rule will require that LDMs licensed prior to January 1, 2016 obtain 10 hours of instruction including pharmacology and intravenous administration of antibiotic before their annual renewal date in 2016. LDMs licensed after January 1, 2016 must successfully compete the initial legend drugs and devices program totaling 50 hours of instruction which includes pharmacology and intravenous administration of antibiotics.

The proposed rule also listed the antibiotics approved for purchase and administration by an LDM including Penicillin, Ampicillin, Cefazolin or Clindamycin.

The proposed rule requires each licensed direct entry midwife disclose to each patient whether or not they have received the initial legend drugs and devices training. The rule also requires the disclosure is documented within the patient records of care.

Chapter 459

Rule Caption: Update the order of priority for deductions from a benefit payment.

Date:	Time:	Location:
4-28-15	3 p.m.	PERS Boardroom 11410 SW 68th Pkwy. Tigard, OR 97223

Hearing Officer: Daniel Rivas
Stat. Auth.: ORS 238.630, 238.650, 238.715(9) & 238A.450
Stats. Implemented: ORS 238 & 238A
Proposed Adoptions: 459-045-0070
Proposed Amendments: 459-005-0600, 459-005-0610
Last Date for Comment: 5-6-15, 5 p.m.
Summary: OAR 459-005-0600 establishes the order of priority for deductions, whether pre-tax or post-tax, from a monthly benefit. The rule has not been updated since 1998; PERS has experienced many changes since that time, so a number of changes are necessary. The proposed modifications clarify that if a member is subject to the benefit limitation under Internal Revenue Code section 415 and must receive a portion of their monthly benefit from the Benefit Equalization Fund under ORS 238.485, such allocation of the member's benefit payments takes precedence over all other payments. Deductions for administrable court orders, such as garnishments for restitution under ORS 238.447, have been added. And, finally, premium payments for PERS-sponsored health insurance were moved down in priority, as they are a voluntary deduction.

OAR 459-045-0070 is a new rule and establishes the order of priority for deductions, whether pre-tax or post-tax, from a member's pension benefit when a domestic relations order awards a portion of the member's benefit to an alternate payee (AP). Such AP awards can be reductions (AP is responsible for the income tax on their portion of the benefit) or deductions (member is responsible for the income tax on the entire benefit, including the amount paid to the AP). The order of priority is slightly different for each of these scenarios and is broken out separately in the rule.

Finally, section (12) of OAR 459-005-0610 has been deleted because the order of precedence for recovery of an overpayment or an erroneous payment is addressed in both OAR 459-005-0600 and OAR 459-045-0070 and therefore this section of the rule is now unnecessary.

Rule Caption: Clarify defined terms relating to filing an application for a disability retirement.

Date:	Time:	Location:

Stat. Auth.: ORS 238.650 & 238A.450
Stats. Implemented: ORS 238.320–238.345 & 238A.235
Proposed Amendments: 459-015-0020, 459-076-0020
Last Date for Comment: 5-6-15, 5 p.m.
Summary: These rules provide specific timeframes for a member to timely file an application for a disability retirement (Tier One/Tier Two) or benefit (OPSRP). The member cannot apply before they discontinue working, but they are not required to be terminated from employment. The definitions for "date of disability", "date of separation from service", and "date of termination" in OAR 459-015-0001 were updated and incorporated into the disability rules in October 2011. There were quite a number of rules that required updates and when OAR 459-015-0020 was edited to incorporate the updated defined terms, date of termination was inadvertently updated to date of separation from service in paragraph (6)(b) when it should have been updated in paragraph (6)(a). Also, date of termination in (6)(a) was updated to date of separation from service instead of date of disability. The proposed edits to the rule correctly update both paragraphs (6)(a) and (6)(b) and propose other minor edits for clarification.

The proposed update to 459-076-0020 incorporates the defined term "date of disability" in one place where it was missed in 2011 and makes other minor edits for clarification.

Summary: The Internal Revenue Service (IRS) revises various dollar limits annually based on cost-of-living adjustments. These revisions are used throughout the PERS plan's statutes and rules, but revisions to the limits must be adopted by the legislature or PERS Board to be effective.

The proposed rule modifications incorporate these federal adjustments and are necessary to ensure PERS compliance with the IRC's limits on the amount of annual compensation allowed for determining contributions and benefits, annual benefits, and annual additions to PERS.

Secondly, under ORS 238.082, a Tier One or Tier Two retired member who is receiving Social Security benefits and who returns to PERS-covered employment may continue to receive their PERS retirement benefits so long as they work less than 1,040 hours or not exceed any related Social Security annual compensation limits. The proposed modifications to OAR 459-017-0060 adopt the 2015 Social Security earnings limitations. For these increases to be effective, the PERS Board has to adopt these rule modifications.

Summary: This rulemaking includes a number of changes regarding well construction. The changes include the following:

- Establishing special area standards for the Mosier area of Wasco County. The Mosier area has declining water levels due, in part, to improper well construction. These proposed rules address the construction of new wells in the Mosier area by requiring the licensed well constructor responsible to consult with the Water Resources Department prior to the permanent installation of casing and seal material. In addition, the rules require an additional notice period prior to the start of construction activities to allow the Department time to research information regarding the location of the proposed well and to have discussions about the proposed construction methods. Also, the proposed rules require the installation of a dedicated

measuring tube at the time of pump installation, repair or replacement so that the water level in the well can be determined at any time.

- Clarifying responsibilities regarding certain well and geotechnical hole construction, maintenance, alteration, conversion and abandonment activities.

- Clarifying the classification of injection wells installed for remediation purposes.

- Modifying the definition of silt so the definition in Division 200 matches the definition in Division 240.

- Correcting old and incorrect rule and table references and removing dates in rule that have expired.

- Clarifying the construction standards for dug wells.

- Establishing setback standards from permanent structures for new water wells in order to allow access for drilling equipment.

- Clarifying the protection methods for piezometers.

- Clarifying the location where constructor information is placed on a drilling machine.

Criminal Background Checks, Fitness Determinations

(1) The Board requires a criminal background check of all applicants for a massage therapist license to determine the professional fitness of an applicant. These must be provided on prescribed forms provided by the Board. Fingerprints may be obtained at a law enforcement office or at a private service acceptable to the Board. The Board must submit fingerprints to the Oregon Department of State Police for checks against state law enforcement data systems and national data sources. Any original fingerprint cards and/or any electronic fingerprint records must subsequently be destroyed by the Oregon Department of State Police. The Board requires completed fingerprint cards or any submitted electronic fingerprint of all applicants for an initial license; licensees applying to reinstate a lapsed license or licensees applying to reactivate an inactive license; and licensees under investigation to determine the professional fitness of an applicant or licensee.

(2) These rules are to be applied when evaluating the criminal background of all licensees and applicants for a massage therapist license and conducting professional fitness determinations based upon such history. The fact that the applicant has cleared the criminal background check does not guarantee the granting of a license.

(3) The Board may require fingerprints of any Oregon licensed massage therapist who is the subject of a complaint or investigation for the purpose of requesting a state or nationwide criminal background check.

(4) All criminal background checks must include, but not be limited to, all available state law enforcement data systems and national data sources, unless obtaining one or the other is an acceptable alternative.

(5) Additional information required. In order to conduct the Oregon and National Criminal Background Check and professional fitness determination, the Board may require additional information from the licensee/applicant as necessary, including but not limited to, proof of identity; residential history; names used while living at each residence; or additional criminal, judicial or other background information.

(6) Criminal offender information is confidential. Dissemination of information received under ORS 181.534 is only to people with a demonstrated and legitimate need to know the information. The information is part of the investigation of an applicant or licensee and as such is confidential pursuant to ORS 676.175(1).

(7) The Board must determine whether an individual is professionally fit to be granted a license. If an individual is determined to be unfit, then the individual may not be granted a license. The Board may make professional fitness determinations conditional upon applicant's acceptance of probation, conditions, limitations, or other restrictions upon licensure. Except as otherwise provided in section (1), in making the professional fitness determination the Board must consider:

(a) Criminal background check;

(b) The nature of the crime;

(c) The facts that support the conviction or pending indictment or that indicates the making of any false statement;

(d) The relevancy, if any, of the crime or the false statement to the specific requirements of applicant's or licensee's present or proposed license, services, employment, position, or permit;

(e) Any refusal to submit or consent to a criminal background check including, but not limited to, fingerprint identification;

(f) Any other pertinent information requested or obtained as a part of an investigation;

(g) Intervening circumstances relevant to the responsibilities and circumstances of the position, services, employment, license, or permit. Intervening circumstances include but are not limited to:

(A) The passage of time since the commission of the crime;

(B) The age of the subject individual at the time of the crime;

(C) The likelihood of a repetition of offenses or of the commission of another crime:

(D) The subsequent commission of another relevant crime;

(E) Whether the conviction was set aside and the legal effect of setting aside the conviction; and

(F) A recommendation of an employer.

(8) The Board may consider any conviction of any violation of the law for which the court could impose a punishment and in compliance with ORS 670.280. The Board may also consider any arrests, court records, Department of Motor Vehicle records, or other information that may be indicative of a person's inability to perform as a licensee with care and safety to the public.

(9) If an applicant or licensee is determined not to be professionally fit for a license, the applicant or licensee is entitled to a contested case process pursuant to ORS 183.413–183.470. Challenges to the accuracy of completeness of information provided by the Oregon Department of State Police, Federal Bureau of Investigation and agencies reporting information must be made through the Oregon Department of State Police, Federal Bureau of Investigation, or reporting agency and not through the contested case process pursuant to ORS 183. If an individual successfully contests the accuracy or completeness of information provided by the Oregon State Police, the FBI or other reporting agency, the Board must conduct a new criminal background check upon submission of a new request.

(10) If the applicant discontinues the application process or fails to cooperate with the criminal background check process, the application is considered incomplete.

Board of Medical Imaging
Chapter 337

Rule Caption: Waiver process for persons without proper credential to perform computed tomography.
Adm. Order No.: BMI 1-2015
Filed with Sec. of State: 3-10-2015
Certified to be Effective: 3-10-15
Notice Publication Date: 12-1-2014
Rules Amended: 337-010-0011
Rules Repealed: 337-010-0011(T)
Subject: This waiver provision will enable the Board of Medical Imaging to allow, on a case-by-case basis, an imaging technologist who does not have an ARRT credential or, beginning in 2017, who has an ARRT credential but lacks the required computed tomography (CT) sub-specialty credential, to perform diagnostic computed tomography. In cases where it can be demonstrated that a technologist is competent to perform CT and where the technologist's availability to perform CT in rural hospitals is required by the hospital, this rule will allow the Board to waive the credential requirement.
Rules Coordinator: Ed Conlow—(971) 673-0216

337-010-0011
Qualifications of Computed Tomography Equipment Operators and Merged Technology Equipment Operators' Licensing

(1) Through December 31, 2016, an individual who operates computed tomography equipment for diagnosis must be credentialed by the American Registry of Radiologic Technologists in Computed Tomography (CT) or in Radiography with training in the operation of CT equipment in accordance with applicable RPS rules; currently OAR 333-106-0370 (x-ray) and 333-116-0880 (NM).

(2) Through December 31, 2016, in addition to qualifications to operate radiation therapy devices, Radiation Therapists operating CT for treatment planning must submit evidence of completion of a minimum of twelve (12) hours training in the use of computed tomography from an approved source as determined by the board.

(3) Through December 31, 2016, Nuclear Medicine Technologists who perform non-diagnostic attenuation CT exams with a hybrid scanner such as PET/CT, SPECT/CT or new emerging hybrid scanners must meet the training requirements in accordance with OAR 333-116-0880.

(4) Through December 31, 2016, in addition to qualifications to operate radionuclide imaging devices, Nuclear Medicine technologists may be granted a CT Technologist operator's license to perform diagnostic CT examinations if the following requirements are met:

(a) Credentialing by the American Registry of Radiologic Technologists in Computed Tomography, or

(b) The Board may grant authorization to allow Nuclear Medicine Technologists who are enrolled in a CT training program to perform diagnostic CT exams with direct supervision after they have completed a Board approved didactic training program that will allow the student to perform the ARRT required number of CT exams to sit for the ARRT (CT) exam. The authorization will be effective for 3 consecutive academic terms, and will expire automatically unless the Board is presented with evidence of passing the ARRT (CT) exam.

(5) Diagnostic Computed Tomography: On or after January 1, 2017, a licensee who operates computed tomography (CT) equipment, including cone beam CT, for diagnosis must be credentialed in Computed Tomography (CT) by either the American Registry of Radiologic Technologists or the Nuclear Medicine Technology Certification Board or have an active temporary CT license issued by OBMI.

(6) Computed Tomography/Nuclear Medicine Hybrid Imaging: On or after January 1, 2017, a positron Emission-Computed Tomography (PET/CT) or Single Photon Emission-Computed Tomography (SPECT/CT)

systems must be operated by technologists licensed by the Oregon Board of Medical Imaging.

(a) On or after January 1, 2017, a registered radiographer with the credential R.T. (R), or a registered radiation therapist with the credential R.T. (T) may only operate CT for attenuation, not for diagnostic purposes. They may operate the diagnostic portion of the CT hybrid imager if they hold a CT credential from ARRT, or have an active temporary CT license issued by OBMI.

(b) On or after January 1, 2017, registered certified nuclear medicine technologists with the active credentials R.T. (N) or CNMT (NMTCB) may operate SPECT and PET with non-diagnostic CT and the attenuation correction portion of the hybrid imager. Certified Nuclear Medicine technologists may operate the diagnostic portion of the CT scanner if they hold a CT credential or have an active temporary CT license issued by OBMI.

(7) Computed Tomography for Radiation Therapy Treatment Planning Purposes: On or after January 1, 2017, a licensee who operates CT equipment for radiation therapy treatment planning purposes must be credentialed in Radiation Therapy or CT by the ARRT.

(8) On a case-by-case basis, the board may waive a credential requirement of this rule for a licensed technologist, based upon the board's determination that the following two conditions are met:

(a) The licensee seeking a waiver:

(A) Has substantial experience, as determined by the board, practicing computed tomography; and

(B) Seeks to perform computed tomography as an employee or contractor of a specified rural hospital, as defined in ORS 442.470; and

(C) Under state sponsorship, passes a computed tomography examination by a registry recognized by the board; and

(D) Must have completed and documented vendor-provided applications training specific to any CT machine the waiver applicant will work on; and

(E) Must have completed a minimum of 16 hours in structured CT education requirements within the 24 months prior to applying for the waiver.

(F) Meets clinical experience requirements as specified in the waiver.

(G) Must have completed five supervised diagnostic-quality repetitions of any anatomic area that the waiver recipient will image with computed tomography. The waiver will only cover images of anatomic areas for which the waiver recipient has met this requirement. Supervision must be provided by a licensed technologist with a CT registry credential recognized by the board.

(b) Failure to grant the waiver would result in a substantial shortage in the rural hospital's ability to deliver necessary health services to the community.

(9) The board may prescribe terms of the waiver, including but not limited to time duration of the waiver, supervisory requirements, and clinical experience requirements. The waiver may include deadlines for completing specified requirements included in the waiver. The board may grant a preliminary waiver conditioned upon the waiver applicant's completion of all board-specified waiver requirements within no more than 60 days from the time the applicant submits an initial waiver request to the Board.

Department of Agriculture
Chapter 603

Rule Caption: Amends bovine trichomoniasis rules for clarification and for harmonization with national standards.
Adm. Order No.: DOA 5-2015
Filed with Sec. of State: 2-23-2015
Certified to be Effective: 2-23-15
Notice Publication Date: 1-1-2015

Rules Amended: 603-011-0610, 603-011-0615, 603-011-0620, 603-011-0630

Subject: Bovine Trichomoniasis is a sexually transmitted parasitic infection caused by the microscopic protozoan Tritrichomonas foetus. Primarily, infected bulls that do not exhibit symptoms spread the disease. Infection causes reproductive failure resulting in significant monetary losses to the beef industry. Oregon's bovine trichomoniasis import and disease control rules are included in OAR 603-011-0610 through 0630. There have been advances in laboratory testing technology and a significant increase in knowledge of the disease. Additionally, there is a national effort to harmonize interstate testing requirements on bulls. For these reasons we decided to update definitions, clarify testing procedures, and amend importation requirements.

The quantitative polymerase chain reaction (qPCR) test is the preferred laboratory diagnostic test nationally. It is a particular category of test with multiple companies manufacturing kits, machines, and reagents. The qPCR test will be the defining test for importation purposes, and the status age for virgin bulls has been increased to 18 months of age. Specific references to trade names in the rules have been removed. The rule clarifies that trichomoniasis testing must be performed by a certified veterinarian, instead of the previous language, which referred to a certified person. The final rule harmonizes Oregon's rules with the majority of the states.

Rules Coordinator: Sue Gooch—(503) 986-4583

Importation Requirements

In addition to an import permit and other disease control requirements, the following requirements must be met regarding bovine trichomoniasis.

(1) Any non-virgin bull of any age with known breeding contact with female cattle or each bull 18 months of age and over shall have all of the following:

(a) Individual negative qPCR trichomoniasis test results within 60 days preceding entry into Oregon performed by a certified veterinarian at an official laboratory and

(b) A Certificate of Veterinary Inspection that states:

(A) The bulls represented on this Certificate of Veterinary Inspection have been tested for and found to be negative for trichomoniasis pursuant to subsection (1)(a) above and have been confined and have not had sexual contact with females since their last negative test; and

(B) Trichomoniasis has not been diagnosed in the herd of origin within the past 24 months and

(c) Permanent identification

(2) Any bull originating from a herd in which trichomoniasis has been diagnosed within the past 24 months shall have all of the following:

(a) Three (3) consecutive negative trichomoniasis culture tests conducted at least seven (7) days apart, but not more than 28 days apart, or one (1) negative qPCR Assay with the last test conducted within 60 days preceding entry; and

(b) A Certificate of Veterinary Inspection that states that the requirements, set forth in subsection (2)(a) above, have been met; and

(c) Permanent identification.

(3) All breeding bulls, 18 months of age and over, entering Oregon as part of a herd that has an authorized Out-of-State Grazing permit pursuant to section 603-011-0264, do not require a Certificate of Veterinary Inspection but are required to have one negative qPCR trichomoniasis test within the 12 months preceding entry. However, all bulls from a herd in which trichomoniasis has been diagnosed within the past 24 months must comply with (2)(a) above to qualify the herd for an Out-of-State Grazing permit. All Out-of-State Grazing permits shall include an attached copy of the test record, that includes the permanent identification number of the bull(s) tested and the name and telephone number of the testing certified veterinarian.

(4) Bulls may be exempt from the trichomoniasis test requirements for entry into Oregon under any one or all of the following conditions:

(a) Used solely for exhibition purposes and remain under confinement at the location of the exhibition without having access to or allowed to commingle with sexually mature female cattle; or

(b) Used solely for artificial insemination using semen extension and preservation protocols that meet Certified Semen Services standards; or

(c) Consigned directly to slaughter without unloading before the arrival at the slaughter plant.

603-011-0620
Procedures

(1) The Department shall establish a Bovine Trichomoniasis Advisory Panel, whose membership shall be:

(a) Five voting members who are representatives of the cattle industry, recommended by the Animal Health Committee of the Oregon Cattlemen's Association; and

(b) Four non-voting advisory members who are; the OSU Extension Veterinarian, two practicing veterinarians appointed by the Advisory Panel, and one representative of the office of the ODA State Veterinarian.

(2) Duties of the Advisory Board shall be to:

(a) Advise the Department on management of issues related to the program; and

(b) Advise the Department on preferred policies and processes for resolution of disputes related to the program.

(3) Certified veterinarians, as described in 603-011-0630, must report a positive test result of Tritrichomonas foetus to the Department on a form supplied by the Department within 24 hours of determining the result.

(4) In response to a positive bovine trichomoniasis test the Department shall:

(a) Conduct an investigation to identify herds that were potentially exposed to the infected herd.

(b) Require that any further bovine trichomoniasis testing be performed by a certified veterinarian, and accept the results of a retest by a certified veterinarian, if the original test was performed by a non-certified veterinarian; and

(c) Require permanent identification and testing of all bulls, excepting virgin bulls, in the test-positive herd and exposed herds.

(5) All bulls in herds required to be tested must be withdrawn from breeding contact and tested between 14 and 90 days after withdrawal.

(6) All bulls in test-positive herds must each have three consecutive negative culture test results with each test event separated by at least seven days and no more than 28 days, or one (1) negative qPCR Assay result completed at least seven (7) days after initial diagnosis is made. Bulls that have a positive test result shall be considered infected and be handled as described in 603-011-0620(8).

(a) Test-positive herds with valid Out-of–State Permit will have all bulls restricted in place until negative test results are complete as described

in (6) above. Bulls that have a positive test result shall be considered infected and be handled as described in 603-011-0620(8); or

(b) Return all herdmate bulls from Out-of-State Permit affected herds to their state of origin to complete negative trichomoniasis testing as described in (6) above. The Department shall release the herdmate bulls from restriction when the State Veterinarian from the state of origin notifies the Department that the required testing is complete. Test-positive bulls shall not return.

(c) Out-of-State Permit herds exposed to trichomoniasis will have all bulls restricted in place until one negative trichomoniasis qPCR test is complete. Any cattle determined to be infected will be restricted and the herd status will be changed to a test-positive herd and subject to the requirements of subsection (6)(a) or (b); or

(d) Return all herdmate bulls to their state of origin to complete one negative qPCR trichomoniasis test. The Department shall release the herdmate bulls from restriction when the State Veterinarian from the state of origin notifies the Department that the required testing is complete. Any bull that has a positive test result shall cause the herd to be classified as test-positive and treated as in (6)(a) or (b).

(7) All bulls from a test-positive herd must be re-tested every trich-year until every remaining bull tests negative during the same test period.

Rule Caption: Limitation on the use of discretionary clauses in insurance contracts.
Adm. Order No.: ID 2-2015
Filed with Sec. of State: 3-12-2015
Certified to be Effective: 3-12-15
Notice Publication Date: 1-1-2015
Rules Adopted: 836-010-0026
Subject: This new rule, OAR 836-010-0026 defines discretionary clause and prohibits an insurer from including a discretionary clause in an insurance policy, contract, or agreement that would grant deference to the insurer in proceedings subsequent to the insurer's decision, denial, or interpretation of terms, coverage, or eligibility for benefits.

This rule is applicable on and after March 12, 2015 to any new or renewal of an insurance policy, contract, or agreement in Oregon.
Rules Coordinator: Jenny Craig—(503) 947-7484

836-010-0026
Prohibition on the Use of Discretionary Clauses

(1)(a) As used in this rule, "discretionary clause" means a policy provision that purports to bind the claimant, or to grant deference to the insurer, in proceedings subsequent to the insurer's decision, denial or interpretation of terms, coverage or eligibility for benefits. "Discretionary clause" includes a policy provision that provides any of the following:

(A) An insured or other claimant may not appeal a denial of a claim;

(B) The insurer's decision to deny coverage is binding upon a policyholder or other claimant or is otherwise entitled to deference upon appeal or review;

(C) On appeal or review the insurer's decision-making power as to coverage is binding or otherwise entitled to deference;

(D) The insurer's interpretation of the terms of a policy is binding upon a policyholder or other claimant or is otherwise entitled to deference;

(E) On appeal the insurer's interpretation of the terms of a policy is binding or is otherwise entitled to deference;

(F) A legal standard of review on appeal that gives deference to the original claim decision, or gives rise to such legal standard of review; or

(G) The insurer has sole discretion to determine whether a claim is compensable or its interpretation of the provisions of the policy is entitled to deference in a subsequent proceeding.

(b) Nothing in this section prohibits a carrier from including a provision in a contract that informs an insured that as part of its routine operations the carrier applies the terms of its contracts for making decisions, including making determination regarding eligibility, receipt of benefits and claims or explaining its policies, procedures and processes.

(2) A policy, contract or agreement offered or issued in this state by an insurer to provide, deliver, arrange for, pay for or reimburse claim costs may not contain a discretionary clause or other language purporting to reserve discretion to the insurer to interpret the terms of the contract, or to provide standards of interpretation or review that are inconsistent with the laws of this state.

(3) This rule does not prevent a policy provision that addresses alternative dispute resolution as allowed by law.

(4) This rule is self-executing. The rule applies to policies, contracts and agreements issued or renewed on or after the date the rule is adopted. If a policy, contract or agreement is renewed and contains a provision rendered void and unenforceable by this rule, the parties to the policy, contract or agreement and the courts shall treat that provision as void and unenforceable.

(34) "Report" means medical information transmitted in written form containing relevant subjective or objective findings. Reports may take the form of brief or complete narrative reports, a treatment plan, a closing examination report, or any forms as prescribed by the director.

(35) "Residual functional capacity" means a patient's remaining ability to perform work-related activities. A residual functional capacity evaluation includes, but is not limited to, capability for lifting, carrying, pushing, pulling, standing, walking, sitting, climbing, balancing, bending/stooping, twisting, kneeling, crouching, crawling, and reaching, and the number of hours per day the patient can perform each activity.

(36) "Specialist physician" means a licensed physician who qualifies as an attending physician and who examines a patient at the request of the attending physician or authorized nurse practitioner to aid in evaluation of disability, diagnosis, or provide temporary specialized treatment. A specialist physician may provide specialized treatment for the compensable injury or illness and give advice or an opinion regarding the treatment being rendered, or considered, for a patient's compensable injury.

(37) "Type A attending physician" means an attending physician under ORS 656.005(12)(b)(A). See Appendix F, "Matrix for Health Care Provider Types".

(38) "Type B attending physician" means an attending physician under ORS 656.005(12)(b)(B). See Appendix F. "Matrix for Health Care Provider Types".

(39) "Usual fee" means the medical provider's fee charged to the general public for a given service.

(40) "Work capacity evaluation" means a physical capacity evaluation with special emphasis on the ability to perform a variety of vocationally oriented tasks based on specific job demands. Work Tolerance Screening has the same meaning as Work Capacity Evaluation.

(41) "Work hardening" means an individualized, medically prescribed and monitored, work-oriented treatment process. The process involves the patient participating in simulated or actual work tasks that are structured and graded to progressively increase physical tolerances, stamina, endurance, and productivity to return the patient to a specific job.

Request for Review by the Director

(1) General.

(a) Administrative review before the director:

(A) Except as otherwise provided in ORS 656.704, the director has exclusive jurisdiction to resolve all disputes concerning medical fees, nonpayment of compensable medical bills, and medical service and treatment disputes arising under ORS 656.245, 656.247, 656.248, 656.260, 656.325, and 656.327. Disputes about whether a medical service provided after a worker is medically stationary is compensable within the meaning of ORS 656.245(1)(c), or whether a medical treatment is unscientific, unproven, outmoded, or experimental under ORS 656.245(3), are subject to administrative review before the director.

(B) A party does not need to be represented to participate in the administrative review before the director.

(C) Any party may request that the director provide voluntary mediation or alternative dispute resolution after a request for administrative review or hearing is filed.

(b) Except for disputes regarding interim medical benefits under ORS 656.247, when there is a formal denial of the compensability of the underlying claim, or a denial of the causal relationship between the medical service or treatment and the accepted condition or the underlying condition, the parties may file a request for hearing with the Hearings Division of the Workers' Compensation Board to resolve the compensability issue.

(2) Time Frames and Conditions.

(a) The following time frames and conditions apply to requests for administrative review before the director under this rule:

(b) For MCO-enrolled claims, a party that disagrees with an action or decision of the MCO must first use the MCO's dispute resolution process. If the party does not appeal the MCO's decision using the MCO's dispute resolution process, in writing and within 30 days of the mailing date of the decision, the party will lose all rights to further appeal the decision absent a showing of good cause. When the aggrieved party is a represented worker, and the worker's attorney has given written notice of representation to the insurer, the 30-day time frame begins when the attorney receives written notice or has actual knowledge of the MCO decision.

(c) For MCO-enrolled claims, if a party disagrees with the final action or decision of the MCO, the aggrieved party must request administrative review before the director within 60 days of the MCO's final decision. When the aggrieved party is a represented worker, and the worker's attorney has given written notice of representation to the insurer, the 60-day time frame begins when the attorney receives written notice or has actual knowledge of the dispute. If a party has been denied access to the MCO dispute resolution process, or the process has not been completed for reasons beyond a party's control, the party may request director review within 60 days of the failure of the MCO process. If the MCO does not have a process for resolving a particular type of dispute, the insurer or the MCO must

advise the medical provider or worker that they may request review before the director.

(d) For claims not enrolled in an MCO, or for disputes that do not involve an action or decision of an MCO:

(A) A worker must request administrative review before the director within 90 days of the date the worker knew, or should have known, there was a dispute over the provision of medical services. If the worker is represented, and the worker's attorney has given notice of representation to the insurer, the 90 day time frame begins when the attorney receives written notice or has actual knowledge of the dispute.

(B) A medical provider must request administrative review within 90 days of the mailing date of the most recent explanation of benefits or a similar notification the provider received regarding the disputed service or fee. Rebillings without any relevant changes will not provide a new 90 day period to request administrative review.

(C) An insurer must request administrative review within 90 days of the date action on the bill was due under OAR 436-009-0030.

(D) For disputes regarding interim medical benefits on denied claims, the date the insurer should have known of the dispute is no later than one year from the claim denial, or 45 days after the bill is perfected, whichever occurs last. A request for administrative review under this rule may also be filed as prescribed in OAR chapter 438, division 005.

(e) Within 180 days of the date a bill is paid, an insurer may request a refund from a provider for any amount it determines was overpaid for a compensable medical service. If the provider does not respond to the request, or disagrees that a service was overpaid, the insurer may request director review within 90 days of requesting the refund.

(f) Medical provider bills for treatment or services that are under review before the director are not payable during the review.

(3) Form and Required Information.

(a) Requests for administrative review before the director should be made on Form 2842 as described in Bulletin 293. When an insurer or a worker's representative submits a request without the required information, the director may dismiss the request or hold initiation of the administrative review until the required information is submitted. Unrepresented workers may ask the director for help in meeting the filing requirements.

(A) The requesting party must simultaneously notify all other interested parties and their representatives, if known, of the dispute. The notice must: identify the worker's name, date of injury, insurer, and claim number; specify the issues in dispute and the relief sought; and provide the specific dates of the unpaid disputed treatment or services.

(B) If the request for review is submitted by either the insurer or the medical provider, it must state specific codes of services in dispute and include enough documentation to support the request, including copies of original bills, chart notes, bill analyses, operative reports, any correspondence between the parties regarding the dispute, and any other documentation necessary to review the dispute. The insurer or medical provider requesting review must provide all involved parties a copy of: the request for review; any attached supporting documentation; and if known, an indication of whether or not there is an issue of causation or compensability of the underlying claim or condition.

(b) In addition to medical evidence relating to the dispute, all parties may submit other relevant information, including written factual information, sworn affidavits, or legal argument, for incorporation into the record. Such information may also include timely written responses and other evidence to rebut the documentation and arguments of an opposing party. The director may take or obtain additional evidence consistent with statute, such as pertinent medical treatment and payment records. The director may also interview parties to the dispute, or consult with an appropriate committee of the medical provider's peers. When a party receives a written request for additional information from the director, the party must respond within 14 days.

(c) When a request for administrative review is filed under ORS 656.247, the insurer must provide a record packet, at no charge, to the director and all other parties or their representatives as follows:

(A) The packet must include a complete, indexed copy of the worker's medical record and other documents that are arguably related to the medical dispute, arranged in chronological order, with oldest documents on top, and numbered in Arabic numerals in the lower right corner of each page. The number must be preceded by the designation "Ex." and pagination of the multiple page documents must be designated by a hyphen followed by the page number. For example, page two of document 10 must be designated "Ex. 10-2." The index must include the document numbers, description of each document, author, number of pages, and date of the document. The packet must include the following notice in bold type:

We hereby notify you that the director is being asked to review the medical care of this worker. The director may issue an order that could affect reimbursement for the disputed medical service(s).

(B) If the insurer requests review, the packet must accompany the request, with copies sent simultaneously to the other parties.

(C) If the requesting party is other than the insurer, or if the director has initiated the review, the director will request the record from the insurer. The insurer must provide the record within 14 days of the director's request as described in this rule.

(D) If the insurer fails to submit the record in the time and format specified in this rule, the director may sanction the insurer under OAR 436-010-0340.

(4) Dispute Resolution by Agreement (Alternative Dispute Resolution).

(a) A dispute may be resolved by agreement between the parties to the dispute. The agreement must be in writing and approved by the director. The director may issue a letter of agreement instead of an administrative order, which will become final on the 10th day after the letter of agreement is issued unless the agreement specifies otherwise. Once the agreement becomes final, the director may revise the agreement or reinstate the review only under one or more of the following conditions:

(A) A party fails to honor the agreement;

(B) The agreement was based on misrepresentation;

(C) Implementation of the agreement is not feasible because of unforeseen circumstances; or

(D) All parties request revision or reinstatement of the dispute.

(b) Any mediated agreement may include an agreement on attorney fees, if any, to be paid to the worker's attorney.

(5) Director Order and Reconsideration.

(a) The director may, on the director's own motion, reconsider or withdraw any order that has not become final by operation of law. A party also may request reconsideration of an administrative order upon an allegation of error, omission, misapplication of law, incomplete record, or the discovery of new information that could not reasonably have been discovered and produced during the review. The director may grant or deny a request for reconsideration at the director's sole discretion. A request must be mailed to the director before the administrative order becomes final.

(b) During any reconsideration of the administrative order, the parties may submit new material evidence consistent with this rule and may respond to such evidence submitted by others.

(c) Any party requesting reconsideration or responding to a reconsideration request must simultaneously notify all other interested parties of its contentions and provide them with copies of all additional information presented.

(d) Attorney fees in administrative review will be awarded as provided in ORS 656.385(1) and OAR 436-001-0400 through 436-001-0440.

(6) Hearings.

(a) Any party that disagrees with an action or administrative order under these rules may obtain review of the action or order by filing a request for hearing as provided in OAR 436-001-0019 within 30 days of the mailing date of the order under ORS 656.245, 656.248, 656.260, or 656.327, or within 60 days of the mailing date of an order under ORS 656.247. OAR 436-001 applies to the hearing.

(b) In the review of orders issued under ORS 656.245(3) or 656.247, no new medical evidence or issues will be admitted at hearing. In these reviews, an administrative order may be modified at hearing only if it is not supported by substantial evidence in the record or if it reflects an error of law.

(c) Contested case hearings of sanctions and civil penalties: Under ORS 656.740, any party that disagrees with a proposed order or proposed assessment of a civil penalty issued by the director under ORS 656.254 or 656.745 may request a hearing by the Hearings Division of the board as follows:

(A) A written request for a hearing must be mailed to the administrator of the Workers' Compensation Division. The request must specify the grounds upon which the proposed order or assessment is contested.

(B) The request must be mailed to the division within 60 days after the mailing date of the order or notice of assessment.

(C) The division will forward the request and other pertinent information to the board.

(7) Other Proceedings.

(a) Director's administrative review of other actions not covered under sections (1) through (6) of this rule: Any party seeking an action or decision by the director, or any party aggrieved by an action taken by another party, may request administrative review before the director. Any party

may request administrative review as follows:

(b) A written request for review must be sent to the administrator of the Workers' Compensation Division within 90 days of the disputed action and must specify the grounds upon which the action is contested.

(c) The division may require and allow such input and information as it deems appropriate to complete the review.

436-009-0010
Medical Billing and Payment

(1) General.

(a) Only treatment that falls within the scope and field of the medical provider's license to practice will be paid under a workers' compensation claim. Except for emergency services or as otherwise provided for by statute or these rules, treatments and medical services are only payable if approved by the worker's attending physician or authorized nurse practitioner. Fees for services by more than one physician at the same time are payable only when the services are sufficiently different that separate medical skills are needed for proper care.

(b) All billings must include the patient's full name, date of injury, and the employer's name. If available, billings must also include the insurer's claim number and the provider's NPI. If the provider does not have an NPI, then the provider must provide its license number and the billing provider's FEIN. For provider types not licensed by the state, "99999" must be used in place of the state license number. Bills must not contain a combination of ICD-9 and ICD-10 codes.

(c) The medical provider must bill their usual fee charged to the general public. The submission of the bill by the medical provider is a warrant that the fee submitted is the usual fee of the medical provider for the services rendered. The department may require documentation from the medical provider establishing that the fee under question is the medical provider's usual fee charged to the general public. For purposes of this rule, "general public" means any person who receives medical services, except those persons who receive medical services subject to specific billing arrangements allowed under the law that require providers to bill other than their usual fee.

(d) Medical providers must not submit false or fraudulent billings, including billing for services not provided. As used in this section, "false or fraudulent" means an intentional deception or misrepresentation with the knowledge that the deception could result in unauthorized benefit to the provider or some other person. A request for pre-payment for a deposition is not considered false or fraudulent.

(e) When a provider treats a patient with two or more compensable claims, the provider must bill individual medical services for each claim separately.

(f) When rebilling, medical providers must indicate that the charges have been previously billed.

(g) If a patient requests copies of medical bills in writing, medical providers must provide copies within 30 days of the request, and provide any copies of future bills during the regular billing cycle.

(2) Billing Timelines. (For payment timelines see OAR 436-009-0030.)

(a) Medical providers must bill within:

(A) 60 days of the date of service;

(B) 60 days after the medical provider has received notice or knowledge of the responsible workers' compensation insurer or processing agent; or

(C) 60 days after any litigation affecting the compensability of the service is final, if the provider receives written notice of the final litigation from the insurer.

(b) If the provider bills past the timelines outlined in subsection (a) of this section, the provider may be subject to civil penalties as provided in ORS 656.254 and OAR 436-010-0340.

(c) When submitting a bill later than outlined in subsection (a) of this section, a medical provider must establish good cause. Good cause may include, but is not limited to, such issues as extenuating circumstances or circumstances considered outside the control of the provider.

(d) When a provider submits a bill within 12 months of the date of service, the insurer may not reduce payment due to late billing.

(e) When a provider submits a bill more than 12 months after the date of service, the bill is not payable, except when a provision of subsection (2)(a) is the reason the billing was submitted after 12 months.

(3) Billing Forms.

(a) All medical providers must submit bills to the insurer unless a contract directs the provider to bill the managed care organization (MCO).

(b) Medical providers must submit bills on a completed current UB-04 (CMS 1450) or

CMS 1500 except for:

(A) Dental billings, which must be submitted on American Dental Association dental claim forms;

(B) Pharmacy billings, which must be submitted on a current National Council for Prescription Drug Programs (NCPDP) form; or

(C) Electronic billing transmissions of medical bills (see OAR 436-008).

(c) Notwithstanding subsection (3)(a) of this rule, a medical service provider doing an IME may submit a bill in the form or format agreed to by the insurer and medical service provider.

(d) Medical providers may use computer-generated reproductions of the appropriate forms.

(e) Unless different instructions are provided in the table below, the provider should use the instructions provided in the National Uniform Claim Committee 1500 Claim Form Reference Instruction Manual. [Table not included. See ED. NOTE.]

(4) Billing Codes.

(a) When billing for medical services, a medical provider must use codes listed in CPT® 2015 or Oregon specific codes (OSC) listed in OAR 436-009-0060 that accurately describe the service. If there is no specific CPT® code or OSC, a medical provider must use the appropriate HCPCS or dental code, if available, to identify the medical supply or service. If there is no specific code for the medical service, the medical provider must use the unlisted code at the end of each medical service section of CPT® 2015 or the appropriate unlisted HCPCS code, and provide a description of the service provided. A medical provider must include the National Drug Code (NDC) to identify the drug or biological when billing for pharmaceuticals.

(b) Only one office visit code may be used for each visit except for those code numbers relating specifically to additional time.

(5) Modifiers.

(a) When billing, unless otherwise provided by these rules, medical providers must use the appropriate modifiers found in CPT® 2015, HCPCS' level II national modifiers, or anesthesia modifiers, when applicable.

(b) Modifier 22 identifies a service provided by a medical service provider that requires significantly greater effort than typically required. Modifier 22 may only be reported with surgical procedure codes with a global period of 0, 10, or 90 days as listed in Appendix B. The bill must include documentation describing the additional work. It is not sufficient to simply document the extent of the patient's comorbid condition that caused the additional work. When a medical service provider appropriately bills for an eligible procedure with modifier 22, the payment rate is 125% of the fee published in Appendix B, or the fee billed, whichever is less. For all services identified by modifier 22, two or more of the following factors must be present:

(A) Unusually lengthy procedure;

(B) Excessive blood loss during the procedure;

(C) Presence of an excessively large surgical specimen (especially in abdominal surgery);

(D) Trauma extensive enough to complicate the procedure and not billed as separate procedure codes;

(E) Other pathologies, tumors, malformations (genetic, traumatic, or surgical) that directly interfere with the procedure but are not billed as separate procedure codes; or

(F) The services rendered are significantly more complex than described for the submitted CPT®.

(6) Physician Assistants and Nurse Practitioners.

Physician assistants and nurse practitioners must document in the chart notes that they provided the medical service. If physician assistants or

nurse practitioners provide services as surgical assistants during surgery, they must bill using modifier "81."

(7) Chart Notes.

(a) All original medical provider billings must be accompanied by legible chart notes. The chart notes must document the services that have been billed and identify the person performing the service.

(b) Chart notes must not be kept in a coded or semi-coded manner unless a legend is provided with each set of records.

(c) When processing electronic bills, the insurer may waive the requirement that bills be accompanied by chart notes. The insurer remains responsible for payment of only compensable medical services. Medical providers may submit their chart notes separately or at regular intervals as agreed with the insurer.

(8) Challenging the Provider's Bill.

For services where the fee schedule does not establish a fixed dollar amount, an insurer may challenge the reasonableness of a provider's bill on a case by case basis by asking the director to review the bill under OAR 436-009-0008. If the director determines the amount billed is unreasonable, the director may establish a different fee to be paid to the provider based on at least one of, but not limited to, the following: reasonableness, the usual fees of similar providers, fees for similar services in similar geographic regions, or any extenuating circumstances.

(9) Billing the Patient/Patient Liability.

(a) A patient is not liable to pay for any medical service related to an accepted compensable injury or illness or any amount reduced by the insurer according to OAR chapter 436. However, the patient may be liable, and the provider may bill the patient:

(A) If the patient seeks treatment for conditions not related to the accepted compensable injury or illness;

(B) If the patient seeks treatment for a service that has not been prescribed by the attending physician or authorized nurse practitioner, or a specialist physician upon referral of the attending physician or authorized nurse practitioner. This would include, but is not limited to, ongoing treatment by non-attending physicians in excess of the 30-day/12-visit period or by nurse practitioners in excess of the 180-day period, as set forth in ORS 656.245 and OAR 436-010-0210;

(C) If the insurer notifies the patient that he or she is medically stationary and the patient seeks palliative care that is not authorized by the insurer or the director under OAR 436-010-0290;

(D) If an MCO-enrolled patient seeks treatment from the provider outside the provisions of a governing MCO contract; or

(E) If the patient seeks treatment listed in section (12) of this rule after the patient has been notified that such treatment is unscientific, unproven, outmoded, or experimental.

(b) If the director issues an order declaring an already rendered medical service or treatment inappropriate, or otherwise in violation of the statute or administrative rules, the worker is not liable for such services.

(10) Disputed Claim Settlement (DCS).

The insurer must pay a medical provider for any bill related to the claimed condition received by the insurer on or before the date the terms of a DCS were agreed on, but was either not listed in the approved DCS or was not paid to the medical provider as set forth in the approved DCS. Payment must be made by the insurer as prescribed by ORS 656.313(4)(d) and OAR 438-009-0010(2)(g) as if the bill had been listed in the approved settlement or as set forth in the approved DCS, except, if the DCS payments have already been made, the payment must not be deducted from the settlement proceeds. Payment must be made within 45 days of the insurer's knowledge of the outstanding bill.

(11) Payment Limitations.

(a) Insurers do not have to pay providers for the following:

(A) Completing forms 827 and 4909;

(B) Providing chart notes with the original bill;

(C) Preparing a written treatment plan;

(D) Supplying progress notes that document the services billed;

(E) Completing a work release form or completion of a PCE form, when no tests are performed;

(F) A missed appointment "no show" (see exceptions below under section (13) Missed Appointment "No Show"); or

(G) More than three mechanical muscle testing sessions per treatment program or when not prescribed and approved by the attending physician or authorized nurse practitioner.

(b) Mechanical muscle testing includes a copy of the computer printout from the machine, written interpretation of the results, and documentation of time spent with the patient. Additional mechanical muscle testing may be paid for only when authorized in writing by the insurer prior to the testing.

(c) Dietary supplements including, but not limited to, minerals, vitamins, and amino acids are not reimbursable unless a specific compensable dietary deficiency has been clinically established in the patient.

(d) Vitamin B-12 injections are not reimbursable unless necessary for a specific dietary deficiency of malabsorption resulting from a compensable gastrointestinal condition.

(12) Excluded Treatment. The following medical treatments (or treatment of side effects) are not compensable and insurers do not have to pay for:

(a) Dimethyl sulfoxide (DMSO), except for treatment of compensable interstitial cystitis;

(b) Intradiscal electrothermal therapy (IDET);

(c) Surface electromyography (EMG) tests;

(d) Rolfing;

(e) Prolotherapy;

(f) Thermography;

(g) Lumbar artificial disc replacement, unless it is a single level replacement with an unconstrained or semi-constrained metal on polymer device and:

(A) The single level artificial disc replacement is between L3 and S1;

(B) The patient is 16 to 60 years old;

(C) The patient underwent a minimum of six months unsuccessful exercise based rehabilitation; and

(D) The procedure is not found inappropriate under OAR 436-010-0230; and

(h) Cervical artificial disc replacement, unless it is a single level replacement with a semi-constrained metal on polymer or a semi-constrained metal on metal device and:

(A) The single level artificial disc replacement is between C3 and C7;

(B) The patient is 16 to 60 years old;

(C) The patient underwent unsuccessful conservative treatment;

(D) There is intraoperative visualization of the surgical implant level; and

(E) The procedure is not found inappropriate under OAR 436-010-0230.

(13) Missed Appointment (No Show). In general, the insurer does not have to pay for "no show" appointments. However, insurers must pay for "no show" appointments for arbiter exams, director required medical exams, independent medical exams, worker requested medical exams, and closing exams. If the patient does not give 48 hours notice, the insurer must pay the provider 50 percent of the exam or testing fee and 100 percent for any review of the file that was completed prior to cancellation or missed appointment.

Discounts and Contracts

(1) Medical Service Providers and Medical Clinics.

For the purpose of this rule:

(a) "Medical Service Provider" means a person duly licensed to practice one or more of the healing arts.

(b)"Clinic" means a group practice in which several medical service providers work cooperatively.

(2) Discounts.

(a) An insurer may only apply the following discounts to a medical service provider's or clinic's fee:

(A) A fee agreed to under a fee discount agreement that conforms to this rule and has been reported to the director; or

(B) A fee agreed to by the medical service provider or clinic under an MCO contract to cover services provided to a worker enrolled in the MCO.

(b) If the insurer has multiple contracts with a medical service provider or clinic, and one of the contracts is through an MCO for services

provided to an enrolled worker, the insurer may only apply the discount under the MCO's contract.

(c) Any discount under a fee discount agreement cannot be more than 10 percent of the fee schedule amount.

(d) An insurer may not apply a fee discount until the medical service provider or clinic and the insurer have signed the fee discount agreement.

(3) Fee Discount Agreements.

(a) The fee discount agreement between the parties must be on the provider's letterhead and contain all the information listed on Form 3659. Bulletin 352 provides further information. The agreement must include the following:

(A) A statement that the medical service provider or clinic understands and voluntarily agrees with the terms of the fee discount agreement;

(B) The effective and end dates of the agreement;

(C) The discount rate or rates under the agreement;

(D) A statement that the insurer or employer may not direct patients to the provider or clinic, and that the insurer or employer may not direct or manage the care a patient receives;

(E) A statement that the agreement only applies to patients who are being treated for Oregon workers' compensation claims;

(F) A statement that the fee discount agreement may not be amended. A new fee discount agreement must be executed to change the terms between the parties;

(G) A statement that either party may terminate the agreement by providing the other party with 30 days written notice;

(H) The name and address of the singular insurer or self-insured employer that will apply the discounts;

(I) The national provider identifier (NPI) for the provider or clinic; and

(J) Other terms and conditions to which the medical service provider or clinic and the insurer agree and that are consistent with these rules.

(b) Once the fee discount agreement has been signed by the insurer and medical service provider or clinic, the insurer must report the fee discount agreement to the director by completing the director's online form. The following information must be included:

(A) The insurer's name that will apply the discounts under the fee discount agreement;

(B) The medical service provider's or clinic's name;

(C) The effective date of the agreement;

(D) The end date of the agreement;

(E) The discount rate under the agreement; and

(F) An indication that all the terms required under section (3)(a) of this rule are included in the signed fee discount agreement.

(4) Fee Discount Agreement Modifications and Terminations.

(a) When the medical service provider or clinic and the insurer agree to modify an existing fee discount agreement, the parties must enter into a new fee discount agreement.

(b) Either party to the fee discount agreement may terminate the agreement by providing 30 days written notice to the other party. The insurer must report the termination to the director prior to the termination taking effect by completing the director's online form. The following information must be reported:

(A) The insurer's name;

(B) The medical service provider's or clinic's name; and

(C) The termination date of the agreement.

(5) Other Medical Providers.

(a) For the purpose of this rule, "other medical providers" means providers such as hospitals, ambulatory surgery centers, or vendors of medical services and does not include medical service providers or clinics.

(b) The insurer may apply a discount to the medical provider's fee if a written or verbal contract exists.

(c) If the insurer and the medical provider have multiple contracts, only one discount may be applied.

(d) If the insurer has multiple contracts with a provider and one of the contracts is through an MCO for services provided to an enrolled worker, the insurer may only apply the discount under the MCO's contract.

Hospitals

(1) Inpatient.

(a) For the purposes of this rule, hospital inpatient services are those services that are billed with codes "0111" through "0118" in form locator #4 on the UB-04 billing form.

(b) Hospital inpatient bills must include:

(A) For dates of service prior to Oct. 1, 2015, ICD-9-CM codes, and for dates of service on and after Oct. 1, 2015, ICD-10-CM codes;

(B) When applicable, procedural codes;

(C) The hospital's NPI; and

(D) The Medicare Severity Diagnosis Related Group (MS-DRG) code for bills from those hospitals listed in Appendix A.

(c) Unless otherwise provided by contract, the insurer must pay the audited bill for hospital inpatient services by multiplying the amount charged by the hospital's adjusted cost-to-charge ratio (See Bulletin 290). The insurer must pay in-state hospitals not listed in Bulletin 290 at 80 percent of billed charges for inpatient services.

(2) Outpatient.

(a) For the purposes of this rule, hospital outpatient services are those services that are billed with codes "0131" through "0138" in form locator #4 on the UB-04 billing form.

(b) Hospital outpatient bills must, when applicable, include the following:

(A) Revenue codes;

(B) For dates of service prior to Oct. 1, 2015, ICD-9-CM codes, and for dates of service on and after Oct. 1, 2015, ICD-10-CM codes,

(C) CPT® codes and HCPCS codes; and

(D) The hospital's NPI (c) Unless otherwise provided by contract, the insurer must pay for hospital outpatient services as follows: [Table not included. See ED. NOTE.]

(3) Specific Circumstances. When a patient is seen initially in an emergency department and is then admitted to the hospital for inpatient treatment, the services provided immediately prior to admission are considered part of the inpatient treatment. Diagnostic testing done prior to inpatient treatment is considered part of the hospital services subject to the hospital inpatient fee schedule.

(4) Out-of-State Hospitals.

(a) The payment to out-of-state hospitals may be negotiated between the insurer and the hospital.

(b) Any agreement for payment less than the billed amount must be in writing and signed by the hospital and insurer representative.

(c) The agreement must include language that the hospital will not bill the patient any remaining balance and that the negotiated amount is considered payment in full.

(d) If the insurer and the hospital are unable to reach an agreement within 45 days of the insurer's receipt of the bill, either party may bring the issue to the director for resolution. The director may order payment up to the amount billed considering factors such as, but not limited to, reasonableness, usual fees for similar services by facilities in similar geographic areas, case specific services, and any extenuating circumstances.

(5) Calculation of Cost-to-Charge Ratio Published in Bulletin 290.

(a) Each hospital's CMS 2552 form and financial statement is the basis for determining its adjusted cost-to-charge ratio. If a current form 2552 is not available, then financial statements may be used to develop estimated data. If the adjusted cost–to-charge ratio is determined from estimated data, the hospital will receive the lower ratio of either the hospital's last published cost-to-charge ratio or the hospital's cost-to-charge ratio based on estimated data.

(b) The basic cost-to-charge ratio is developed by dividing the total net expenses for allocation shown on Worksheet A, and as modified in subsection (c), by the total patient revenues from Worksheet G-2.

(c) The net expenses for allocation derived from Worksheet A is modified by adding, from Worksheet A-8, the expenses for:

(A) Provider-based physician adjustment;

(B) Patient expenses such as telephone, television, radio service, and other expenses determined by the department to be patient-related expenses; and

(C) Expenses identified as for physician recruitment.

(d) The basic cost-to-charge ratio is further modified to allow a factor for bad debt and the charity care provided by each hospital. The adjustment for bad debt and charity care is calculated in two steps. Step one: Add the dollar amount for net bad debt to the dollar amount for charity care. Divide this sum by the dollar amount of the total patient revenues, from Worksheet G-2, to compute the bad debt and charity ratio. Step two: Multiply the bad debt and charity ratio by the basic cost-to-charge ratio calculated in subsection (5)(b) to obtain the factor for bad debt and charity care.

(e) The basic cost-to-charge ratio is further modified to allow an adequate return on assets. The director will determine a historic real growth rate in the gross fixed assets of Oregon hospitals from the audited financial statements. This real growth rate and the projected growth in a national fixed weight price deflator will be added together to form a growth factor.

This growth factor will be multiplied by the total fund balance, from Worksheet G of each hospital's CMS 2552 to produce a fund balance amount. The fund balance amount is then divided by the total patient revenues from Worksheet G-2, to compute the fund balance factor.

(f) The factors resulting from subsections (5)(d) and (5)(e) of this rule is added to the ratio calculated in subsection (5)(b) of this rule to obtain the adjusted cost-to-charge ratio. In no event will the adjusted cost-to-charge ratio exceed 1.00.

(g) The adjusted cost-to-charge ratio for each hospital will be revised annually, at a time based on their fiscal year, as described by bulletin. Each hospital must submit a copy of its CMS 2552 and financial statements each year within 150 days of the end of the hospital's fiscal year to the Information Technology and Research Section, Department of Consumer and Business Services. The adjusted cost-to-charge ratio schedule will be published by bulletin twice yearly, effective for the six-month period beginning April 1 and the six-month period beginning October 1.

(h) For newly formed or established hospitals for which no CMS 2552 has been filed or for which there is insufficient data, or for those hospitals that do not file Worksheet G-2 with the submission of their CMS 2552, the division determines an adjusted cost–to-charge ratio for the hospital based upon the adjusted cost to charge ratios of a group of hospitals of similar size or geographic location.

(i) If the financial circumstances of a hospital unexpectedly or dramatically change, the division may revise the hospital's adjusted cost-to-charge ratio to allow equitable payment.

(j) If audit of a hospital's CMS 2552 by the CMS produces significantly different data from that obtained from the initial filing, the division may revise the hospital's adjusted cost-to-charge ratio to reflect the data developed subsequent to the initial calculation.

(k) Notwithstanding subsections (1)(c), (2)(b), and (2)(c) of this rule, the director may exclude rural hospitals from imposition of the adjusted cost-to-charge ratio based upon a determination of economic necessity. The rural hospital exclusion will be based on the financial health of the hospital reflected by its financial flexibility index. All rural hospitals having a financial flexibility index at or below the median for critical access hospitals nationwide qualify for the rural exemption. Rural hospitals that are designated as critical access hospitals under the Oregon Medicare Rural Hospital Flexibility Program are automatically exempt from imposition of the adjusted cost-to-charge ratio.

436-009-0023

Ambulatory Surgery Center (ASC)

(1) Billing Form.

(a) The ASC must submit bills on a completed, current CMS 1500 form (see OAR 436-009-0010(3)) unless the ASC submits medical bills electronically. Computer-generated reproductions of the CMS 1500 form may also be used.

(b) The ASC must add a modifier "SG" in box 24D of the CMS 1500 form to identify the facility charges.

(2) ASC Facility Fee.

(a) The following services are included in the ASC facility fee and the ASC may not receive separate payment for them:

(A) Nursing, technical, and related services;

(B) Use of the facility where the surgical procedure is performed;

(C) Drugs and biologicals designated as packaged in Appendix D, surgical dressings, supplies, splints, casts, appliances, and equipment directly related to the provision of the surgical procedure;

(D) Radiology services designated as packaged in Appendix D;

(E) Administrative, record-keeping, and housekeeping items and services;

(F) Materials for anesthesia;

(G) Supervision of the services of an anesthetist by the operating surgeon; and

(H) Packaged services identified in Appendix C or D.

(b) The payment for the surgical procedure (i.e., the ASC facility fee) does not include physician's services, laboratory, X-ray, or diagnostic procedures not directly related to the surgical procedures, prosthetic devices, orthotic devices, durable medical equipment (DME), or anesthetists' services.

(3) ASC Billing.

(a) The ASC should not bill for packaged codes as separate line-item charges when the payment amount says "packaged" in Appendices C or D.

(b) When the ASC provides packaged services (see Appendices C and D) with a surgical procedure, the billed amount should include the charges for the packaged services.

(c) For the purpose of this rule, an implant is an object or material inserted or grafted into the body. When the ASC's cost for an implant is $100 or more, the ASC may bill for the implant as a separate line item. The ASC must provide the insurer a receipt of sale showing the ASC's cost of the implant.

(4) ASC Payment.

(a) Unless otherwise provided by contract, insurers must pay ASCs for services according to this rule.

(b) Insurers must pay for surgical procedures (i.e., ASC facility fee) and ancillary services the lesser of:

(A) The maximum allowable payment amount for the HCPCS code found in Appendix C for surgical procedures, and in Appendix D for ancillary services integral to a surgical procedure; or

(B) The ASC's usual fee for surgical procedures and ancillary services.

(c) When more than one procedure is performed in a single operative session, insurers must pay the principal procedure at 100 percent of the maximum allowable fee, and the secondary and all subsequent procedures at 50 percent of the maximum allowable fee. A diagnostic arthroscopic procedure performed preliminary to an open operation is considered a secondary procedure and should be paid accordingly. The multiple surgery discount described in this section does not apply to codes listed in Appendix C with an "N" in the "Subject to Multiple Procedure Discounting" column.

(d) The table below lists packaged surgical codes that ASCs may perform without any other surgical procedure. In this case do not use Appendix C to calculate payment, use the rates listed below instead. [Appendix not included. See ED. NOTE.]

(e) When the ASC's cost of an implant is more than $100, insurers must pay for the implants at 110 percent of the ASC's actual cost documented on a receipt of sale and not according to Appendix D or E.

(f) When the ASC's cost of an implant is less than $100, insurers are not required to pay separately for the implant. An implant may consist of several separately billable components, some of which may cost less than $100. For payment purposes, insurers must add the costs of all the components for the entire implant and use that total amount to calculate payment for the implant.

(g) The insurer does not have to pay the ASC when the ASC provides services to a patient who is enrolled in a managed care organization (MCO) and:

(A) The ASC is not a contracted facility for the MCO;

(B) The MCO has not pre-certified the service provided; or

(C) The surgeon is not an MCO panel provider.

(A) The insurer will reimburse claim-related services paid by the worker; and

(B) The worker has two years to request reimbursement.

(b) The worker must request reimbursement from the insurer in writing. The insurer may require reasonable documentation such as a sales slip, receipt, or other evidence to support the request. The worker may use Form 3921 — Request for Reimbursement of Expenses.

(c) Insurers must date stamp requests for reimbursement on the date received.

(d) The insurer or its representative must provide a written explanation to the worker for each type of out-of-pocket expense (mileage, lodging, medication, etc.) being paid or denied.

(e) The explanation to the worker must be in 10 point size font or larger and must include:

(B) The specific reason for non-payment, reduced payment, or discounted payment for each itemized out-of-pocket expense the worker submitted for reimbursement;

(C) An Oregon or toll-free phone number for the insurer or its representative, and a statement that the insurer or its representative must respond to a worker's reimbursement question within 48 hours, excluding weekends and legal holidays;

If you are not satisfied with the response you receive, you may request administrative review by the Director of the Department of Consumer and Business Services. Your request for review must be made within 90 days of the mailing date of this explanation. To request review, sign and date in the space provided, indicate what you believe is incorrect about the payment, and mail this document with the required supporting documentation to the Workers' Compensation Division, Medical Resolution Team, PO Box 14480, Salem, OR 97309-0405. Or you may fax the request to the director at 503-947-7629. You must also send a copy of the request to the insurer. You should keep a copy of this document for your records."

(f) According to ORS 656.325(1)(f) and OAR 436-060-0095(5)(f), when a worker attends an independent medical examination (IME), the insurer must reimburse the worker for related costs regardless of claim acceptance, deferral, or denial.

(2) Timeframes.

(a) The worker must submit a request for reimbursement of claim-related costs by whichever date is later:

(A) Two years from the date the costs were incurred or

(B) Two years from the date the claim or medical condition is finally determined compensable.

(b) If the worker requests reimbursement after two years as listed in subsection (a), the insurer may disapprove the reimbursement request.

(c) On accepted claims the insurer must, within 30 days of receiving the reimbursement request:

(A) Reimburse the worker if the request shows the costs are related to the accepted claim;

(B) Disapprove the request if unreasonable or if the costs are not related to the accepted claim; or

(C) Request additional information from the worker to determine if costs are related to the accepted claim. If additional information is needed, the time needed to obtain the information is not counted in the 30-day time frame for the insurer to issue reimbursement.

(d) When the insurer receives a reimbursement request before claim acceptance, and the claim is ultimately accepted, by whichever date is later the insurer must:

(A) Within 30 days of receiving the reimbursement request: reimburse the worker if the request shows the costs are related, disapprove the request if unreasonable or if the costs are not related, or request additional information. If additional information is needed, the time needed to obtain the information is not counted in the 30-day time frame for the insurer to issue reimbursement; or

(B) Within 14 days of claim acceptance: reimburse the worker if the request shows the costs are related, disapprove the request if unreasonable or if the costs are not related, or request additional information. If additional information is needed, the time needed to obtain the information is not counted in the 14-day time frame for the insurer to issue reimbursement.

(e) In a claim for aggravation or a new medical condition, reimbursement requests are not due and payable until the aggravation or new medical condition is accepted.

(f) If the claim is denied, requests for reimbursement must be returned to the worker within 14 days, and the insurer must retain a copy.

(3) Meal and Lodging Reimbursement.

(a) Meal reimbursement is based on whether a meal is reasonably required by necessary travel to a claim-related appointment.

(b) Lodging reimbursement is based on the need for an overnight stay to attend an appointment.

(c) Meals and lodging are reimbursed at the actual cost or the rate published in Bulletin 112, whichever is less. Lodging reimbursement may exceed the maximum rate published in Bulletin 112 when special lodging is required or when the worker is unable to find lodging at or below the maximum rate within 10 miles of the appointment location.

(4) Travel Reimbursement.

(a) Insurers must reimburse workers for actual and reasonable costs for travel to medical providers paid by the worker under ORS 656.245(1)(e), 656.325, and 656.327.

(b) The insurer may limit worker reimbursement for travel to an attending physician if the insurer provides a prior written explanation and a written list of attending physicians that are closer for the worker, of the same specialty, and who are able and willing to provide similar medical services to the worker. The insurer may limit worker reimbursement for travel to an authorized nurse practitioner if the insurer provides a prior written explanation and a written list of authorized nurse practitioners that are closer for the worker, of the same specialty, and who are able and willing to provide similar medical services to the worker. The insurer must inform the worker that he or she may continue treating with the established attending physician or authorized nurse practitioner; however, reimbursement of transportation costs may be limited to the distance from the worker's home to a provider on the written list.

(c) Within a metropolitan area the insurer may not limit worker reimbursement for travel to an attending physician or authorized nurse practitioner even if there are medical providers closer to the worker.

(d) Travel reimbursement dispute decisions will be based on principles of reasonableness and fairness within the context of the specific case circumstances as well as the spirit and intent of the law.

(e) Personal vehicle mileage is the reasonable actual distance based on the beginning and ending addresses. The mileage reimbursement is limited to the rate published in Bulletin 112.

(f) Public transportation or, if required, special transportation will be reimbursed based on actual cost.

(5) Other Reimbursements.

(a) The insurer must reimburse the worker for other claim-related expenses based on actual cost. However, reimbursement for hearing aids is limited to the amounts listed in OAR 436-009-0080.

(b) For prescription medications, the insurer must reimburse the worker based on actual cost. When a provider prescribes a brand-name drug, pharmacies must dispense the generic drug (if available), according to ORS 689.515. When a worker insists on receiving the brand-name drug, and the prescribing provider has not prohibited substitution, the worker must either pay the total cost of the brand-name drug out of pocket or pay the difference between the cost of the brand-name drug and generic to the pharmacy. The worker may then request reimbursement from the insurer. However, if the insurer has previously notified the worker in writing that the worker is liable for the difference between the generic and brand-name drug, the insurer only has to reimburse the worker the generic price of the drug.

(c) For IMEs, child care costs are reimbursed at the rate prescribed by the State of Oregon Department of Human Services.

(d) Home health care provided by a worker's family member is not required to be under the direct control and supervision of the attending physician. A worker may receive reimbursement for such home health care services only if the family member demonstrates competency to the satisfaction of the worker's attending physician.

(6) Advancement Request. If necessary to attend a medical appointment, the worker may request an advance for transportation and lodging expenses. Such a request must be made to the insurer in sufficient time to allow the insurer to process the request.

436-009-0030
Insurer's Duties and Responsibilities

(1) General.

(a) The insurer must pay for medical services related to a compensable injury claim, except as provided by OAR 436-060-0055.

(b) The insurer, or its designated agent, may request from the medical provider any and all necessary records needed to review accuracy of billings. The medical provider may charge an appropriate fee for copying documents under OAR 436-009-0060. If the evaluation of the records must be conducted on-site, the provider must furnish a reasonable work-site for the records to be reviewed at no cost. These records must be provided or made available for review within 14 days of a request.

(c) The insurer must establish an audit program for bills for all medical services to determine that the bill reflects the services provided, that appropriate prescriptions and treatment plans are completed in a timely manner, that payments do not exceed the maximum fees adopted by the director, and that bills are submitted in a timely manner. The audit must be continuous and must include no fewer than 10 percent of medical bills. The insurer must provide upon the director's request documentation establishing that the insurer is conducting a continuous audit of medical bills. This documentation must include, but not be limited to, medical bills, internal audit forms, and any medical charge summaries prepared by private medical audit companies.

(2) Bill Processing.

(a) Insurers must date stamp medical bills, chart notes, and other documentation upon receipt. Bills not submitted according to OAR 436-009-0010(1)(b) and (2) must be returned to the medical provider within 20 days of receipt of the bill with a written explanation describing why the bill was returned and what needs to be corrected. A request for chart notes on EDI billings must be made to the medical provider within 20 days of the receipt of the bill. The number of days between the date the insurer returns the bill or requests chart notes and the date the insurer receives the corrected bill or chart notes, does not count toward the 45 days within which the insurer is required to make payment.

(b) The insurer must retain a copy of each medical provider's bill received by the insurer or must be able to reproduce upon request data relevant to the bill, including but not limited to, provider name, date of service, date the insurer received the bill, type of service, billed amount, coding submitted by the medical provider as described in OAR 436-009-0010(1)(b) and (3)(a), and insurer action, for any non-payment or fee reduction. This includes all bills submitted to the insurer even when the insurer determines no payment is due.

(c) Any service billed with a code number commanding a higher fee than the services provided must be returned to the medical provider for correction or paid at the value of the service provided.

(3) Payment Requirements.

(a) Insurers must pay bills for medical services on accepted claims within 45 days of receipt of the bill, if the bill is submitted in proper form according to OAR 436-009-0010(1)(b), (3)(a) through (7)(c), and clearly shows that the treatment is related to the accepted compensable injury or disease.

(b) The insurer or its representative must provide a written explanation of benefits (EOB) of the services being paid or denied. If the billing is done electronically, the insurer or its representative may provide this explanation electronically. The insurer or its representative must send the explanation to the medical provider that billed for the services. For the purpose of this rule an EOB has the same meaning as an explanation of review (EOR).

(c) The written EOB must be in 10 point size font or larger. Electronic and written explanations must include:

(A) The amount of payment for each service billed. When the payment covers multiple patients, the explanation must clearly separate and identify payments for each patient;

(B) The specific reason for non-payment, reduced payment, or discounted payment for each service billed;

(C) An Oregon or toll-free phone number for the insurer or its representative, and a statement that the insurer or its representative must respond to a medical provider's payment question within 48 hours, excluding weekends and legal holidays;

(D) The following notice, Web link, and phone number: "To access information about Oregon's Medical Fee and Payment Rules, visit www.oregonwcdoc.info or call 503-947-7606.";

(E) Space for the provider's signature and date; and

(F) A notice of right to administrative review as follows: "If you disagree with this decision about this payment, please contact {the insurer or its representative} first. If you are not satisfied with the response you receive, you may request administrative review by the Director of the Department of Consumer and Business Services. Your request for review must be made within 90 days of the mailing date of this explanation. To request review, sign and date in the space provided, indicate what you believe is incorrect about the payment, and mail this document with the required supporting documentation to the Workers' Compensation Division, Medical Resolution Team, PO Box 14480, Salem, OR 97309-0405. Or you may fax the request to the director at 503-947-7629. You must also send a copy of the request to the insurer. You should keep a copy of this document for your records."

(d) Payment of medical bills is required within 14 days of any action causing the service to be payable, or within 45 days of the insurer's receipt of the bill, whichever is later.

(e) Failure to pay for medical services timely may render the insurer liable to pay a reasonable monthly service charge for the period payment was delayed, if the provider customarily applies such a service charge to the general public.

(f) When there is a dispute over the amount of a bill or the appropriateness of services rendered, the insurer must, within 45 days, pay the undisputed portion of the bill and at the same time provide specific reasons for non-payment or reduction of each medical service code.

(g) Bills for medical services rendered at the request of the insurer and bills for information submitted at the request of the insurer, which are in addition to those required in OAR 436-010-0240 must be paid within 45 days of receipt by the insurer even if the claim is denied.

(h) If an insurer determines that it has made an overpayment to a provider for medical services, the insurer may request a refund from the provider. The insurer must make the request within 180 days of the payment date. Resolution of overpayment disputes must be made under OAR 436-009-0008.

(4) Communication with Providers.

(a) The insurer or its representative must respond to a medical provider's inquiry about a medical payment within 48 hours, not including weekends or legal holidays. The insurer or its representative may not refer the medical provider to another entity to obtain an answer.

(b) An insurer or its representative and a medical provider may agree to send and receive payment information by email or other electronic means. Electronic records sent are subject to the Oregon Consumer Identity Theft Protection Act under ORS 646A.600 to 646A.628 and federal law.

(5) EDI Reporting. For medical bill reporting requirements, see OAR 436-160 Electronic Data Interchange Medical Bill Data rules.

436-009-0035
Interim Medical Benefits

(1) General.

(a) Interim medical benefits under ORS 656.247 only apply to initial claims when the patient has a health benefit plan, i.e., the patient's private health insurance. For the purpose of this rule the Oregon Health Plan is not a health benefit plan.

(b) Interim medical benefits are not due on claims:

(A) When the patient is enrolled in an MCO prior to claim acceptance or denial under ORS 656.245(4)(b)(B); or

(B) When the insurer denies the claim within 14 days of the employer's notice of the claim.

(c) Interim medical benefits cover services provided from the date of employer's notice or knowledge of the claim to the date the insurer accepts

or denies the claim. Interim medical benefits do not include treatments excluded under OAR 436-009-0010(12).

(d) When billing for interim medical benefits, the medical provider must bill the workers' compensation insurer according to these rules, and the health benefit plan according to the plan's requirements. The provider may submit a pre-authorization request to the health benefit plan prior to claim acceptance or denial.

(e) If the medical provider knows that the patient filed a work-related claim, the medical provider may not collect any health benefit plan co-pay, co-insurance, or deductible from the patient during the interim period.

(2) Claim Acceptance. If the insurer accepts the claim:

(a) The insurer must pay medical providers for services according to these rules; and

(b) The provider, after receiving payment from the insurer, must reimburse the worker and the health benefit plan for any medical expenses, co-pays, co-insurance, or deductibles, paid by the worker or the health benefit plan.

(3) Claim Denial. If the insurer denies the claim:

(a) The insurer must notify the medical provider as provided in OAR 436-060-0140 that an initial claim has been denied; and

(b) The medical provider must bill the health benefit plan, unless the medical provider has previously billed the health benefit plan. The provider must forward a copy of the workers' compensation denial letter to the health benefit plan.

436-009-0040
Fee Schedule

(1) Fee Schedule Table.

(a) Unless otherwise provided by contract or fee discount agreement allowed by these rules, insurers must pay according to the following table: [Table not included. See ED. NOTE.]

(b) The global period is listed in the column 'Global Days' of Appendix B.

(2) Anesthesia.

(a) When using the American Society of Anesthesiologists Relative Value Guide, a basic unit value is determined by reference to the appropriate anesthesia code. The total anesthesia value is made up of a basic unit value and, when applicable, time and modifying units.

(b) Physicians or certified nurse anesthetists may use basic unit values only when they personally administer the general anesthesia and remain in constant attendance during the procedure for the sole purpose of providing the general anesthesia.

(c) Attending surgeons may not add time units to the basic unit value when administering local or regional block for anesthesia during a procedure. The modifier 'NT' (no time) must be on the bill.

(d) Local infiltration, digital block, or topical anesthesia administered by the operating surgeon is included in the payment for the surgical procedure.

(e) In calculating the units of time, use 15 minutes per unit. If a medical provider bills for a portion of 15 minutes, round the time up to the next 15 minutes and pay one unit for the portion of time.

(f) The maximum allowable payment amount for anesthesia codes is determined by multiplying the anesthesia value by a conversion factor of $58.00.

Unless otherwise provided by contract or fee discount agreement permitted by these rules, the insurer must pay the lesser of: the maximum allowable payment amount for anesthesia codes; or the provider's usual fee.

(g) When the anesthesia code is designated by IC (individual consideration), unless otherwise provided by a contract or fee discount agreement, the insurer must pay 80 percent of the provider's usual fee.

(3) Surgery.

Unless otherwise provided by contract or fee discount agreement permitted by these rules, insurers must pay multiple surgical procedures performed in the same session according to the following:

(a) One surgeon: [Appendix not included. See ED. NOTE.]

(b) Two or more surgeons: [Appendix not included. See ED. NOTE.]

(c) Assistant surgeons: [Appendix not included. See ED. NOTE.]

(d) Nurse practitioners or physician assistants: [Appendix not included. See ED. NOTE.]

(e) Self-employed surgical assistants who work under the direct control and supervision of a physician: [Appendix not included. See ED. NOTE.]

(f) When a surgeon performs surgery following severe trauma, and the surgeon does not think the fees should be reduced under the multiple surgery rule, the surgeon may request special consideration by the insurer. The surgeon must provide written documentation and justification. Based on the documentation, the insurer may pay for each procedure at 100 percent.

(g) If the surgery is non-elective, the physician is entitled to payment for the initial evaluation of the patient in addition to the global fee for the surgical procedure(s) performed. However, the pre-operative visit for elective surgery is included in the listed global value of the surgical procedure, even if the pre-operative visit is more than one day before surgery.

(4) Radiology Services.

(a) Insurers only have to pay for X-ray films of diagnostic quality that include a report of the findings. Insurers will not pay for 14" x 36" lateral views.

(b) When multiple contiguous areas are examined by computerized axial tomography (CAT) scan, computerized tomography angiography (CTA), magnetic resonance angiography (MRA), or magnetic resonance imaging (MRI), then the technical component must be paid 100 percent for the first area examined and 75 percent for all subsequent areas. These reductions do not apply to the professional component. The reductions apply to multiple studies done within two days, unless the ordering provider provides a reasonable explanation of why the studies needed to be done on separate days.

(5) Pathology and Laboratory Services.

(a) The payment amounts in Appendix B apply only when there is direct physician involvement.

(b) Laboratory fees must be billed in accordance with ORS 676.310. If a physician submits a bill for laboratory services that were performed in an independent laboratory, the bill must show the amount charged by the laboratory and any service fee that the physician charges.

(6) Physical Medicine and Rehabilitation Services.

(a) Time-based CPT® codes must be billed and paid according to this table: [Table not included. See ED. NOTE.]

(b) Except for CPT® codes 97001, 97002, 97003, or 97004, payment for modalities and therapeutic procedures is limited to a total of three separate CPT®-coded services per day for each provider, identified by their federal tax ID number. An additional unit of time for the same CPT® code does not count as a separate code.

(c) CPT® codes 97032, 97033, 97034, 97035, 97036, and 97039 are time-based codes and require constant attendance. Chart notes must clearly indicate the time treatment begins and the time treatment ends for the day or the amount of time spent providing the treatment.

(d) CPT® codes 97010 through 97028 are not payable unless they are performed in conjunction with other procedures or modalities that require constant attendance or knowledge and skill of the licensed medical provider.

(e) When multiple treatments are provided simultaneously by one machine, device, or table there must be a notation on the bill that treatments were provided simultaneously by one machine, device, or table and there must be only one charge.

(7) Reports.

(a) Except as otherwise provided in OAR 436-009-0060, when another medical provider, or an insurer or its representative asks a medical provider to prepare a report, or review records or reports, the medical provider should bill the insurer for their report or review of the records using CPT® codes such as 99080. The bill should include documentation of time spent reviewing the records or reports.

(b) If the insurer asks the medical service provider to review the IME report and respond, the medical service provider must bill for the time spent reviewing and responding using OSC D0019. The bill should include documentation of time spent.

(8) Nurse Practitioners and Physician Assistants.

Services provided by authorized nurse practitioners, physician assistants, or out-of-state nurse practitioners must be paid at 85 percent of the amount calculated in section (1) of this rule.

436-009-0060
Oregon Specific Codes

(1) Multidisciplinary Services.

(a) Services provided by multidisciplinary programs not otherwise described by CPT® codes must be billed under Oregon specific codes.

(b) When an attending physician or authorized nurse practitioner approves a multidisciplinary treatment program for a patient, he or she must provide the insurer with a copy of the approved treatment program within 14 days of the beginning of the treatment program.

(c) Bills using the multidisciplinary codes must include copies of the treatment record that specifies:

(A) The type of service rendered,

(B) The medical provider who provided the service,

(C) Whether treatment was individualized or provided in a group session, and

(D) The amount of time treatment was rendered for each service billed.

(2) Table of all Oregon Specific Codes (For OSC fees, see Appendix B.) [Appendix not included. See ED. NOTE.]

(3) CARF/JCAHO Accredited Programs.

(a) Treatment in a chronic pain management program, physical rehabilitation program, work hardening program, or a substance abuse program will not be paid unless the program is accredited for that purpose by the Commission on Accreditation of Rehabilitation Facilities (CARF) or the Joint Commission on Accreditation of Healthcare Organizations (JCAHO).

(b) Organizations that have applied for CARF accreditation, but have not yet received accreditation, may receive payment for multidisciplinary programs upon providing evidence to the insurer that an application for accreditation has been filed with and acknowledged by CARF. The organizations may provide multidisciplinary services under this section for a period of up to six months from the date CARF provided notice to the organization that the accreditation process has been initiated, or until such time as CARF accreditation has been received or denied, whichever occurs first.

(c) Notwithstanding OAR 436-009-0010(4)(a), program fees for services within a multidisciplinary program may be used based upon written pre-authorization from the insurer. Programs must identify the extent, frequency, and duration of services to be provided. (d) All job site visits and ergonomic consultations must be preauthorized by the insurer.

Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS)

(1) Durable medical equipment (DME) is equipment that: is primarily and customarily used to serve a medical purpose, can withstand repeated use, could normally be rented and used by successive patients, is appropriate for use in the home, and is not generally useful to a person in the absence of an illness or injury.

Examples: Transcutaneous Electrical Nerve Stimulation (TENS), Microcurrent Electrical Nerve Stimulation (MENS), home traction devices, heating pads, reusable hot/cold packs, etc.

(2) A prosthetic is an artificial substitute for a missing body part or any device aiding performance of a natural function. Examples: hearing aids, eye glasses, crutches, wheelchairs, scooters, artificial limbs, etc. The insurer must pay for the repair or replacement of prosthetic appliances damaged as a result of a compensable injury, even if the worker received no other injury. If the appliance is not repairable, the insurer must replace the appliance with a new appliance comparable to the one damaged. If the worker chooses to upgrade the prosthetic appliance, the worker may do so but must pay the difference in price.

(3) An orthosis is an orthopedic appliance or apparatus used to support, align, prevent or correct deformities, or to improve the function of a moveable body part. Examples: brace, splint, shoe insert or modification, etc.

(4) Supplies are materials that may be reused multiple times by the same person, but a single supply is not intended to be used by more than one person, including, but not limited to incontinent pads, catheters, bandages, elastic stockings, irrigating kits, sheets, and bags.

(5) When billing for durable medical equipment, prosthetics, orthotics, and supplies (DMEPOS), providers must use the following modifiers, when applicable:

(a) NU for purchased, new equipment

(b) UE for purchased, used equipment

(c) RR for rented equipment

(6) Unless otherwise provided by contract or sections (7) through (11) of this rule, insurers must pay for DMEPOS according to the following table: [Table not included. See ED. NOTE.]

(7) Unless a contract establishes a different rate, the table below lists maximum monthly rental rates for the codes listed (do not use Appendix E or section (6) to determine the rental rates for these codes): [Appendix not included. See ED. NOTE.]

(8) For items rented, unless otherwise provided by contract:

(a) The maximum daily rental rate is one thirtieth (1/30) of the monthly rate established in sections (6) and (7) of this rule.

(b) After a rental period of 13 months, the item is considered purchased, if the insurer so chooses.

(c) The insurer may purchase a rental item anytime within the 13-month rental period, with 75 percent of the rental amount paid applied towards the purchase.

(9) For items purchased, unless otherwise provided by contract, the insurer must pay for labor and reasonable expenses at the provider's usual rate for:

(a) Any labor and reasonable expenses directly related to any repairs or modifications subsequent to the initial set-up; or

(b) The provider may offer a service agreement at an additional cost.

(10) Hearing aids must be prescribed by the attending physician, authorized nurse practitioner, or specialist physician. Testing must be done by a licensed audiologist or an otolaryngologist. The preferred types of hearing aids for most patients are programmable behind the ear (BTE), in the ear (ITE), and completely in the canal (CIC) multichannel. Any other types of hearing aids needed for medical conditions will be considered based on justification from the attending physician or authorized nurse practitioner. Unless otherwise provided by contract, insurers must pay the provider's usual fee for hearing services billed with HCPCS codes V5000 through V5999. However, without approval from the insurer or director, the payment for hearing aids may not exceed $5000 for a pair of hearing aids, or $2500 for a single hearing aid.

(11) Unless otherwise provided by contract, insurers must pay the provider's usual fee for vision services billed with HCPCS codes V0000 through V2999.

(12) The worker may select the service provider. For claims enrolled in a managed care organization (MCO) the worker may be required to select a provider from a list specified by the MCO.

(13) Except as provided in section (10) of this rule, the payment amounts established by this rule do not apply to a worker's direct purchase of DMEPOS. Workers are entitled to reimbursement for actual out-of-pocket expenses under OAR 436-009-0025.

(14) DMEPOS dispensed by a hospital (inpatient or outpatient) must be billed and paid according to OAR 436-009-0020.

Pharmaceutical

(1) General.

(a) Unless otherwise provided by an MCO contract, prescription medications do not require prior approval even after the patient is medically stationary.

(b) When a provider prescribes a brand-name drug, pharmacies must dispense the generic drug (if available), according to ORS 689.515. However, a patient may insist on receiving the brand-name drug and either

pay the total cost of the brand-name drug out of pocket or pay the difference between the cost of the brand-name drug and generic to the pharmacy.

(c) Unless otherwise provided by MCO contract, the patient may select the pharmacy.

(2) Pharmaceutical Billing and Payment.

(a) Pharmaceutical billings must contain the National Drug Code (NDC) to identify the drug or biological billed.

(b) All bills from pharmacies must include the prescribing provider's NPI or license number.

(c) Unless otherwise provided by contract, insurers must pay medical providers for prescription medication, including injectable drugs, at the medical provider's usual fee, or the maximum allowable fee, whichever is less. However, drugs provided by a hospital (inpatient or outpatient) must be billed and paid according to OAR 436-009-0020.

(d) Unless directly purchased by the worker (see 009-0025(5)), the maximum allowable fee for pharmaceuticals is calculated according to the following table: [Table not included. See ED. NOTE.]

NOTE: "AWP" means the Average Wholesale Price effective on the date the drug was dispensed.

(e) Insurers must use a nationally published prescription pricing guide for calculating payments to the provider, e.g., First DataBank, RED BOOK, or Medi-Span.

(3) Clinical Justification Form 4909.

(a) The prescribing provider must fill out Form 4909, Pharmaceutical Clinical Justification for Workers' Compensation, and submit it to the insurer when prescribing more than a five day supply of the following drugs:

(A) Celebrex®,

(B) Cymbalta®,

(C) Fentora®,

(D) Kadian®,

(E) Lidoderm®,

(F) Lyrica®, or

(G) OxyContin®.

(b) Insurers may not challenge the adequacy of the clinical justification. However, they may challenge whether or not the medication is excessive, inappropriate, or ineffectual under ORS 656.327.

(c) The prescribing provider is not required to fill out Form 4909 for refills of medications listed on that form.

(d) If a prescribing provider does not submit Form 4909, Pharmaceutical Clinical

Justification for Workers' Compensation, to the insurer, the insurer may file a complaint with the director.

(4) Dispensing by Medical Service Providers.

(a) Except in an emergency, prescription drugs for oral consumption dispensed by a physician's or authorized nurse practitioner's office are compensable only for the initial supply to treat the patient, up to a maximum of 10 days.

(b) For dispensed over-the-counter medications, the insurer must pay the retail-based fee.

436-009-0110
Interpreters

(1) Choosing an Interpreter. A patient may choose a person to communicate with a medical provider when the patient and the medical provider speak different languages, including sign language. The patient may choose a family member, a friend, an employee of the medical provider, or an interpreter. The medical provider may disapprove of the patient's choice at any time the medical provider feels the interpreter services are not improving communication with the patient, or feels the interpretation is not complete or accurate.

(2) Billing.

(a) Interpreters must charge the usual fee they charge to the general public for the same service.

(b) Interpreters may only bill an insurer or, if provided by contract, a managed care organization (MCO). However, if the insurer denies the claim, interpreters may bill the patient.

(c) Interpreters may bill for interpreter services and for mileage when the round-trip mileage is 15 or more miles. For the purpose of this rule, "mileage" means the number of miles traveling from the interpreter's starting point to the exam or treatment location and back to the interpreter's starting point.

(d) If the interpreter arrives at the provider's office for an appointment that was required by the insurer or the director, e.g., an independent medical exam, a physician review exam, or an arbiter exam, the interpreter may bill for interpreter services and mileage according to section (2)(c) of this rule even if:

(A) The patient fails to attend the appointment; or

(B) The provider has to cancel or reschedule the appointment.

(e) If interpreters do not know the workers' compensation insurer responsible for the claim, they may contact the Department of Consumer and Business Services', Workers' Compensation Division at 503-947-7814. They may also access insurance policy information at http://www4.cbs.state.or.us/ex/wcd/cov/index.cfm.

(3) Billing and Payment Limitations.

(a) When an appointment was not required by the insurer or director, interpreters may not bill any amount for interpreter services or mileage if:

(A) The patient fails to attend the appointment: or

(B) The provider cancels or reschedules the appointment.

(b) The insurer is not required to pay for interpreter services or mileage when the services are provided by:

(A) A family member or friend of the patient; or

(B) A medical provider's employee.

(4) Billing Timelines.

(a) Interpreters must bill within:

(A) 60 days of the date of service;

(B) 60 days after the interpreter has received notice or knowledge of the responsible workers' compensation insurer or processing agent; or

(C) 60 days after any litigation affecting the compensability of the service is final, if the interpreter receives written notice of the final litigation from the insurer.

(b) If the interpreter bills past the timelines outlined in subsection (a) of this section, the interpreter may be subject to civil penalties as provided in ORS 656.254 and OAR 436-010-0340.

(c) When submitting a bill later than outlined in subsection (a) of this section, an interpreter must establish good cause. Good cause may include, but is not limited to, extenuating circumstances or circumstances considered outside the control of the interpreter.

(d) A bill is considered sent by the date the envelope is post-marked or the date the document is faxed.

(5) Billing Form.

(a) Interpreters must use an invoice when billing for interpreter services and mileage and use Oregon specific code:

(A) D0004 for interpreter services except American Sign Language,

(B) D0005 for American Sign Language interpreter services, and

(C) D0041 for mileage.

(b) An interpreter's invoice must include:

(A) The interpreter's name, the interpreter's company name, if applicable, billing address, and phone number;

(B) The patient's name;

(C) The patient's workers' compensation claim number, if known;

(D) The correct Oregon specific codes for the billed services (D0004, D0005, or D0041);

(E) The workers' compensation insurer's name and address;

(F) The date interpreter services were provided;

(G) The name and address of the medical provider that conducted the exam or provided treatment;

(H) The total amount of time interpreter services were provided; and

(I) The mileage, if the round trip was 15 or more miles.

(6) Payment Calculations.

(a) Unless otherwise provided by contract, insurers must pay the lesser of the maximum allowable payment amount or the interpreter's usual fee.

(b) Insurers must use the following table to calculate the maximum allowable payment for interpreters: [Table not included. See ED. NOTE.]

(7) Payment Requirements.

(a) When the medical exam or treatment is for an accepted claim or condition, the insurer must pay for interpreter services and mileage if the round-trip mileage is 15 or more miles.

(b) When the patient fails to attend or the provider cancels or reschedules a medical exam required by the director or the insurer, the insurer must pay the no-show fee and mileage if the round-trip mileage is 15 or more miles.

(c) The insurer must pay the interpreter within:

(A) 14 days of the date of claim acceptance or any action causing the service to be payable, or 45 days of receiving the invoice, whichever is later; or

(B) 45 days of receiving the invoice for an exam required by the insurer or director.

(d) When an interpreter bills within 12 months of the date of service, the insurer may not reduce payment due to late billing.

(e) When an interpreter bills over 12 months after the date of service, the bill is not payable, except when a provision of subsection (4)(c) of this rule is the reason the billing was submitted after 12 months.

(f) If the insurer does not receive all the information to process the invoice, the insurer must return the invoice to the interpreter within 20 days of receipt. The insurer must provide specific information about what is needed to process the invoice.

(g) When there is a dispute over the amount of a bill or the appropriateness of services rendered, the insurer must, within 45 days, pay the undisputed portion of the bill and at the same time provide specific reasons for non-payment or reduction of each service billed.

(h) The insurer must provide a written explanation of benefits for services paid or denied and must send the explanation to the interpreter that billed for the services. If the billing is done electronically, the insurer or its representative may provide this explanation electronically. All the information on the written explanation must be in 10 point size font or larger.

(i) Electronic and written explanations must include:

(A) The payment amount for each service billed. When the payment covers multiple patients, the explanation must clearly separate and identify payments for each patient;

(B) The specific reason for non-payment, reduced payment, or discounted payment for each service billed;

(C) An Oregon or toll-free phone number for the insurer or its representative, and a statement that the insurer or its representative must respond to an interpreter's payment questions within 48 hours, excluding weekends and legal holidays;

(D) The following notice, Web link, and phone number:

"To access the information about Oregon's Medical Fee and Payment rules, visit www.oregonwcdoc.info or call 503-947-7606";

(E) Space for a signature and date; and

(F) A notice of the right to administrative review as follows: "If you disagree with this decision about this payment, please contact {the insurer or its representative} first. If you are not satisfied with the response you receive, you may request administrative review by the Director of the Department of Consumer and Business Services. Your request for review must be made within 90 days of the mailing date of this explanation. To request review, sign and date in the space provided, indicate what you believe is incorrect about the payment, and mail this document with the required supporting documentation to the Workers' Compensation Division, Medical Resolution Team, PO Box 14480, Salem, OR 97309-0405. Or you may fax the request to the director at 503-947-7629. You must also send a copy of the request to the insurer. You should keep a copy of this document for your records."

(j) The insurer or its representative must respond to an interpreter's inquiry about payment within 48 hours, not including weekends or legal holidays. The insurer or its representative may not refer the interpreter to another entity to obtain the answer.

(k) The insurer or its representative and an interpreter may agree to send and receive payment information by email or other electronic means. Electronic records sent are subject to the Oregon Consumer Identity Theft Protection Act under ORS 646A.600 to 646A.628 and federal law.

Specifically, these risk assessment tools are the Level of Service/Case Management Inventory, Ontario Domestic Assault Risk Assessment, Public Safety Checklist, Proxy, Static-99R, Stable-2007, and Acute-2007.
Rules Coordinator: Janet R. Worley—(503) 945-0933

Definitions

(1) Agency: The Department of Corrections or county community corrections agencies.

(2) Case Management: A proactive and collaborative process which assesses, plans, implements, coordinates, monitors, and evaluates options and services to meet an offender's risks, needs, and responsivity factors. Case management is the process that links all the elements involved in an offender's management. The process of case management unifies procedures and personnel to balance resources and an offender's needs through their term of community supervision.

(3) Case Plan: A dynamic document created collaboratively with an offender that specifically identifies the offender's evidence-based assessed risk and needs, accompanied by risk reduction strategies and plans of action, with timelines.

(4) Evidence-Based Practices: The body of research and clinical knowledge that describes correctional assessment, programming, and supervision strategies that lead to improved correctional outcomes, such as risk reduction and increased public safety. Such principles not only meet the public's expectations for economical business strategies, efficiency, and effectiveness; but also reflect fairness and accountability.

(5) Intensive Supervision: An enhanced level of supervision exceeding a county's high risk level supervision standards. Intensive supervision may include, but not be limited to, electronic monitoring, house arrest, curfew, day reporting, supervised housing, multiple supervising officers, adjunct surveillance by law enforcement or other specialists, increased face-to-face offender contacts in the community, increased collateral contacts (such as with family, therapist and employer), community notification, geographic restrictions, offender mileage logs, medication monitoring (such as psychotropics, or antabuse), intensive outpatient or residential treatment programming, urinalysis, and polygraph.

(6) Offender: Any person under the supervision of local community corrections who is on probation, parole, or post-prison supervision status.

(7) Risk of Violence: The identified potential of an offender to engage in or threaten to engage in behavior that constitutes physical force and/or the inflicting of injury on another person.

(8) Risk of Recidivism: The likelihood of an offender being convicted of a new felony within three years of release from prison or admission to probation.

(9) Sexually Violent Dangerous Offender (SVDO): A special designation by the Court and/or Board of Parole and Post-Prison Supervision as defined in ORS 144.635 subjecting the offender to intensive supervision for the full period of parole and/or post-prison supervision.

(10) Supervision Intake Date: The date upon which the agency supervisor assigns a new case offender to a supervising/intake officer.

(11) Supervision Period: The period of time an offender is under the supervision of an agency or agencies. The period of supervision may involve multiple cases and is interrupted only by Department of Correction incarceration, transfer of the offender's supervision out of state, case closure due to absconding, or legal termination of the final chronological case.

(12) Supervision Termination Date: The date established by the releasing/sentencing authority when the offender is no longer legally subject to community supervision.

Risk Assessment

(1) Proper assessment ensures the classification of offenders according to risk and their assignment to specified levels of community supervision. The following risk assessment tools are utilized by the department and county community corrections agencies for risk assessment of offenders:

(a) Level of Service/Case Management Inventory (LS/CMI) Section 1 General Risk/Need Factors (version Feb. 2013): A validated assessment tool used to determine an offender's risk to recidivate and identify criminogenic risk factors across eight domains Criminal History, Education/Employment, Family/Marital, Leisure/Recreation, Companions, Alcohol/Drug Problem, Procriminal Attitude/Orientation, Antisocial Pattern.

(b) Ontario Domestic Assault Risk Assessment (ODARA) (version June 2004): Actuarial risk assessment tool to assess risk of committing future battering in cases where a man or a woman has assaulted his partner.

(c) Public Safety Checklist (PSC)(version 2005): A statistical calculation developed by the Oregon Criminal Justice Commission in collaboration with the department's research unit to predict an offender's risk to recidivate within three years of release from custody or admission to probation.

(d) Proxy (version 2005): A three question validated risk assessment tool used to identify initial risk for offenders entering probation supervision.

(e) Stable-2007 (version Sept. 2012): Actuarial risk assessment designed to assess risk of sexually recidivating over time using static risk factors used in conjunction Acute-2007.

(f) Acute-2007 (version Aug. 2012): Actuarial risk and needs scale for the assessment of sexual offenders and the probability of sexual and violent recidivism based upon dynamic needs measured at each supervision contact.

(g) Static-99R and Definitions (version 2003, age coding August 2012): A ten item actuarial assessment instrument for use with adult sexual offenders who are at least 18 years of age at the time of admission to supervision.

(h) The risk assessment tools listed in (a) through (g) above are filed with this rule and are available on request from the Department of Corrections or at the Secretary of State's Office.

(2) New Case: Any offender received for community supervision who is not already under community supervision at the time of the admission to supervision shall be considered a new case. A risk assessment must be completed.

(a) The offender shall be considered a new case for a period of up to 30 days commencing with the supervision intake date. Authorization to extend the new case status an additional 30 days may be granted by the supervisor when extenuating circumstances warrant such extension. Approval for the extension may be documented in the case file.

(b) An absconder shall be considered a new case upon return to supervision if he/she has been absent from supervision for a period of six months or longer.

(c) An offender shall be considered a new case upon release from incarceration due to revocation or upon a new felony conviction.

(3) Risk Assessment:

(a) The assessment of risk will involve the use of the PSC, a validated risk assessment tool, which is an objective instrument that groups offenders according to their likelihood to recidivate.

(b) The assessment of risk will rely primarily on automated static risk factors to predict the likelihood to recidivate. The initial risk assessment score will be created as part of new case procedures.

(c) The computer generated score will place the offender in one of three risk levels: high, medium, or low.

(d) If an offender has no in-state arrest history or an extensive out-of-state criminal history, the Proxy risk tool will be used, which is a manual risk assessment tool and will serve as a proxy to the automated risk assessment tool and will determine the initial risk level.

(4) Risk, Needs, and Responsivity Assessment:

(a) The ongoing assessment of offenders risk, needs, and responsivity relies on a combination of both static and dynamic risk factors in order to predict recidivism and identify criminogenic needs and responsivity issues.

(b) The LS/CMI and a case plan, as described in OAR 291-078-0026, will be completed on all offenders determined to be of high or medium risk either by the PSC, Proxy, or by an approved override. The LS/CMI is not required on sexual offenders who are subject to the Stable/Acute and Static-99R.

(c) Offenders will be reassessed using the LS/CMI a minimum of every twelve months, or as circumstances warrant for high and medium level cases.

(d) The LS/CMI is not required on offenders that are assessed at the low level either by the PSC or by an approved override. Low level offenders may be reassessed using the PSC or LS/CMI as circumstances warrant.

(e) Nothing in this rule prevents an agency from completing an LS/CMI on a sexual offender or on a low level offender.

(5) Overrides:

(a) The override feature is intended to address risk factors that may not be included in the objective risk assessment instruments. These factors are based upon:

(A) Dynamic risk factors, which appear to impact the risk the offender poses to the community; or

(B) Policy and/or value statements on the part of the agency regarding the delivery of correctional services.

(b) The override feature provides for either increases or decreases in the level of supervision from that determined through the initial risk assessment score.

(c) All overrides must be based upon static and/or dynamic risk factors identified by one of the following tools, special offender designation, or the offender's availability for supervision:

(A) LS/CMI;
(B) Stable/Acute
(C) ODARA;
(D) SVDO;
(E) Policy; or
(F) Unavailable status, which includes
(i) In custody;
(ii) Warrant/Abscond;
(iii) Residential Treatment;
(iv) CMPO, Compacted Out of State; or
(v) Medical (Hospice, State Hospital, etc.)

(d) The assessing officer must indicate the single most appropriate category on the override screen.

(e) Approval of override requests by the officer's supervisor is not required; however, an agency may require this level of approval.

(f) All overrides must include a comment or a reason for the override.

(g) Supervision level changes due to override shall remain in effect until:

(A) A change in circumstances warrants a reassessment and subsequent adjustment in the level of supervision;

(B) The removal of the override is warranted and consistent with public safety and the reformation of the offender.

(6) In order to ensure a baseline of statewide consistency in the supervision of offenders, three basic levels of supervision have been established: high, medium, and low. The risk instrument shall, in most cases, determine which supervision level is appropriate. The county community corrections manager will establish minimum contact standards for each of the three supervision levels for new cases.

(a) Standards will be in writing with the policies and procedures of the agency.

(b) The county will notify the Department of Corrections of the contact standards so that they can be coded into the Corrections Information System (CIS). The management reports generated by CIS will reflect the actual standards set in the county.

(7) An offender found to be a SVDO, as defined in ORS 144.635, shall be subject to intensive supervision for the full period of the offender's parole and post-prison supervision.

(8) Intensive supervision for the purposes of this rule means an enhanced level of supervision exceeding a county's high risk level supervision standards. Intensive supervision may include, but not be limited to, electronic monitoring, house arrest, curfew, day reporting, supervised housing, multiple supervising officers, adjunct surveillance by law enforcement or other specialists, increased face-to-face offender contacts in the community, increased collateral contacts (such as with family, therapist and employer), community notification, geographic restrictions, offender mileage logs, medication monitoring (such as depo provera, psychotropics, antabuse), intensive outpatient or residential treatment programming, urinalysis, and polygraph.

Community Case Management and Planning

(1) Community case management and planning is comprised of the following principles:

(a) When all community corrections staff and community stakeholders share appropriate information and assist in the case planning for offenders, both the quality of change and the safety of the community improve. Mutual respect, proper training, and on-going communication and cooperation provide the foundation for community case management;

(b) Case planning begins in the institution for those offenders releasing on parole or post-prison supervision. An effective community case management system will build upon the case planning that occurred in the institution;

(c) Each offender is treated as an individual rather than as a part of a group;

(d) Case management programs and interventions are structured around an individual's risk, need, and responsivity factors;

(e) Case plan programs and interventions contain clear and achievable goals where goal achievement is rewarded;

(f) Positive behaviors and personal accountability are expected in order to achieve goals;

(g) Each offender has the ability to provide input into their case plan;

(h) Quality pro-social interaction between all agency staff and offenders is the expectation and is an evidence-based practice that can be consistently offered throughout the correctional process;

(i) Offenders receive support in various ways, including education, employment, programs, and treatment services;

(j) The emphasis is on being proactive rather than waiting for problems to develop;

(k) Accurate record keeping for monitoring progress is a vital and on-going part of successful community case planning and case management;

(l) Feedback to the offender about case planning and progress is a vital and on-going part of successful community case management; and

(m) Quality assurance measures are utilized to ensure consistency and reliability of community case management techniques, as well as a consistent statewide case management approach.

(2) Individualized case plans shall be prepared on all high and medium risk offenders. Case plans may be prepared on all other offenders.

(a) The case plan will identify interventions, supervision strategies, programming, treatment, and educational/employment activities that are appropriate to the offender's strengths and needs;

(b) The case plan will promote positive change and assist in developing pro-social behaviors;

(c) The case plan process is intended to be collaborative in nature;

(d) The automated case plan in the Case Management Module shall be used when creating a case plan;

(e) Components of each case plan should contain or identify:

(A) Prioritized goals based upon assessments such as the LS/CMI, Stable/Acute and Static 99R, ODARA, (as referenced in this rule division) mental health status, or any other instruments assessing need or risk to recidivate;

(B) Desired outcomes for each goal;

(C) Action steps or tasks linking the offender to the appropriate services;

(i) Are time sensitive, measurable, achievable, and specific;

(ii) Are time specific and should not be identified as a range (e.g. 30-60 days) or as an unspecified period of time, (e.g. as needed);

(iii) Should identify who is responsible for accomplishing the action steps/tasks; and

(iv) Should prioritize completion dates.

(3) Officers should routinely review the case plan with the offender and modifications should be made as indicated by the offender's behavior, compliance with the plan, and responsivity to change.

(a) Progress should be outcome oriented, measurable, and recorded in case plan;

(b) When goals and action steps are completed, they should be replaced by the next prioritized risk/need areas identified.

(4) Reentry and release planning are part of the case planning process.

Validation/Evaluation

(1) The Department of Corrections will subject the PSC to periodic validation in order to ensure that the tool is predicting risk within acceptable ranges.

(2) Evaluation of the community case management system will occur through:

(a) The ongoing assessment of operations through the operational review system;

(b) The ongoing informal feedback of users and recommendations of the Oregon Association of Community Corrections Directors Risk Assessment Workgroup; and

(c) The formal written evaluation of the system to determine operational effectiveness and accomplishments of identified purposes.

(3) A formal evaluation will occur at no more than five-year intervals.

(4) Each agency is responsible for quality assurances measures within their county.

(a) Case plans should be reviewed a minimum of every six months for high and medium cases and as needed for all other cases;

(b) Internal quality assurance measures such as peer review and supervisor audits should be used to maximize consistency and reliability of case management tasks. These reviews should be conducted on a regular basis as determined by the agency.

(c) Internal quality assurance may include:

(A) Spot checks of assessments, which may include the LS/CMI and Stable/Acute and Static 99R (as referenced in this rule division);

(B) Review of case plan development and maintenance;

(C) Observation, review, and feedback of LS/CMI (as referenced in this rule division) interviews or motivational interviews;

(D) Proper use of supervision overrides;

(E) Accurate and appropriate case documentation; and/or

(F) Adherence to case plan policies and procedures.

(d) External quality assurance measures, including peer review and formal audits, may be used to ensure a statewide case management practice.

Adm. Order No.: DFW 16-2015(Temp)
Filed with Sec. of State: 3-5-2015
Certified to be Effective: 3-5-15 thru 6-15-15
Notice Publication Date:
Rules Amended: 635-023-0125
Rules Suspended: 635-023-0125(T)

Subject: This amended rule modifies regulations for Columbia River recreational spring Chinook and steelhead seasons with descriptions of areas, dates, and bag limits for harvest of adipose fin-clipped Chinook salmon and adipose fin-clipped steelhead. Revisions are consistent with action previously taken by the Washington Department of Fish and Wildlife.

Spring Sport Fishery

(1) The **2015 Oregon Sport Fishing Regulations** provide requirements for the Columbia River Zone and the Snake River Zone. However, additional regulations may be adopted in this rule division from time to time, and, to the extent of any inconsistency, they supersede the **2015 Oregon Sport Fishing Regulations**.

(2) The Columbia River recreational salmon and steelhead fishery downstream of Bonneville Dam is open from the mouth at Buoy 10 upstream to Beacon Rock (boat and bank) plus bank angling only from Beacon Rock upstream to the Bonneville Dam deadline from Sunday, March 1 through Friday, April 10, 2015, except closed Tuesday, March 24, Tuesday, March 31, and Tuesday, April 7, 2015 (38 retention days) with the following restrictions:

(a) No more than two adult adipose fin-clipped salmonids, of which only one may be a Chinook, may be retained per day. All non-adipose fin-clipped salmon and non-adipose fin-clipped steelhead must be released immediately unharmed.

(b) All other permanent **2015 Oregon Sport Fishing Regulations**.

(c) The upstream boat boundary at Beacon Rock is defined as: "a deadline marker on the Oregon bank (approximately four miles downstream from Bonneville Dam Powerhouse One) in a straight line through the western tip of Pierce Island to a deadline marker on the Washington bank at Beacon Rock."

(3) The Columbia River recreational steelhead fishery upstream of Bonneville Dam to the Oregon/Washington border is open for retention of adipose fin-clipped steelhead from Sunday, March 1 through Sunday, March 15, 2015. All other permanent **2015 Oregon Sport Fishing Regulations** apply.

(4) The Columbia River recreational salmon and steelhead fishery upstream of the Tower Island power lines (approximately 6 miles below The Dalles Dam) to the Oregon/Washington border, plus the Oregon and Washington banks between Bonneville Dam and the Tower Island power lines is open for retention of adipose fin-clipped Chinook and adipose fin-clipped steelhead from Monday, March 16 through Wednesday, May 6, 2015 (52 retention days) with the following restrictions:

(a) No more than two adult adipose fin-clipped salmonids, of which only one may be a Chinook, may be retained per day. All non-adipose fin-clipped salmon and non-adipose fin-clipped steelhead must be released immediately unharmed.

(b) All other permanent **2015 Oregon Sport Fishing Regulations** apply.

(5) The Columbia River Select Area recreational salmon and steelhead fisheries are open from March 1 through June 15 with the following restrictions:

(a) On days when the recreational fishery below Bonneville Dam is open to retention of Chinook, the salmonid daily bag limit in Select Areas will be the same as mainstem Columbia River bag limits; and

(b) On days when the mainstem Columbia River fishery is closed to Chinook retention, the permanent salmonid bag limit regulations for Select Areas apply.

(6) The mainstem Columbia River will be open March 1 through May 15, 2015 for retention of adipose fin-clipped steelhead and shad only during days and in areas open for retention of adipose fin-clipped spring Chinook.

(7) Oregon tributary recreational smelt fishery in the Sandy River (bank only) is open from 6:00 a.m. to noon Saturday, March 7 and 6:00 a.m. to noon Sunday, March 15, 2015 with the following restrictions:

(a) Only dip net gear may be used.

(b) The daily limit is 10 pounds per person.

(a) It is *unlawful* to use a gill net having a mesh size that is less than 7 inches during the winter season. It is *unlawful* to use a gill net having a mesh size that is more than 9.75 inches during the spring and summer seasons.

(b) Nets not specifically authorized for use in these areas may be onboard a vessel if properly stored. A properly stored net is defined as a net on a drum that is fully covered by a tarp (canvas or plastic) and bound with a minimum of ten revolutions of rope with a diameter of 3/8 (0.375) inches or greater.

(3) Non-resident commercial fishing and boat licenses are not required for Washington fishers participating in Youngs Bay commercial fisheries. A valid fishing and boat license issued by the state of Washington is considered adequate for participation in this fishery. The open area for non-resident commercial fishers includes all areas open for commercial fishing.

Scope, Inclusion, and Modification of Rules

(1) The commercial groundfish fishery in the Pacific Ocean off Oregon is jointly managed by the state of Oregon and the federal government through the Pacific Fishery Management Council process. The Code of Federal Regulations provides federal requirements for this fishery, including but not limited to the time, place, and manner of taking groundfish. However, additional regulations may be promulgated subsequently by publication in the Federal Register, and these supersede, to the extent of any inconsistency, the Code of Federal Regulations. Therefore, the following publications are incorporated into Oregon Administrative Rule by reference:

(a) Code of Federal Regulations, Part 660, Subparts C, D, E and F (October 1, 2014 ed.);

(b) Federal Register Vol. 80, No. 46, dated March 10, 2015 (80 FR 12567);

(c) Federal Register Vol. 79, No. 231, dated December 2, 2014 (79 FR 71340).

(2) Persons must consult the federal regulations in addition to Division 004 to determine all applicable groundfish fishing requirements. Where federal regulations refer to the fishery management area, that area is extended from shore to three nautical miles from shore coterminous with the Exclusive Economic Zone.

(3) The Commission may adopt additional or modified regulations that are more conservative than federal regulations, in which case Oregon Administrative Rule takes precedence. See OAR 635-004-0205 through 635-004-0235 and 635-004-0280 through 635-004-0365 for additions or modifications to federal groundfish regulations.

Purpose and Scope

(1) The purpose of division 39 is to provide for management of sport fisheries for marine fish, shellfish, and marine invertebrates in the Pacific Ocean, coastal bays, and beaches over which the State has jurisdiction.

635-039-0090
Inclusions and Modifications

(1) The **2015 Oregon Sport Fishing Regulations** provide requirements for sport fisheries for marine fish, shellfish, and marine invertebrates in the Pacific Ocean, coastal bays, and beaches, commonly referred to as the Marine Zone. However, additional regulations may be adopted in this rule division from time to time and to the extent of any inconsistency, they supersede the **2015 Oregon Sport Fishing Regulations**.

(2) For the purposes of this rule, a "sport harvest guideline" is defined as a specified numerical harvest objective that is not a quota. Attainment of a harvest guideline does not automatically close a fishery. Upon attainment of a sport harvest guideline, the Department shall initiate consultation to determine if additional regulatory actions are necessary to achieve management objectives.

(a) The following sport harvest guidelines include the combined landings and other fishery related mortalit by the Oregon sport fishery in a single calendar year:

(A) Black rockfish, 440.8 metric tons.

(B) Cabezon, 16.8 metric tons.

(C) Blue rockfish and other nearshore rockfish combined, 26 metric tons.

(b) The following sport harvest guidelines include total landings in the Oregon sport ocean boat fishery in a single calendar year: Greenling, 5.2 metric tons.

(3) For the purposes of this rule, "Other nearshore rockfish" means the following rockfish species: black and yellow (Sebastes chrysolmelas); brown (S. auriculatus); calico (S. dalli); China (S. nebulosus); copper (S. caurinus); gopher (S. carnatus); grass (S. rastelliger); kelp (S. atrovirens); olive (S. serranoides); quillback (S. maliger); and treefish (S. serriceps).

(4) In addition to the regulations for Marine Fish in the **2015 Oregon Sport Fishing Regulations**, the following apply for the sport fishery in the Marine Zone in 2015:

(a) Lingcod (including green colored lingcod): 2 fish daily bag limit.

(b) All rockfish ("sea bass" "snapper"), greenling ("sea trout"), cabezon, skates, and other marine fish species not listed in the **2015 Oregon Sport Fishing Regulations** in the Marine Zone, located under the category of Species Name, Marine Fish: 7 fish daily bag limit in aggregate (total sum or number), of which no more than three may be blue rockfish and no more than one may be a cabezon. Retention of the following species is prohibited:

(A) Yelloweye rockfish;

(B) China rockfish;

(C) Copper rockfish;

(D) Quillback rockfish;

(E) Cabezon from January 1 through June 30; and

(F) Canary rockfish.

(c) Flatfish (flounder, sole, sanddabs, turbot, and all halibut species except Pacific halibut): 25 fish daily bag limit in aggregate (total sum or number).

(d) Retention of all marine fish listed under the category of Species Name, Marine Fish, except Pacific cod, sablefish, herring, anchovy, smelt, sardine, striped bass, hybrid bass, and offshore pelagic species (excluding leopard shark and soupfin shark), is prohibited when Pacific halibut is retained on the vessel during open days for the all-depth sport fishery for Pacific halibut north of Humbug Mountain. Persons must also consult all publications referenced in OAR 635-039-0080 to determine all rules applicable to the taking of Pacific halibut.

(e) Harvest methods and other specifications for marine fish in subsections (4)(a), (4)(b) and (4)(c) including the following:

(A) Minimum length for lingcod, 22 inches.

(B) Minimum length for cabezon, 16 inches.

(C) Minimum length for greenling, 10 inches.

(D) May be taken by angling, hand, bow and arrow, spear, gaff hook, snag hook and herring jigs.

(E) Mutilating the fish so the size or species cannot be determined prior to landing or transporting mutilated fish across state waters is prohibited.

(f) Sport fisheries for species in subsections (4)(a), (4)(b) and (4)(c) and including leopard shark and soupfin shark are open January 1 through December 31, twenty-four hours per day, except as provided in subsections (4)(a) and (4)(d), and ocean waters are closed for these species during April 1 through September 30, outside of the 30-fathom curve (defined by latitude and longitude) as shown on Title 50 Code of Federal Regulations Part 660 Section 71. A 20-fathom, 25-fathom, or 30-fathom curve, as shown on Title 50 Code of Federal Regulations Part 660 Section 71 may be implemented as the management line as in-season modifications necessitate. In addition, the following management lines may be used to set area specific regulations for inseason action only:

(A) Cape Lookout (45°20'30" N latitude); and

(B) Cape Blanco (42°50'20" N latitude).

(g) The Stonewall Bank Yelloweye Rockfish Conservation Area (YRCA) is defined by coordinates specified in Title 50 Code of Federal Regulations Part 660 Section 70 (October 1, 2014 ed.). Within the YRCA, it is unlawful to fish for, take, or retain species listed in subsections (4)(a), (4)(b) and (4)(c) of this rule, leopard shark, soupfin shark, and Pacific halibut using recreational fishing gear. A vessel engaged in recreational fishing within the YRCA is prohibited from possessing any species listed in subsections (4)(a), (4)(b) and (4)(c) of this rule, leopard shark, soupfin shark, and Pacific halibut. Recreational fishing vessels in possession of species listed in subsections (4)(a), (4)(b) and (4)(c) and including leopard shark, soupfin shark, and Pacific halibut may transit the YRCA without fishing gear in the water.

Right to Return from Hospital

(1) If a resident is transferred to a hospital, the facility may not fill the resident's bed with another person if the resident or the resident's legal representative offers payment, or reimbursement is available from the Department, for the period of the hospital stay. If payment or reimbursement is offered or available, from or on behalf of the resident, the Department, or a combination thereof, or if the facility has not complied in full with section (2) of this rule, the resident shall have the right of return to his or her bed immediately after the period of hospital stay.

(2) The Administrator, or his or her designee, is responsible for notifying the resident or legal representative and any agency responsible for the welfare or support of the resident of the option to offer payment to hold the bed prior to filling the bed with another person. This notification shall be documented in the resident's record by either the resident's or legal representative's written agreement to pay or rejection of the option to pay.

(3) If the resident is unable, due to physical or mental incapacity, to enter such agreement and there is no legal representative known to the facility, this fact shall be documented in the resident's record and the resident's bed may thereafter be filled upon issuance of the notice (SDS 0510).

(4) If the resident's bed has been given to another person because payment was not offered, the resident shall have priority for readmission over all other persons with a right to readmission and over any waiting list.

(5) If a former resident or his or her legal representative requests right of return and the facility denies right of return, then the facility shall give written notice (SDS 0510).

(6) Persons with right of return have priority over all persons with right of readmission.

(7) Residents with a right of return are entitled to return to the facility immediately upon discharge from the hospital unless the resident's bed has been filled in compliance with this rule and there is no available bed in the facility.

Right to Readmission

(1) Any person transferred from a facility voluntarily or involuntarily shall have the right of readmission to the facility from which the person was transferred, provided that:

(a) A request for readmission is made within 180 days of the date of transfer;

(b) The person is eligible by means of payment and requires nursing facility care; and

(c) No determination was made at informal conference or hearing that the person shall not have the right of readmission.

(2) Section (1) of this rule does not require a facility to accept a person in a bed located in a room which is occupied by a resident of the opposite sex at the time of the request.

EXCEPTION: A facility is required to accept a person to a room occupied by a resident of the opposite sex if the respective resident previously shared a room in the facility and if neither resident objects to the admission.

(3) Section (1) of this rule does not require a facility to accept a person who voluntarily transferred from the facility directly to another nursing facility.

(4) If a person or his or her legal representative request readmission, and the facility denies readmission, then the facility shall give written notice (SDS 0510).

(5) A former resident who receives Medicaid does not have the right to be readmitted to a facility which is not Medicaid certified unless reimbursement is available pursuant to OAR 411-070-0010.

(6) If more than one person has a right of readmission, priority in allocation of vacancies shall be determined by the earliest date of application for readmission.

(7) A person whose stay in the facility totals 30 or fewer days and was transferred pursuant to OAR 411-088-0070(1)(d) (post-hospital extended care services or specialized services) may not have a right of readmission.

(10) "Basic Flat Rate Payment" and "Basic Rate" means the statewide standard payment rate for all long term services provided to a Medicaid resident of a nursing facility, except for services reimbursed through another Medicaid payment source. (11) "Capacity" means licensed nursing beds multiplied by number of days in operation.

(12) "Case Manager" means a Department of Human Services or Area Agency on Aging employee who assesses the service needs of an applicant, determines eligibility, and offers service choices to the eligible individual. (a) Salaries paid or accrued;

(b) Supplies and services provided for personal use;

(c) Compensation paid by the facility to employees for the sole benefit of the owner;

(d) Fees for consultants, directors, or any other fees paid regardless of the label;

(e) Key man life insurance;

(f) Living expenses, including those paid for related persons; or

(g) Gifts for employees in excess of federal Internal Revenue Service reporting guidelines.

(19) "Complex Medical Add-On Payment" and "Medical Add-On" means the statewide standard supplemental payment rate for a Medicaid resident of a nursing facility whose service is reimbursed at the basic rate if the resident needs one or more of the medication procedures, treatment procedures, or rehabilitation services listed in OAR 411-070-0091, for the additional licensed nursing services needed to meet the resident's increased needs.

(20) "Continuous" means more than once per day, seven days per week. Exception: If only skilled rehabilitative services and no skilled nursing services are required, "continuous" means at least once per day, five days per week.

(21) "Costs Not Related to Resident Services" means costs that are not appropriate or necessary and proper in developing and maintaining the operation of a nursing facility. Such costs are not allowable in computing reimbursable costs. Costs not related to resident services include, for example, cost of meals sold to visitors, cost of drugs sold to individuals who are not residents, cost of operation of a gift shop, and similar items.

Direct costs are further defined in OAR 411-070-0359 and 411-070-0465. Examples: The person who feeds food to the resident is directly meeting the resident's needs, but the person who cooks the food is not. The person who is trained to meet the resident's needs incurs direct costs whereas the person providing the training is not. Costs for items that are capitalized or depreciated are excluded from this definition.

(28) "Division of Medical Assistance Programs (DMAP)" means a Division, within the Oregon Health Authority, responsible for coordinating the medical assistance programs within the State of Oregon including the Oregon Health Plan Medicaid demonstration, the State Children's Health Insurance Program, and several other programs.

(38) "Indirect Costs" mean the costs associated with property, administration, and other operating support (real property taxes, insurance, utilities, maintenance, dietary (excluding food), laundry, and housekeeping). Indirect costs are further described in OAR 411-070-0359 and 411-070-0465.

Complex Medical Add-On Effective Start and End Dates and Administrative Review

(1) Effective Complex Medical Add-On Start and End Dates

(a) Complex Medical Add-On Start Date:

(A) Admission of any Medicaid resident whose condition or service needs meet the criteria for a complex medical add-on procedure code; or

(B) A current Medicaid resident whose condition or service needs change and now meets the criteria for a complex medical add-on procedure code. This includes a readmission or return of a Medicaid resident following a leave of absence from the nursing facility whose needs meet add-on criteria.

(b) Complex Medical Add-On End date — For a resident whose condition or service needs meet a complex medical add-on procedure code, the complex medical add-on is effective only until the last date the resident's condition or need continues to meet complex medical add-on procedure code criteria.

(2) ADMINISTRATIVE REVIEW. If a provider disagrees with the decision of APD's Complex Medical Add-On Coordinator to make or deny an adjustment in the complex medical add-on payment for a Medicaid resident, the provider may request from APD an administrative review of the decision. The provider must submit its request for review in writing within 30 days of receipt of the notice to make or deny the adjustment. The provider must submit documentation, as requested by APD, to substantiate its position. APD shall notify the provider in writing of its informal decision within 45 days of APD's receipt of the provider's request for review. APD's informal decision shall be an order in other than a contested case and subject to review pursuant to ORS 183.484.

(3) OVERPAYMENT FOR COMPLEX MEDICAL ADD-ONS. APD shall collect monies that were overpaid to a facility for any period APD determines the resident's condition or service needs did not meet the criteria for the complex medical add-on, or determines the facility did not maintain the required documentation.

Pre-Admission Screening and Resident Review (PASRR)

(1) INTRODUCTION. PASRR was mandated by Congress as part of the Omnibus Budget Reconciliation Act of 1987 and is codified in Section 1919(e)(7) of the Social Security Act. Final regulations are contained in 42 CFR, Part 483, subparts C through E. The purpose of PASRR is to prevent the placement of individuals with mental illness or intellectual or developmental disabilities in a nursing facility unless their medical needs clearly indicate that they require the level of service provided by a nursing facility. Categorical determination, as described in section (2) of this rule, are groupings of individuals with mental illness or intellectual or developmental disabilities who may be admitted to a nursing facility without a PASRR Level II evaluation.

(2) CATEGORICAL DETERMINATIONS.

(a) Exempted hospital discharge:

(A) The individual is admitted to the nursing facility directly from a hospital after receiving acute inpatient care at the hospital; or

(B) The individual is admitted to the nursing facility directly from a hospital after receiving care as an observation-status; and

(C) The individual requires nursing facility services for the condition for which he or she received care in the hospital; and

(D) The individual's attending physician has certified before admission to the facility that the individual is likely to require nursing facility services for 30 days or less.

(b) End of life care for terminal illness. The individual is admitted to the nursing facility to receive end of life care and the individual has a life expectancy of six months or less.

(c) Emergency situations with nursing facility admission not to exceed seven days unless authorized by AAA or APD staff.

(A) The individual requires nursing facility level of service; and

(B) The emergency is due to unscheduled absence or illness of the regular caregiver; or

(C) Nursing facility admission is the result of protective services action.

(3) PASRR includes three components.

(a) PASRR LEVEL I. PASRR Level I is a screening process that is conducted prior to nursing facility admission for all individuals applying as new admissions to a Medicaid certified nursing facility regardless of the individual's source of payment. The purpose of the screening is to identify indicators of mental illness or intellectual or developmental disabilities that may require further evaluation {42 CFR 483.128} or if categorical determinations, as described in section (2) of this rule, which verify that the nursing facility service is required.

(A) PASRR Level I screening is performed by AAA or APD authorized staff, private admission assessment (PAA) programs, professional medical staff working directly under the supervision of the attending physician, or by organizations designated by DHS.

(B) Documentation of PASRR Level I screening is completed using a APD-designated form.

(C) If there are no indicators of mental illness or intellectual or developmental disabilities or if the individual belongs to a categorically determined group, the individual may be admitted to a nursing facility subject to all other relevant rules and requirements.

(D) If PASRR Level I screening determines that an individual has indicators of mental illness and no categorical determinations are met, then the individual cannot be admitted to a nursing facility. The Level I assessor must contact AMH and request a PASRR Level II evaluation.

(E) If PASRR Level I screening determines that an individual has indicators of intellectual or developmental disabilities and no categorical determinations are met, then the individual cannot be admitted to a nursing facility. The Level I assessor must contact APD and request a PASRR Level II evaluation.

(F) Except as provided in section (3)(a)(F)(ii) of this rule, nursing facilities must not admit an individual without a completed and signed PASRR Level I screening form in the individual's resident record.

(i) Completion of the PASRR Level I form under sections (3)(a)(A) through (3)(a)(F) of this rule does not constitute prior authorization of payment. Nursing facilities must still obtain prior authorization from the local AAA or APD office as required in OAR 411-070-0035.

(ii) A nursing facility may admit an individual without a completed and signed PASRR Level I form in the resident record provided the facility has received verbal confirmation from the Level I assessor that the screening has been completed and a copy of the PASRR Level I form will be sent to the facility as soon as is reasonably possible.

(iii) The original or a copy of the PASRR Level I form must be retained as a permanent part of the resident's clinical record and must accompany the individual if he or she transfers to another nursing facility.

(b) PASRR LEVEL II. PASRR Level II is an evaluation and determination of whether nursing facility service and specialized services are needed for an individual who has been identified through the PASRR Level I screening process with indicators of mental illness or intellectual or developmental disabilities who does not meet categorical determination criteria (42 CFR 483.128).

(A) Individual's identified with indicators or mental illness or intellectual or developmental disabilities as a result of PASRR Level I screening are referred for PASRR Level II evaluation and determination.

(B) PASRR Level II evaluations and determinations are conducted by AMH for individuals with mental illness or by APD for individuals with intellectual or developmental disabilities.

(C) PASRR Level II evaluations result in a determination of an individual's need for nursing facility services and specialized services (42 CFR 483.128-136) consistent with federal regulations established by the Social Security Act, Section 1919(e)(7)(C).

(D) Pursuant to 42 CFR 483.130(l), the written determination must include the following findings:

(i) Whether a nursing facility level of services is needed;

(ii) Whether specialized services are needed;

(iii) The placement options that are available to the individual consistent with these determinations; and

(iv) The rights of the individual to appeal the determination.

(E) The PASRR Level II evaluation report must be sent to the individual or their legal representative, the individuals attending physician, and the admitting or retaining nursing facility. In the case of an individual being discharged from the hospital, the discharging hospital must receive a copy of the PASRR evaluation report as well (42 CFR 483.128(l)(1)–(3)).

(F) Denials of nursing facility service are subject to appeal (OAR 137-003, OAR 461-025 & 42 CFR Subpart E).

(c) RESIDENT REVIEW. Resident reviews are conducted by AMH for individuals with indicators of mental illness or APD for individuals with intellectual or developmental disabilities who are residents of nursing facilities. Based on the findings of the resident review, a PASRR Level II may be requested. {42 CFR 483.114}.

(A) All residents of a Medicaid certified nursing facility may be referred for resident review when symptoms of mental illness develop.

(i) Resident review for individuals with indicators of mental illness that require further evaluation must be referred to the local Community Mental Health Program who shall determine eligibility for PASRR Level II evaluations.

(ii) The resident review form, part A, must be completed by the nursing facility. The resident review must be performed in conjunction with the comprehensive assessment specified by the AMH, in accordance with OAR 411-086-0060.

(B) All individuals identified as having intellectual or developmental disabilities through the PASRR Level I screening process that are admitted to a nursing facility must receive a resident review. A resident review must be conducted within seven days if the nursing facility admission is due to an emergency situation (OAR 411-070-0043(2)(c)(A)–(C)), within 20 days if the nursing facility admission is due to other categorical determinations (OAR 411-070-0043(2)(a)–(b)), and annually, or as dictated by changes in resident's needs or desires.

(i) The resident review must be completed by APD or designee.

(ii) The resident review must be completed using forms designated by APD.

(4) SPECIALIZED SERVICES.

(a) Specialized services for individuals with mental illness are not provided in nursing facilities. Individuals with mental illness who are determined to need specialized services as a result of PASRR Level II evaluation and determination must be referred to another setting.

(b) Specialized services for individuals with intellectual or developmental disabilities under age 21 are equal to school services and must be based on the Individualized Education Plan.

(c) Specialized services for individuals with intellectual or developmental disabilities over age 21 are not provided in nursing facilities. Individuals with intellectual or developmental disabilities over age 21 that are determined to need specialized services as a result of PASRR Level II evaluation and determination must be referred to another setting.

(5) RESPITE CARE. Respite care in nursing facilities for individuals with mental illness, intellectual, or developmental disabilities is approved under the following conditions:

(a) For individuals with mental illness, a nursing facility admission for respite care must be authorized by AMH and for individuals with intellectual or developmental disabilities, a nursing facility admission for respite care must be authorized by APD Central Office;

(b) Nursing facility respite stay must be limited to no more than a total of 56 respite days within a calendar year although APD may grant exceptions to this limit at its discretion;

(c) Nursing facility level of service must be required to meet a severe medical condition that excludes care needs due to mental illness or intellectual or developmental disabilities; and

(d) There must not be a viable community care setting available that is appropriate to meet the individual's respite care needs as determined by section (5)(a) of this rule.

Complex Medical Add-On Services

(1) LICENSED NURSING SERVICES. If a Medicaid resident qualifies for payment at the basic rate and if the resident's condition or service needs are determined to meet one or more of the procedures, routines, or services listed in this rule, and the nursing facility maintains documentation per OAR 411-070-0027, APD may pay a complex medical add-on payment (in addition to the basic rate) for the additional licensed nursing services needed to meet the resident's increased needs.

(a) Medication Procedures.

(A) M-1 — Administration of medication, at least daily, requiring skilled observation and judgment for necessity, dosage, and effect, for example new anticoagulants. (This category is limited to non-routine subcutaneous injections and does not include insulin, or the infrequent adjustments of current medications). The facility must maintain a daily nursing note.

(B) M-2 — Intravenous injections or infusions, heparin locks used daily or continuously for hydration or medication. The facility must maintain a daily nursing note. For total parenteral nutrition (TPN) the facility must maintain daily documentation on a flow sheet and must maintain a weekly nursing note.

(C) M-4 — Intramuscular medications for unstable condition used at least daily. The facility must maintain a daily nursing note.

(D) M-5 — External infusion pumps used at least daily. This does not include external infusion pumps when the resident is able to self bolus. The facility must maintain a daily nursing note.

(E) M-6 — Hypodermoclysis - daily or continuous use. The facility must maintain a daily nursing note.

(F) M-7 — Peritoneal dialysis, daily. This does not include residents who can do their own exchanges. The facility must maintain a daily nursing note.

(b) Treatment Procedures.

(A) T-1 — Nasogastric, Gastrostomy or Jejunostomy tubes used daily for feedings. The facility must maintain daily information on a flow sheet and a weekly nursing note.

(B) T-2 — Nasopharyngeal suctioning, twice a day or more. Tracheal suctioning, as required, for a resident who is dependent on nursing staff to maintain airway. The facility must maintain a daily nursing note.

(C) T-3 — Percussion, postural drainage, and aerosol treatment when all three are performed twice per day or more. The facility must maintain a daily nursing note.

(D) T-4 — Ventilator dependence. Services for a resident who is dependent on nursing staff for initiation, monitoring, and maintenance. The facility must maintain a daily nursing note.

(c) Skin or Wound.

(A) S-1 — Is limited to visible Stage III or IV pressure ulcers that require aggressive treatment with documented expectation of ulcer resolution. The facility must maintain a weekly wound assessment and a weekly nursing note. A healing Stage III or IV pressure ulcer that has the visual appearance of a Stage II pressure ulcer cannot be considered eligible for purposes of complex medical criteria.

The pressure ulcer is eligible for add-on until the last day the ulcer is visibly a Stage III pressure ulcer. For complex medical add-on, facilities must stage the ulcer as it is visualized in appearance in accordance to the below definitions for determining if a resident's needs meet or continue to meet complex medical add-on criteria.

(i) Pressure ulcer means any skin ulcer caused by pressure resulting in damage of underlying tissues. Other terms used to indicate this condition include decubitus ulcers.

(ii) Stage II means a partial thickness loss of skin layers that presents clinically as an abrasion, blister, or shallow crater.

(iii) Stage III means a full thickness of skin is lost, exposing the subcutaneous tissues. Presents as a deep crater with or without undermining adjacent tissue.

(iv) Stage IV means a full thickness of skin and subcutaneous tissue is lost, exposing muscle or bone.

(B) S-2 — Open wounds as defined by dehisced surgical wounds or surgical wounds not closed primarily that require aggressive treatment and are expected to resolve. The facility must maintain a weekly wound assessment and a weekly nursing note.

(C) S-3 — Deep or infected stasis ulcers with tissue destruction equivalent to at least a Stage III. The facility must maintain a weekly wound assessment and a weekly nursing note. The stasis ulcer is eligible for add-on until the last day the ulcer is visually equivalent to a Stage III, or if the stasis ulcer is an infected, chronic Stage III or IV, it is eligible for add-on until it is no longer infected and returns to previous chronic Stage III or IV state. For complex medical add-on, facilities must stage the ulcer as it is visualized in appearance in accordance to the below definitions for determining if a resident's needs meet or continue to meet complex medical add-on criteria.

(i) Stasis ulcer means a skin ulcer, usually in the lower extremities, caused by altered blood flow from chronic vascular insufficiency, also referred to as venous insufficiency, lymphedema, arterial insufficiency, or peripheral vascular disease.

(ii) Stage II means a partial thickness loss of skin layers that presents clinically as an abrasion, blister, or shallow crater.

(iii) Stage III means a full thickness of skin is lost, exposing the subcutaneous tissues. Presents as a deep crater with or without undermining adjacent tissue.

(iv) Stage IV means a full thickness of skin and subcutaneous tissue is lost, exposing muscle or bone.

(v) A healing Stage III or IV stasis ulcer that has the visual appearance of a Stage II stasis ulcer cannot be considered eligible for purposes of complex medical criteria.

(vi) A chronic Stage III or IV stasis ulcer that is no longer infected and has returned to previous chronic Stage III or IV status cannot be considered eligible for purposes of complex medical criteria.

(d) O-4— Insulin Dependent Diabetes Mellitus (IDDM).

(A) Unstable IDDM in a resident who requires sliding scale insulin; and

(i) Exhibits signs or symptoms of hypoglycemia or hyperglycemia, or both;

(ii) Requires nursing or medical interventions such as extra feeding, glucagon, or additional insulin, and transfer to emergency room; and

(iii) Is having insulin dosage adjustments.

(B) The facility must maintain a daily nursing note. A Medication Administration Record is required when sliding scale insulin or other medication related to the IDDM has been administered. While all three criteria do not need to be present on a daily basis, the resident must be considered unstable. A resident with erratic blood sugars, without a need for further interventions, does not meet this criteria.

(e) Other.

(A) O-1 — Professional Teaching. Short term, daily teaching pursuant to discharge or a self-care plan. The facility must maintain a teaching plan and a weekly nursing note.

(B) O-2 — Emergent medical or surgical problems, requiring short term licensed nursing observation and assessment. Eligibility for the add-on will be until the resident no longer requires additional licensed nursing observation and assessment for this medical or surgical problem. The facility must maintain a nursing note every shift.

(C) O-3 — Emergent Behavior Problems — Emergent behavior is a sudden, generally unexpected change or escalation in behavior of a resident that poses a serious threat to the safety of self or others and requires immediate intervention, consultation, and a care plan. Eligibility for the add-on will be until the resident no longer requires additional licensed nursing observation and assessment for this medical problem. The facility must maintain a nursing note every shift.

(f) Effective September 1, 2012, the Department shall no longer provide the complex medical add-on for Provider Preventable Conditions (PPC).

(A) Nursing facilities may not receive complex medical add-on if the need for the complex medical add-on was caused by a PPC and the need for complex medical add-on did not exist prior to treatment or intervention.

(B) No reduction in payment for a PPC shall be imposed on a provider when the condition defined as a PPC for a particular individual occurred outside of the nursing facility or prior to admission.

(C) Regardless of payment requests, a nursing facility must report each PPC event to the Department through a Department approved reporting system.

(2) R-1 — REHABILITATION SERVICES.

(a) Physical Therapy — At least five days every week. The facility must maintain the therapist's notes and a weekly nursing progress note related to the rehabilitation services being provided.

(b) Speech Therapy — At least five days every week. The facility must maintain the therapist's notes and a weekly nursing progress note related to the rehabilitation services being provided.

(c) Occupational Therapy — At least five days every week. The facility must maintain the therapist's notes and a weekly nursing progress note related to the rehabilitation services being provided.

(d) Any combination of physical therapy, occupational therapy, and speech therapy at least five days every week qualifies. The facility must maintain the therapist's notes and a weekly nursing progress note related to the rehabilitation services being provided.

(e) Respiratory Therapy — At least five days every week by a respiratory therapist. These services must be authorized by Medicare, Medicaid Oregon Health Plan, or a third party payor. The facility must maintain the therapist's notes and a weekly nursing progress note.

Subject: The Department of Human Services (Department) is permanently updating the rules for the K-State Plan in OAR chapter 411, division 035 to make permanent temporary changes that became effective on November 10, 2014. The Department needs to amend OAR 411-035-0010 to be less restrictive in the definitions for Activities of Daily Living (ADL), Instrumental Activities of Daily Living (IADL), and any other related definitions. This needs to be done because the K-State Plan approved by the Center for Medicare and Medicaid Services (CMS) did not apply the limitations from OAR 411-015-0006 and 411-015-0007 to the ADL and IADL definitions and services provided for in this rule. This will be accomplished by removing the references to OAR 411-015-0006 and 411-015-0007 in the definitions for ADL, IADL, and any other related definitions in this rule.

Definitions

Unless the context indicates otherwise, the following definitions apply to the rules in OAR chapter 411, division 035:

(1) "AAA" means "Area Agency on Aging" as defined in this rule.

(2) "Activities of Daily Living (ADL)" mean those personal, functional activities required by an individual for continued well-being, which are essential for health and safety. Activities include, but are not limited to, eating, dressing/grooming, bathing/personal hygiene, mobility (ambulation and transfer), elimination (toileting, bowel, and bladder management), and cognition/behavior.

(3) "ADL" means "activities of daily living" as defined in this rule.

(4) "Alert Systems" means a unit that is worn by the individual or is located in the individual's home for the purpose of generating notification that an emergency has or may occur.

(5) "Area Agency on Aging (AAA)" means the Department designated agency charged with the responsibility to provide a comprehensive and coordinated system of services to older adults or individuals with disabilities in a planning and service area. The term Area Agency on Aging is inclusive of both Type A and Type B Area Agencies on Aging as defined in ORS 410.040 and described in ORS 410.210 to 410.300.

(6) "Assistive Technology" means equipment that provides additional security and support to an individual and replaces the need for human interventions. Assistive technologies enable an individual to self-direct their care and maximize their independence.

(7) "Back-up systems", for the purpose of these rules, mean devices or electronic systems, which secure help in emergencies, safety in the community, or are other reminders that help an individual with activities, including, but not limited to, medication management, eating, or other types of monitoring.

(8) "Case Manager" means an employee of the Department or Area Agency on Aging who assesses the service needs of an individual, determines eligibility, and offers service choices to the eligible individual. The case manager authorizes and implements an individual's service plan, and monitors the services delivered as described in OAR chapter 411, division 28.

(9) "Chore Services" means specific services intended to ensure the individual's home is safe and allows for independent living.

(10) "Consumer" or "Consumer-Employer" means the person applying for or eligible for Medicaid home or community-based services.

(11) "Cost Effective" means being responsible and accountable with Department resources by offering less costly alternatives when providing choices that adequately meet an individual's service needs. Less costly alternatives may include other programs available from the Department, the utilization of assistive devices, natural supports, architectural modifications, and alternative service resources (defined in OAR 411-015-0005). Less costly alternatives may include resources not paid for by the Department.

(12) "Department" means the Department of Human Services (DHS).

(13) "Durable Medical Equipment", is an apparatus, such as a walker, which is primarily used to serve a medical purpose and is appropriate to use in the individual's home.

(14) "Environmental Modifications" means the changes made to adapt living spaces to meet specific service needs of eligible individuals with physical limitations to maintain their health, safety, and independence.

(15) "Exception" means the individual has service needs above the limits described in this rule, and documented in the assessment and service plan that warrant an exception for payment.

(16) "IADL" means "instrumental activities of daily living" as defined in this rule.

(17) "Individual" means the person applying for or eligible for services.

(18) "In-Home Services" mean the activities of daily living and instrumental activities of daily living that assist an individual to stay in his or her own home or the home of a relative.

(19) "Instrumental Activities of Daily Living (IADL)" means those activities that include, but are not limited to, activities other than the activities of daily living, required by an individual to continue independent living. Activities include, but are not limited to, housekeeping, laundry, meal preparation, medication management, shopping, and transportation.

(20) "Long-Term Care" means the Medicaid system through which the Department provides nursing facility, community-based, and in-home services to eligible adults who are aged, blind, or have physical disabilities.

(21) "Medication Reminders" are devices used for the purpose of prompting an individual to take their medication.

(22) "Natural Supports" means resources and supports (e.g. relatives, friends, neighbors, significant others, roommates, or the community) who are willing to voluntarily provide services to an individual without the expectation of compensation. Natural supports are identified in collaboration with the individual and the potential "natural support". The natural support is required to have the skills, knowledge, and ability to provide the needed services and supports.

(23) "Person-centered Assessment and Service Plans" means:

(a) A process, either formal or informal, for gathering and organizing information that helps an individual:

(A) Determine and describe choices about personal goals, activities, and lifestyle preferences;

(B) Design strategies and networks of support to achieve goals and a preferred lifestyle using individual strengths, relationships, and resources; and

(C) Identify, use, and strengthen naturally occurring opportunities for support at home and in the community.

(b) The methods for gathering information vary, but all are consistent with individual needs and preferences.

(24) "Personal Emergency Response Systems" mean a type of electronic back-up system that:

(a) Secures help for individuals in an emergency;

(b) Ensures a consumer's safety in the community; and

(c) Includes other reminders that help an individual with their activities of daily living and instrumental activities of daily living.

(25) "Rate Schedule" means the rate schedule maintained by the Department at http://www.dhs.state.or.us/spd/tools/program/osip/rateschedule.pdf. Printed copies may be obtained by calling (503) 945-6398 or writing the Department of Human Services, Aging and People with Disabilities, ATTN: Rule Coordinator, 500 Summer Street NE, E-48, Salem, Oregon 97301.

(26) "Representative" means a person with longstanding involvement in assuring the individual's health, safety, and welfare that is appointed by an individual to participate in service planning on the individual's behalf. In all cases, unless the individual is incapable, the individual's consent is obtained before designating a representative on the individual's behalf. When feasible, the individual's authorization of a representative is made in writing or by another method that clearly indicates the individual's free choice. An individual's representative is not a paid provider to an individual receiving services and supports.

(27) "Service Need" means the assistance an individual requires from another person, or equipment that replaces the need for another person, for those functions or activities.

(28) "Transition Services" means those services and supports necessary for an individual to transition from a nursing facility or the Oregon State Hospital to a community-based care or in-home setting.

(29) "Voluntary Consumer Training Services" means activities to empower and inform individuals receiving in-home services regarding their rights, role, and responsibilities as employers of care providers.

A child on the wait list may access other Medicaid-funded services or General Fund services for which the child is determined eligible through the CDDP.

(a) The date of the initial completed application for CIIS determines the order on the wait list. A child, who previously received CIIS that currently meets the criteria for eligibility as described in section (1) of this rule, is put on the wait list as of the date the original application for CIIS was complete.

(b) The date the application for CIIS is complete is the date that the Department has the required demographic data for the child and a statement of eligibility for developmental disability services.

(1) MFC services are intended to support, not supplant, the naturally occurring services provided by a legally responsible primary caregiver and enable the primary caregiver to meet the needs of caring for a child on the Hospital Model Waiver. MFC services are not meant to replace other available governmental or community services and supports. All services funded by the Department must be provided in accordance with the Expenditure Guidelines and based on the actual and customary costs related to best practice standards of care for children with similar disabilities.

(2) The use of MFC funds to purchase supports is limited to:

The functional needs assessment determines the total number of hours needed to meet the identified needs of the child. The total number of hours may not be exceeded without prior approval from the Department. The types of services that contribute to the total number of hours used include attendant care, skills training, hourly relief care, and private duty nursing.

(b) Other services and supports determined by a services coordinator to be necessary to meet the support needs identified through a person-centered planning process and consistent with the Expenditure Guidelines.

(3) To be authorized and eligible for payment by the Department, all MFC services and supports must be:

(f) Included in an approved ISP;

(g) Provided in accordance with the Expenditure Guidelines; and

(h) Based on the actual and customary costs related to best practice standards of care for children with similar disabilities.

(4) When conditions of purchase are met and provided purchases are not prohibited under section (27) of this rule, MFC funds may be used to purchase a combination of the following supports based upon the needs of a child as determined by a services coordinator and consistent with a functional needs assessment, clinical criteria, initial or annual ISP, and the OSIPM or OHP Plus benefits the child qualifies for:

In addition, separate vehicle modification projects that cumulatively total up to over $5,000 in a plan year must be submitted to the Department for review.

(d) Vehicle modifications must meet applicable standards of manufacture, design, and installation.

(19) SPECIALIZED MEDICAL SUPPLIES. Specialized medical supplies do not cover services which are otherwise available to a child under Vocational Rehabilitation and Other Rehabilitation Services, 29 U.S.C. 701-796l, as amended, or the Individuals with Disabilities Education Act, 20 U.S.C. 1400 as amended. Specialized medical supplies may not overlap with, supplant, or duplicate other services provided through a waiver, OHP, or Medicaid state plan services.

(20) SPECIAL DIET.

(a) A special diet is a supplement and is not intended to meet the complete, daily nutritional requirements for a child.

(b) A special diet must be ordered at least annually by a physician licensed by the Oregon Board of Medical Examiners and periodically monitored by a dietician or physician.

(c) The maximum monthly purchase for special diet supplies may not exceed $100 per month.

(d) Special diet supplies must be in support of an evidence-based treatment regimen.

(e) A special diet excludes restaurant and prepared foods, perishables vitamins, and supplements.

(21) INDIVIDUAL-DIRECTED GOODS AND SERVICES.

(a) Individual-directed goods and services provide equipment and supplies that are not otherwise available through another source, such as waiver services or state plan services.

(b) Individual-directed goods and services are therapeutic in nature and must be recommended in writing by at least one licensed health professional or by a behavior consultant.

(c) Individual-directed goods and services must directly address an identified disability related need of a child in the ISP.

(d) Individual-directed goods and services must:

(A) Decrease the need for other Medicaid services;

(B) Promote inclusion of a child in the community; or

(C) Increase the safety of a child in the family home.

(e) Individual-directed goods and services may not be:

(A) Otherwise available through another source, such as waiver services or state plan services;

(B) Experimental or prohibited treatment; or

(C) Goods or services that are normally purchased by a family for a typically developing child of the same age.

(f) Individual-directed goods and services purchased must be the most cost effective option available to meet the needs of the child.

(22) PRIVATE DUTY NURSING. If the service needs of a child require the presence of an RN or LPN on an ongoing basis as determined medically necessary based on the assessed needs of the child, private duty nursing services may be allocated to ensure medically necessary supports are provided.

(a) Private duty nursing may be provided on a shift staffing basis as necessary.

(b) Private duty nursing must be delivered by a licensed RN or LPN, as determined by the service needs of the child and documented in the ISP and Nursing Service Plan.

(c) The amount of private duty nursing available to a child is based on the acuity level of the child as measured by the clinical criteria as follows:

(A) Level 1. Score of 75 or above and on a ventilator for 20 hours or more per day = up to a maximum of 554 nursing hours per month;

(B) Level 2. Score of 70 or above = up to a maximum of 462 nursing hours per month;

(C) Level 3. Score of 65 to 69 = up to a maximum of 385 nursing hours per month;

(D) Level 4. Score of 60 to 64 = up to a maximum of 339 nursing hours per month;

(E) Level 5. Score of 50 to 59 or if a child requires ventilation for sleeping hours = up to a maximum of 293 nursing hours per month; and

(F) Level 6. Score of less than 50 = up to a maximum of 140 nursing hours per month.

(23) All MFC services authorized by the Department must be included in a written ISP in order to be eligible for payment. The ISP must use the most cost effective services for safely and appropriately meeting the service needs of a child as determined by a services coordinator. Any goods purchased with MFC funds that are not used according to an ISP may be immediately recovered by the Department.

(24) All requests for General Fund expenditures and expenditures exceeding limitations in the Expenditure Guidelines must be authorized by the Department. The approval of the Department is limited to 90 days unless re-authorized. Exceptions associated with criteria hours may be approved for up to six months to align with the criteria redetermination. A request for a General Fund expenditure or an expenditure exceeding limitations in the Expenditure Guidelines is only authorized in the following circumstances:

(a) To prevent the hospitalization of a child;

(b) To provide initial teaching of new service needs;

(c) The child is not safely served in the family home without the expenditure;

(d) The expenditure provides supports for the emerging or changing service needs or behaviors of the child;

(e) A significant medical condition or event, as documented by a primary care provider, prevents or seriously impedes the primary caregiver from providing services; or

(f) The services coordinator determines, with a behavior consultant, that the child needs two staff present at one time to ensure the safety of the child and others. Prior to approval, the services coordinator must determine that a caregiver, including the parent or guardian, has been trained in behavior management and that all other feasible recommendations from the behavior consultant and the services coordinator have been implemented.

(25) Payment for MFC services is made in accordance with the Expenditure Guidelines.

(26) The Department may expend funds through contract, purchase order, use of credit card, payment directly to the vendor, or any other legal payment mechanism. No payments are made to families for reimbursement or to pay for services.

(27) The Department does not pay for MFC services that are:

(a) Illegal, experimental, or determined unsafe for the general public by a recognized child or consumer safety agency;

(b) Notwithstanding abuse as defined in ORS 419B.005, abusive, aversive, or demeaning;

(c) Not necessary, not in accordance with the Expenditure Guidelines, not cost effective, or do not meet the definition of support or social benefit as defined in OAR 411-350-0020;

(d) Educational services for school-age children, including professional instruction, formal training, and tutoring in communication, socialization, and academic skills;

(e) Services or activities that the legislative or executive branch of Oregon government has prohibited use of public funds;

(f) Medical treatments; or

(g) Provided by private health insurance, OHP, or alternative resources.

Notice Publication Date:
Rules Amended: 461-160-0055
Subject: OAR 461-160-0055 about medical deductions allowed in the GA, GAM, OSIP, OSIPM, and SNAP programs is being amended to add a provision that for the SNAP Program, costs for items which can be purchased with SNAP benefits, including but not limited to special diets, nutritional drinks, or organic foods, are not allowable medical deductions, even if prescribed by a medical professional.
Rules Coordinator: Kris Skaro—(503) 945-6067

461-160-0055
Medical Costs That are Deductible; GA, GAM, OSIP, OSIPM, SNAP

(1) This rule applies only to SNAP filing group (see OAR 461-110-0370) members who are elderly (see OAR 461-001-0015) or who have a disability (see OAR 461-001-0015), and to clients in the GA, GAM, OSIP, and OSIPM programs.

(2) Medical costs are deductible to the extent a deduction is authorized in OAR 461-160-0415 and 461-160-0430 and in this rule.

(3) Health and hospitalization insurance premiums and coinsurance are deductible. In the OSIPM and SNAP programs, health insurance premiums paid less frequently than monthly may be prorated over the period covered by the premium.

(4) In the OSIPM and SNAP programs:

(a) Long-term care insurance premiums are deductible if the insurance pays for services while an individual is:

(A) Receiving home and community-based care (see OAR 461-001-0030);

(B) Receiving nursing facility services; or

(C) In an intermediate care facility for the mentally retarded (ICF/MR).

(b) A policy that is set up to pay a lump sum, similar to life insurance, is not deductible.

(5) The cost of a medical service is deductible if it is:

(a) Provided by, prescribed by, or used under the direction of a licensed medical practitioner; or

(b) Except in the SNAP program, a medical necessity approved by the Department.

(6) Medical deductions are also allowed for, among other things, the cost of:

(b) Prescription drugs and over-the-counter medications prescribed by a licensed practitioner, the annual fee for a drug prescription card, medical supplies and equipment, dentures, hearing aids, prostheses, and prescribed eyeglasses.

(c) In the SNAP program, such items as the following:

(A) Nursing care, nursing home care, and hospitalization, including payments for an individual who was a member of the filing group immediately prior to entering a hospital or a nursing home certified by the state. Deduction of these payments is also allowed for an individual who was a member of the filing group immediately prior to death if the remaining filing group members are legally responsible for payment of the expenses.

(B) Services of an attendant, home health aid, housekeeper, or provider of dependent care necessary due to the client's age or illness, including an amount equal to a one-person SNAP benefit group (see OAR 461-110-0750) if the client furnishes the majority of an attendant's meals.

(C) Prescribed assistance animals (such as a Seeing Eye Dog, Hearing Dog, or Housekeeper Monkey) that have received special training to provide a service to the client. This deduction includes the cost of acquiring these animals, their training, food, and veterinarian bills.

(D) Reasonable costs for transportation and lodging needed to obtain medical treatment or services.

Rule Caption: Exempts some clients eligible for Temporary Assistance for Domestic Violence Survivors from ERDC reservation list
Adm. Order No.: SSP 10-2015
Filed with Sec. of State: 3-12-2015
Certified to be Effective: 3-31-15
Notice Publication Date: 2-1-2015
Rules Amended: 461-115-0016
Subject: OAR 461-115-0016 about the application process and reservation list for the Employment Related Day Care (ERDC) program is being amended to make permanent a temporary rule adopted on October 1, 2014, that added an additional exemption under which otherwise eligible ERDC families would not be placed on the reservation list. Under the amendment, new ERDC applicants that include a filing group member who is determined eligible for Temporary Assistance for Domestic Violence Survivors (TA-DVS) program benefits from the State of Oregon in the current month or at least one of the preceding three months will meet an exception to the ERDC reservation list.
Rules Coordinator: Kris Skaro—(503) 945-6067

461-115-0016
Application Process; Reservation List for ERDC

Notwithstanding any other rule in chapter 461 of the Oregon Administrative Rules, in the ERDC program:

(1) Eligibility (see OAR 461-001-0000) is subject to the availability of funds. The Department may implement a Child Care Reservation List whenever the Department determines that sufficient funding is not available to sustain benefits for all of the applicants requesting assistance.

(2) Except as provided in section (3) of this rule, the following applicants are subject to placement on the Child Care Reservation List when the Child Care Reservation List is in effect:

(a) New applicants for ERDC when no member of the ERDC filing group (see OAR 461-110-0350) meets the requirements of one or more of the following paragraphs:

(A) Received a partial or full month of REF, SFPSS, or TANF program cash benefits from the State of Oregon in at least one of the preceding three months; and no member of the ERDC program filing group may be concurrently receiving TANF program benefits except as allowed under OAR 461-165-0030.

(B) Is eligible for and being placed in a current opening in a Head Start program contracted slot under OAR 461-135-0405 or an Oregon Program of Quality contracted slot under OAR 461-135-0407.

(C) The caretaker (see OAR 461-001-0000) is currently working with Child Welfare as part of a CPS assessment or open case, an ongoing safety plan is in place, and Child Welfare has determined the use of child care as part of an ongoing safety plan will:

(i) Prevent removal of the child (see OAR 461-001-0000) from their home;

(ii) Allow a child to be returned home; or

(iii) Allow for placement of the child with a relative or with an adult whom the child or the family of the child has an established relationship.

(D) Determined eligible for TA-DVS program benefits (see OAR 461-135-1225) from the State of Oregon in the current month or at least one of the preceding three months.

(b) Individuals who are reapplying for ERDC after a break in ERDC benefits of two consecutive, calendar months or more.

(3) Except as allowed under OAR 461-165-0030, no member of an ERDC program filing group may be concurrently receiving TANF program benefits. When concurrent benefits are not allowed, the Department sends a decision notice (see OAR 461-001-0000) of ineligibility for the ERDC program and the filing group is not placed on the Child Care Reservation List.

(4) When the Child Care Reservation List is in effect, the Department must place all applicants who are subject to the Child Care Reservation List under section (2) of this rule on the Child Care Reservation List for future selection. The Department sends these applicants a decision notice of ineligibility for the ERDC program.

(5) Each month, on the basis of an estimate of available funds, an appropriate number of individuals from the Child Care Reservation List are randomly selected and invited to apply for ERDC.

(6) After an individual is selected from the Child Care Reservation List, the individual must contact the Department to establish a date of request (see OAR 461-115-0030) no later than 30 days after the date on the selection letter. The individual may request child care benefits from the Department:

(a) Without completing a new application, when the previous application is within 45 days of its date of request; or

(b) By submitting a new application for child care benefits to the Department.

(7) The processing time frame for the ERDC application is the same as that specified in OAR 461-115-0190, except that:

(a) An individual who requests benefits after the 30 day deadline to apply (see section (6) of this rule) will be returned to the Child Care Reservation List.

(b) If the Department does not receive a request for benefits within the deadline to apply, the individual is dropped from the Child Care Reservation List.

(A) The individual is legally married to the child's biological or adoptive parent; and

(B) The marriage has not been terminated by legal separation, divorce, or death.

(c) A legal adoption erases all prior legal and blood relationships and establishes the adoptive parent as the legal parent. However, the biological parent is also considered a "parent" if both of the following are true:

(A) The child lives with the biological parent; and

(B) The legal parent has given up care, control, and supervision of the child.

Program Acronyms and Overview

(1) Acronyms are frequently used when referring to a program. There is an acronym for each umbrella program and acronyms for each subprogram.

(2) When no program acronym appears in a rule in chapter 461 of these rules, the rule with no program acronym applies to all programs listed in this rule. If a rule does not apply to all programs, the rule uses program acronyms to identify the programs to which the rule applies.

(3) Wherever an umbrella acronym appears, that means the rule covers all the subprograms under that code.

(4) CAWEM; Citizen/Alien-Waived Emergent Medical. Medicaid coverage of emergent medical needs for individuals who are not eligible for other medical programs solely because they do not meet citizenship and alien status requirements.

(5) DSNAP; Disaster Supplemental Nutrition Assistance Program. Following a presidential declaration of a major disaster in Oregon, DSNAP provides emergency DSNAP program benefits to victims. OAR 461-135-0491 to 461-135-0497 cover DSNAP eligibility and benefits.

(6) EA; Emergency Assistance. Emergency cash to families without the resources to meet emergent needs.

(7) ERDC or ERDC-BAS; Employment Related Day Care-Basic. Helps low-income working families pay the cost of child care.

(8) GA; General Assistance. Cash assistance to low-income individuals with disabilities who do not have dependent children.

(9) GAM; General Assistance Medical. Medical assistance to individuals who are eligible for the GA program but have not been found eligible for OSIPM benefits.

(10) HSP; Housing Stabilization Program. A program that helps low-income families obtain stable housing. The program is operated through the Housing and Community Services Department through community-based, service-provider agencies. The Department's rules for the program (OAR 461-135-1305 to 461-135-1335) were repealed July 1, 2001.

(11) JOBS; Job Opportunity and Basic Skills. An employment program for TANF clients. JOBS helps these clients attain self-sufficiency through training and employment. The program is part of Welfare Reform.

(12) JOBS Plus. Provides subsidized jobs rather than SNAP or TANF benefits. For TANF clients, JOBS Plus is a component of the JOBS Program; for SNAP clients and noncustodial parents of children receiving TANF, it is a separate employment program. Eligibility for TANF clients, SNAP clients, and noncustodial parents of children receiving TANF is determined by the Department. Eligibility for UI recipients is determined by the Oregon State Employment Department. When used alone, JOBS Plus includes only clients whose JOBS Plus program participation is through the Department of Human Services. JOBS Plus administered through the Oregon State Employment Department is known in chapter 461 of the Oregon Administrative Rules as Oregon Employment Department UI JOBS Plus. The following acronyms are used for specific categories:

(a) TANF-PLS; Clients eligible for JOBS Plus based on TANF.

(b) SNAP-PLS; Clients eligible for JOBS Plus based on SNAP.

(c) NCP-PLS; Noncustodial parents of children receiving TANF.

(13) JPI; Job Participation Incentive. An additional $10 food benefit to help increase the ability of parents with children, who meet federal TANF participation rate, to meet the nutritional needs of their families.

461-110-0210
Household Group

(1) This rule describes who is included in the household group. The household group generally consists of the individuals who live together with or without the benefit of a dwelling. For homeless individuals, the household group consists of the individuals who consider themselves living together.

(2) A separate dwelling is not recognized for the purpose of determining the members of a household group unless the living space has, separate from any other dwelling, an access to the outside that does not pass through another dwelling, a functional sleeping area, bathroom, and kitchen facility.

(3) Each individual in the household group who applies for benefits is an applicant. The household group and applicants form the basis for determining who is in the remaining eligibility groups.

(4) For all programs except the SNAP program, a separate household group is established for individuals who live in the same dwelling as another household group, if all the following subsections are true:

(a) There is a landlord-tenant relationship between the two household groups in which the tenant is billed by the landlord at fair market value (see OAR 461-001-0000) for housing.

(b) The tenant lives independently from the landlord.

(c) The tenant:

(A) Has and uses sleeping, bathroom, and kitchen facilities separate from the landlord; or

(B) Shares bathroom or kitchen facilities with the landlord, but the facilities are in a commercial establishment that provides room or board or both for compensation at fair market value.

(5) Individuals who live with more than one household group during a calendar month are members of the household group in which they spend more than half of their time, except as follows:

(a) In the ERDC program, if a child (see OAR 461-001-0000) lives with different caretakers during the month, the child is considered a member of both household groups.

(b) In the TANF program:

(A) If a parent (see OAR 461-001-0000) sleeps at least 30 percent of the time during the calendar month in the home of the dependent child (see OAR 461-001-0000), the parent is in the same household group as the dependent child.

(B) A dependent child is included in the household group with the caretaker relative (see OAR 461-001-0000), who usually has the major responsibility for care and control of the dependent child, if the dependent child lives with two household groups in the same calendar month for at least one of the following reasons:

(i) Education.

(ii) The usual caretaker relative is gone from the household for part of the month because of illness.

(iii) A family emergency.

(c) In the SNAP program:

(A) The individual is a member of the household group that provides the individual more than half of his or her 21 weekly meals. If the individual is a child, the child is a member of the household group credited with providing the child more than half of his or her 21 weekly meals. A household group is credited with providing breakfast and lunch for each day the child departs that group's home for school, even if the child eats no breakfast or lunch at that home.

(B) During the month in which a resident of a domestic violence shelter (see OAR 461-001-0000) enters the domestic violence shelter, the resident may be included both in the household group he or she left and in a household group in the domestic violence shelter.

(6) In the OSIPM program, individuals receiving or applying for home and community-based care (see OAR 461-001-0030) or nursing facility care are each an individual household group regardless of others living in the individual's dwelling or facility.

(7) Individuals absent from the household for 30 days or more are no longer part of the household group, except for the following:

(a) In all programs except the SNAP program, an individual in an acute care medical facility remains in the household group unless the individual enters long-term care (see OAR 461-001-0000).

(b) In the ERDC and TANF programs:

(A) A caretaker relative who is absent for up to 90 days while in a residential alcohol or drug treatment facility is in the household group.

(B) A child who is absent for 30 days or more is in the household group if the child is:

(i) Absent for illness (unless the child is in a long-term care Title XIX facility), social service, or educational reasons;

(ii) In foster care, but expected to return to the household within the next 30 days.

(c) In the ERDC, REF, and REFM programs, an individual in the household group who is:

(A) Absent because of education, training, or employment, including long-haul truck driving, fishing, or active duty in the U.S. armed forces;

(B) Absent to care for an emergent need of an individual related to illness, injury, or death; or

(C) Absent but reasonably anticipated to return within 90 days.

(d) In the TANF program when a filing group (see OAR 461-110-0330) includes more than one caretaker relative, a caretaker relative in the household group who is absent because of education, training, or employment — including absence while working or looking for work outside the area of his or her residence, such as long-haul truck driving, fishing, or active duty in the U.S. armed forces.

(8) In the OSIP-EPD and OSIPM-EPD programs, the household group consists only of the individual applying for or receiving benefits.

If an individual must own stock in the corporation as a condition of working for the corporation, the stock is an excluded resource.

(3) Except as provided in OAR 461-140-0040(2) and section (4) of this rule, income of a corporation is not income of an individual with an ownership interest in the corporation until the income is distributed to the individual.

(a) An expenditure by a business entity or corporation that benefits a principal (see subsection (b) of this section):such as a car or housing payment — is considered available when the expenditure is made.

(b) For purposes of this rule, a "principal" means an individual with significant authority in a business entity or corporation, including a sole proprietor, a self-employed person (see OAR 461-145-0910), a partner in a partnership, a member or manager of a limited liability company, and an officer or principal stockholder of a closely held corporation.

(c) See OAR 461-145-0130, 461-145-0280, and 461-145-0470 for the treatment of earned in-kind income.

(5) In the SNAP program:

(a) Income from business entities and corporations is treated as follows:

(A) If an individual is actively working in a corporation, the income is treated as earned income.

(B) If an individual is actively working in an unincorporated business entity, refer to OAR 461-145-0910 to determine if the income is treated as earned or as self-employment.

(C) If an individual is no longer actively working to produce the income, the income is treated as unearned.

(b) Income from a limited liability company is treated as follows:

(A) If an individual is a member or a manager member, the income is treated as self-employment income.

(B) If an individual is a manager but not a member, the income is treated as earned income.

461-145-0910
Self-Employment; General

(1) Self-employment income is income resulting from an individual's business, trade, or profession, rather than from a salary or wage paid by an employer. An individual is considered self-employed if the individual meets the criteria in sections (2) or (3) of this rule. Except as noted in section (3) of this rule, for all programs except SNAP, when an individual has established a corporation, determine if the individual is self-employed according to section (2) of this rule. If the individual has more than one self-employment business, trade, or profession, the income from each is determined separately.

(2) Except as provided in OAR 461-145-0250(1), an individual is self-employed for the purposes of this division of rules if the individual:

(a) Is considered an independent contractor by the business that employs the individual; or

(b) Meets at least four of the following criteria:

(A) Is engaged in an enterprise for the purpose of producing income.

(B) Is responsible for obtaining or providing a service or product by retaining control over the means and manner of providing the work or services offered.

(C) Has principal responsibility for the success or failure of the business operation by assuming the necessary business expenses and profit or loss risks connected with the operation of the business, and has the authority to hire and fire employees to perform the labor or services.

(D) Is not required to complete an IRS W-4 form for an employer and is not required to have federal income tax or FICA payments withheld from a pay check.

(E) Is not covered under an employer's liability or workers' compensation insurance policy.

(3) Notwithstanding section (2) of this rule:

(a) Homecare Workers (see OAR 411-031-0020) paid by the Department are not self-employed.

(b) Child care providers (see OAR 461-165-0180) paid by the Department, adult foster home providers (see 411-050-0602) paid by the Department, realty agents, and individuals who sell plasma, redeem beverage containers, pick mushrooms for sale, or engage in similar enterprises are considered to be self-employed.

(4) In the ERDC, REF, SNAP, and TANF programs, self-employment income, including income from a microenterprise (see OAR 461-001-0000), is counted prospectively to determine eligibility (see OAR 461-001-0000) as follows:

(a) Self-employment income is annualized when it is:

(A) Received during less than a 12-month period but is intended as a full year's income.

(B) From a business that has operated for a full year and the previous year is representative of what the income and costs will be during the budget month.

(b) Self-employment income is treated as anticipated income when a financial group (see OAR 461-110-0530) begins self-employment and is unable to determine what the income and costs will be during the budget month.

(5) In the GA, OSIP, OSIPM, and QMB programs, self-employment income is considered available upon receipt by a member of the financial group, except it is prorated over the period of work if the duration of the work exceeds one month.

(6) In the REFM program:

(a) Self-employment income is counted only if received in the month of application.

(b) If self-employment income counted in the month of application puts the applicant over the income limits for REFM, the income is calculated according to section (4) of this rule.

(7) When determining the amount of countable (see OAR 461-001-0000) self-employment income, use gross receipts and sales, including mileage reimbursements, before costs.

461-145-0930
Self-Employment; Determination of Countable Income

(1) The Department initially determines gross sales and receipts minus any returns and allowances (before excluding or deducting any costs). This rule explains how different programs exclude and deduct costs from self-employment gross sales and receipts.

(2) In the ERDC program, if an individual claims an excludable cost permitted under OAR 461-145-0920, at least 50 percent of gross self-employment income is excluded. The maximum exclusion is the total excludable cost under OAR 461-145-0920.

(3) In the GA, OSIP, OSIPM, QMB, and REFM programs, all costs permitted under OAR 461-145-0920 are excluded.

(4) In the REF program, no costs are excluded.

(5) In the SNAP program, if there are any costs permitted under OAR 461-145-0920, there is a deduction of 50 percent of gross self-employment income.

(6) In the TANF program:

(a) For an individual participating in the microenterprise (see OAR 461-001-0000) component of the JOBS program, costs are excluded according to 461-145-0920 and general accounting principles, as applied by a certified public accountant, bookkeeping firm, or other entity approved by the Department.

(b) For all other individuals, no costs are subtracted (excluded).

Subject: SB 814 (2013) establishes an environmental claims mediation program that requires, in certain circumstances, participation in mediation by an insurance company when requested by their insured (policyholder.) These rules do not address environmental claims mediation generally but only the qualifications and training of program mediators and the mediation fees paid by the insured and their insurers. The rules list various combinations of subject matter expertise (i.e. expertise in environmental and insurance issues) and process expertise (i.e. experience and training as a mediator) that a mediator must have to participate in the program. The rules also allow a mediator to serve if agreed to by the parties in a specific case. The rules require the mediator's fees to be published on the Department of Justice website and that the fees will be split among the parties to the mediation.

Oregon Business Development Department
Chapter 123

Rule Caption: This division of rules relates to the Beginning and Expanding Farmer Loan Program.
Adm. Order No.: OBDD 3-2015
Filed with Sec. of State: 2-24-2015
Certified to be Effective: 2-24-15
Notice Publication Date: 11-1-2014
Rules Adopted: 123-052-1000, 123-052-1100, 123-052-1200, 123-052-1300, 123-052-1400, 123-052-1500, 123-052-1600, 123-052-1700, 123-052-1800, 123-052-1900, 123-052-2000, 123-052-2100, 123-052-2200, 123-052-2300, 123-052-2400
Subject: In the 2013 regular legislative session, HB 2700 was passed creating the Beginning and Expanding Farmer Loan Program, otherwise known as "Aggie Bonds". This program lowers the interest cost on loans made by private parties to beginning farmers for the acquisition of agricultural land and improvements as well as depreciable agricultural property. These rules provide for the administration of the program, requirements of the farmers, requirements for lenders and the bonds and costs.
Rules Coordinator: Mindee Sublette—(503) 986-0036

123-052-1000
Purpose

(1) The purpose of these rules is to assist Applicants in applying for the benefits available under the Beginning and Expanding Farmer Loan Program (aka "Aggie Bonds Program") authorized by ORS 285A.420 to 285A.435 and to describe the procedures to be used by the Oregon Business Development Department in administering that Program.

(2) The Program lowers the interest cost on loans made by private parties to Beginning Farmers for the acquisition of Agricultural Land and Agricultural Improvements and Depreciable Agricultural Property. This is accomplished by Beginning Farmers arranging loans through Eligible Lenders in compliance with the rules in this Division, so that the Eligible Lender may exclude interest from gross income under Section 147(c)(2) of

the United States Internal Revenue Code and may exempt interest from Oregon personal income taxes.

(3) Section 147(c)(2) of the United States Internal Revenue Code, its regulations and ORS 285A.420 to 285A.435 impose very substantial restrictions on the Program; the administrative rules in this Division outline those restrictions to assist Applicants in determining whether they may qualify for the Program. The administrative rules in this Division also describe a simplified Aggie Bond option that reduces the Applicant's non-Department related costs for participating in the Program.

(4) The Program does not provide any state or federal money to repay Beginning and Expanding Farmer loans, to guarantee these loans, or to repay any Aggie Bonds that are issued under the Program. Those loans and the related Aggie Bonds are secured only by the resources that eligible Beginning Farmers provide to lenders.

(4) Expenditures made by the Borrower more than sixty days before the Aggie Bonds are issued generally are not eligible for financing with Aggie Bonds unless the Department has signed a Reimbursement Declaration. If the Department signs a reimbursement declaration, expenditures made more than sixty days before the reimbursement declaration is signed are generally not eligible for financing with Aggie Bonds. If the Department determines that the Applicant, the proposed project and the proposed lender appear eligible for the Program, the Department shall sign a reimbursement declaration that complies with the requirements of Section 1.150-2 of the Code. Execution of the reimbursement declaration by the Department permits the Borrower to use the Program to finance certain expenditures made no earlier than sixty days before such reimbursement declaration is signed, but does not assure the Applicant that any Aggie Bond will be issued. Surrogate Parents

(1) Each public agency must ensure that the rights of a child are protected by determining the need for, and when appropriate assigning, a surrogate parent when no parent (as defined in OAR 581-015-2000) with legal rights in respect to a student's educational decision making can be identified or located after reasonable efforts and additionally:

(a) The child is a ward of the state and there is reasonable cause to believe that the child has a disability; or

(b) The child is an unaccompanied homeless youth.

(2) The school district may not appoint a surrogate solely because the parent or adult student to whom rights have transferred is uncooperative or unresponsive to special education needs.

(3) Each school district must have a method for determining whether a child needs a surrogate parent and for assigning a surrogate parent to the child. The school district must ensure that each person approved to serve as a surrogate:

(a) Is not an employee of the school district or the Department or any other agency that is involved in the education or care of the child;

(b) Is free of any personal or professional interest that conflicts with representing the child's special education interests; and

(c) Has knowledge and skills that ensure adequate representation of the child in special education decisions.

(4) For an unaccompanied homeless youth, appropriate staff of emergency shelters, independent living programs and street outreach programs may be appointed as a temporary surrogate parent without regard to subsection (3)(a) until a surrogate can be appointed that meets all of the requirements of subsection (3).

(5) An appointed surrogate parent has all of the special education rights and procedural safeguards available to the parent.

(6) A surrogate is not considered an employee of a school district solely on the basis that the surrogate is compensated from public funds.

(7) The duties of the surrogate parent are to:

(a) Protect the special education rights of the child;

(b) Be acquainted with the child's disability and the child's special education needs;

(c) Represent the child in all matters relating to the identification, evaluation, IEP and educational placement of the child; and

(d) Represent the child in all matters relating to the provision of a free appropriate public education to the child.

(8) A surrogate has the same rights granted to a parent in a hearing under OAR 581-015-2360, and the procedures regarding hearings in OAR 581-015-2340 through 581-015-2385 apply.

(9) A parent, or an adult student to whom rights have transferred, may give written consent for a surrogate to be appointed.

(a) When a parent or an adult student requests that a surrogate be appointed:

(A) The parent or adult student retains all parental rights to receive notice under OAR 581-015-2190, 581-015-2195, 581-015-2310, and 581-015-2315 and all of the information provided to the surrogate.

(B) The surrogate, alone, is responsible for all matters relating to the special education of the child unless the parent or adult student revokes consent for the surrogate's appointment.

(b) The parent or adult student may revoke consent at any time by providing a written request to revoke the surrogate's appointment.

(10) The school district may change or terminate the appointment of a surrogate when:

(a) The person appointed as surrogate is no longer willing to serve;

(b) Rights transfer to the adult student or the child graduates with a regular diploma;

(c) The child is no longer eligible for special education services;

(i) Dental screening services for eligible EPSDT individuals; and

(ii) Dental diagnosis and treatment that is indicated by screening at as early an age as necessary, needed for relief of pain and infections, restoration of teeth, and maintenance of dental health;

(B) Providers shall provide EPSDT services for eligible Division of Medical Assistance Programs (Division) clients according to the following documents:

(i) The Dental Services Program administrative rules (OAR chapter 410, division 123), for dentally appropriate services funded on the Oregon Health Evidence Review Commission's Prioritized List of Health Services (Prioritized List); and

(ii) The "Oregon Health Plan (OHP) — Recommended Dental Periodicity Schedule," dated January 1, 2010, incorporated in rule by reference and posted on the Division website in the Dental Services Provider Guide document at www.oregon.gov/oha/healthplan/Pages/dental.aspx;

(iii) A lesser-cost procedure would achieve the same ultimate result; or

(iv) The treatment has specific limitations outlined in this rule;

(B) Prosthetic treatment, including porcelain fused to metal crowns, are limited until rampant progression of caries is arrested and a period of adequate oral hygiene and periodontal stability is demonstrated; periodontal health needs to be stable and supportive of a prosthetic.

(2) ENHANCED ORAL HEALTH SERVICES IN PRIMARY CARE SETTINGS:

(a) Topical fluoride treatment:

(A) For children under 19 years of age, topical fluoride varnish may be applied by a licensed medical practitioner during a medical visit. Providers must bill:

(ii) The client's CCO if the client is enrolled in a CCO that includes integrated medical and dental services;

(iii) Using a professional claim format with either the appropriate Current Dental Terminology (CDT) code (D1206-Topical Fluoride Varnish) or the appropriate Current Procedural Terminology (CPT) code (99188 - Application of topical fluoride varnish by a physician or other qualified health care professional);

(B) Topical fluoride treatment from a medical practitioner counts toward the overall maximum number of fluoride treatments, as described in subsection (4) of this rule;

(I) The dental practitioner has attempted all other dentally appropriate restoration options and documented failure of those options;

(II) Written documentation in the client's chart indicates that PFM is the only restoration option that will restore function;

(III) The dental practitioner submits radiographs to the Division for review; history, diagnosis, and treatment plan may be requested. (See OAR 410-123-1100 Services Reviewed by the Division);

(IV) The client has documented stable periodontal status with pocket depths within 1–3 millimeters. If PFM crowns are placed with pocket depths of 4 millimeters and over, documentation shall be maintained in the client's chart of the dentist's findings supporting stability and why the increased pocket depths will not adversely affect expected long-term prognosis;

(V) The crown has a favorable long-term prognosis; and

(VI) If the tooth to be crowned is a clasp/abutment tooth in partial denture, both prognosis for the crown itself and the tooth's contribution to partial denture shall have favorable expected long-term prognosis;

(E) Crown replacement:

(i) Permanent crown replacement limited to once every seven years;

(H) D4910 (Periodontal maintenance).

(8) REMOVABLE PROSTHODONTIC SERVICES:

(a) Clients age 16 years and older are eligible for removable resin base partial dentures (D5211-D5212) and full dentures (complete or immediate, D5110-D5140);

(b) The Division limits full dentures for clients age 21 and older to only those clients who are recently edentulous:

(A) For the purposes of this rule:

(i) "Edentulous" means all teeth removed from the jaw for which the denture is being provided; and

(ii) "Recently edentulous" means the most recent extractions from that jaw occurred within six months of the delivery of the final denture (or, for fabricated prosthetics, the final impression) for that jaw;

(B) See OAR 410-123-1000 for detail regarding billing fabricated prosthetics;

(c) The fee for the partial and full dentures includes payment for adjustments during the six-month period following delivery to clients;

(d) Resin partial dentures (D5211-D5212):

(A) The Division may not approve resin partial dentures if stainless steel crowns are used as abutments;

(B) For clients through age 20, the client shall have one or more anterior teeth missing or four or more missing posterior teeth per arch with resulting space equivalent to that loss demonstrating inability to masticate. Third molars are not a consideration when counting missing teeth;

(C) For clients age 21 and older, the client shall have one or more missing anterior teeth or six or more missing posterior teeth per arch with documentation by the provider of resulting space causing serious impairment to mastication. Third molars are not a consideration when counting missing teeth;

(D) The dental practitioner shall note the teeth to be replaced and teeth to be clasped when requesting prior authorization (PA);

(e) Replacement of removable partial or full dentures, when it cannot be made clinically serviceable by a less costly procedure (e.g., reline, rebase, repair, tooth replacement), is limited to the following:

(A) For clients at least 16 years and under 21 years of age, the Division shall replace full or partial dentures once every ten years, only if dentally appropriate. This does not imply that replacement of dentures or partials shall be done once every ten years, but only when dentally appropriate;

(B) For clients 21 years of age and older, the Division may not cover replacement of full dentures but shall cover replacement of partial dentures once every ten (10) years only if dentally appropriate;

(C) The ten year limitations apply to the client regardless of the client's OHP or Dental Care Organization (DCO)/Coordinated Care Organization (CCO) enrollment status at the time the client's last denture or partial was received. For example: A client receives a partial on February 1, 2002, and becomes a FFS OHP client in 2005. The client is not eligible for a replacement partial until February 1, 2012. The client gets a replacement partial on February 3, 2012 while FFS and a year later enrolls in a DCO or CCO. The client would not be eligible for another partial until February 3, 2022, regardless of DCO, CCO, or FFS enrollment;

(D) Replacement of partial dentures with full dentures is payable ten years after the partial denture placement. Exceptions to this limitation may be made in cases of acute trauma or catastrophic illness that directly or indirectly affects the oral condition and results in additional tooth loss. This pertains to, but is not limited to, cancer and periodontal disease resulting from pharmacological, surgical, and medical treatment for aforementioned conditions. Severe periodontal disease due to neglect of daily oral hygiene may not warrant replacement;

(f) The Division limits reimbursement of adjustments and repairs of dentures that are needed beyond six months after delivery of the denture as follows for clients 21 years of age and older:

(A) A maximum of four times per year for:

(i) Adjusting complete and partial dentures, per arch (D5410-D5422);

(ii) Replacing missing or broken teeth on a complete denture, each tooth (D5520);

(iii) Replacing broken tooth on a partial denture, each tooth (D5640);

(iv) Adding tooth to existing partial denture (D5650);

(B) A maximum of two times per year for:

(i) Repairing broken complete denture base (D5510);

(ii) Repairing partial resin denture base (D5610);

(iii) Repairing partial cast framework (D5620);

(iv) Repairing or replacing broken clasp (D5630);

(v) Adding clasp to existing partial denture (D5660);

(g) Replacement of all teeth and acrylic on cast metal framework (D5670, D5671):

(A) Is covered for clients age 16 and older a maximum of once every ten (10) years, per arch;

(B) Ten years or more shall have passed since the original partial denture was delivered;

(C) Is considered replacement of the partial so a new partial denture may not be reimbursed for another ten years; and

(D) Requires prior authorization as it is considered a replacement partial denture;

(h) Denture rebase procedures:

(A) The Division shall cover rebases only if a reline may not adequately solve the problem;

(B) For clients through age 20, the Division limits payment for rebase to once every three years;

(C) For clients age 21 and older:

(i) There shall be documentation of a current reline that has been done and failed; and

(ii) The Division limits payment for rebase to once every five years;

(D) The Division may make exceptions to this limitation in cases of acute trauma or catastrophic illness that directly or indirectly affects the oral condition and results in additional tooth loss. This pertains to, but is not limited to, cancer and periodontal disease resulting from pharmacological, surgical, and medical treatment for aforementioned conditions. Severe periodontal disease due to neglect of daily oral hygiene may not warrant rebasing;

(i) Denture reline procedures:

(A) For clients through age 20, the Division limits payment for reline of complete or partial dentures to once every three years;

(B) For clients age 21 and older, the Division limits payment for reline of complete or partial dentures to once every five years;

(C) The Division may make exceptions to this limitation under the same conditions warranting replacement;

(D) Laboratory relines:

(i) Are not payable prior to six months after placement of an immediate denture; and

(ii) For clients through age 20, are limited to once every three years;

(iii) For clients age 21 and older, are limited to once every five years;

(j) Interim partial dentures (D5820-D5821, also referred to as "flippers"):

(A) Are allowed if the client has one or more anterior teeth missing; and

(B) The Division shall reimburse for replacement of interim partial dentures once every five years but only when dentally appropriate;

(k) Tissue conditioning:

(A) Is allowed once per denture unit in conjunction with immediate dentures; and

(B) Is allowed once prior to new prosthetic placement;

(L) Cleaning and inspection of a removable appliance (D9931):

(A) Is allowed for professional cleaning of a patient's denture through the use of an ultrasonic cleaner;

(B) The Division shall reimburse for cleaning and inspection of a denture once per client per year and only when a dental cleaning (prophylaxis) is not performed on the same day.

(9) MAXILLOFACIAL PROSTHETIC SERVICES:

(a) Fluoride gel carrier (D5986) is limited to those patients whose severity of oral disease causes the increased cleaning and fluoride treatments allowed in rule to be insufficient. The dental practitioner shall document failure of those options prior to use of the fluoride gel carrier;

(b) All other maxillofacial prosthetics (D5900-D5999) are medical services. Refer to the "Covered and Non-Covered Dental Services" document and OAR 410-123-1220:

(A) Bill for medical maxillofacial prosthetics using the professional (CMS1500, DMAP 505 or 837P) claim format:

(B) Services performed in a dental office setting or an oral surgeon's office:

(i) Such services include, but are not limited to, all dental procedures, local anesthesia, surgical postoperative care, radiographs, and follow-up visits;

(B) Services requiring hospital dentistry that are the result of a medical condition/diagnosis (i.e., fracture, cancer);

(c) Refer to the "Covered and Non-Covered Dental Services" document to see a list of CDT procedure codes on the Prioritized List that may also have CPT medical codes. See OAR 410-123-1220. The procedures listed as "medical" on the table may be covered as medical procedures, and the table may not be all-inclusive of every dental code that has a corresponding medical code;

(d) For clients enrolled in a DCO or CCO responsible for dental services, the DCO or CCO shall pay for those services in the dental plan package;

(e) Oral surgical services performed in an ASC or an inpatient or outpatient hospital setting:

(A) Require PA;

(B) For clients enrolled in a CCO or FCHP, the CCO or FCHP shall pay for the facility charge and anesthesia services. Refer to the current Medical Surgical Services administrative rules in OAR chapter 410, division 130 for more information;

(C) If a client is enrolled in a CCO or PHP, the provider shall contact the CCO or PHP for any required authorization before the service is rendered;

(f) All codes listed as "by report" require an operative report;

(h) Biopsies collected are reimbursed as a dental service. Laboratory services of biopsies are reimbursed as a medical service;

(i) The Division does not cover surgical excisions of soft tissue lesions (D7410-D7415);

(j) Extractions — Includes local anesthesia and routine postoperative care, including treatment of a dry socket if done by the provider of the extraction. Dry socket is not considered a separate service;

(k) Surgical extractions:

(A) Include local anesthesia and routine post-operative care;

(B) The Division limits payment for surgical removal of impacted teeth or removal of residual tooth roots to treatment for only those teeth that have acute infection or abscess, severe tooth pain, and unusual swelling of the face or gums;

(C) The Division does not cover alveoloplasty in conjunction with extractions (D7310 and D7311) separately from the extraction;

(D) The Division covers alveoplasty not in conjunction with extractions (D7320-D7321) only for clients under 21 years of age or who are pregnant;

(l) Frenulectomy/frenulotomy (D7960) and frenuloplasty (D7963):

(c) Documentation in the client's record shall include diagnosis, length, and type of treatment;

(d) Payment for appliance therapy includes the appliance and all follow-up visits;

(e) Orthodontists evaluate orthodontia treatment for cleft palate/cleft lip as two phases. Stage one is generally the use of an activator (palatal expander), and stage two is generally the placement of fixed appliances (banding). The Division shall reimburse each phase separately;

(f) The Division shall pay for orthodontia in one lump sum at the beginning of each phase of treatment. Payment for each phase is for all orthodontia-related services. If the client transfers to another orthodontist during treatment, or treatment is terminated for any reason, the orthodontist shall refund to the Division any unused amount of payment after applying the following formula: Total payment minus $300.00 (for banding) multiplied by the percentage of treatment remaining;

(g) The Division shall use the length of the treatment plan from the original request for authorization to determine the number of treatment months remaining;

Rule Caption: Rewrite OHP Enrollment Rules to Reflect Current Enrollment Practices Including Full Pregnancy Enrollment Exemption Process

Adm. Order No.: DMAP 8-2015

Filed with Sec. of State: 2-26-2015

Certified to be Effective: 3-1-15

Notice Publication Date: 1-1-2015

Rules Amended: 410-141-0060, 410-141-3060

Rules Repealed: 410-141-0060(T), 410-141-3060(T)

Subject: These rules provide the framework for Coordinated Care Organization (CCO) and Managed Care Organization (MCO) enrollment requirements, including any existing exemptions from CCO and MCO enrollment. The Authority requested stakeholder and public comment on the following: The Licensed Direct Entry Midwives (LDEM) Staff Advisory Workgroup came out with recommendations related to perinatal service options for Medicaid enrollees. The Authority Director, Suzanne Hoffman responded with a letter dated May 21, 2014, stating the Division would implement changes, necessitating the removal of the sunset date, allowing for time to make further program implementations and additional rule revisions. It has been decided to implement the CCO enrollment exemption criteria on which to build additional program specific criteria later in 2015 outlining the detail level of the program requirements.

Oregon Health Plan Managed Care Enrollment Requirements

(1) For the purposes of this rule, the following definitions apply:

(a) Client means an individual found eligible to receive health services. "Client" is inclusive of members enrolled in PHPs and CCOs as stated in OAR 410-120-0000;

(b) Eligibility Determination means an approval or denial of eligibility and a renewal or termination of eligibility as stated in OAR 410-200-0015;

(c) Member means a client enrolled with a pre-paid health plan or coordinated care organization as stated in OAR 410-120-0000;

(d) Newly Eligible means recently determined through the eligibility determination process as having the right to obtain state health benefits, satisfying the appropriate conditions;

(e) Redetermination means a review of eligibility outside of regularly scheduled renewals. Redeterminations that result in the assignment of a new renewal date or a change in program are considered renewals as stated in OAR 410-200-0015;

(f) Renewal means a regularly scheduled periodic review of eligibility resulting in a renewal or change of program benefits, including the assignment of a new renewal date or a change in eligibility status.

(2) The following populations may not be enrolled into an MCO or any type of health care coverage including:

(a) Persons who are non-citizens and are Citizen/Alien Waivered-Emergency Medical program eligible for labor and delivery services and emergency treatment services;

(b) Clients receiving premium assistance through the Specified Low-Income Medicare Beneficiary, Qualified Individuals, Qualified Disabled Working Individuals and Qualified Medicare Beneficiary programs without other Medicaid;

(c) Persons who are dually eligible for Medicare and Medicaid and enrolled in a program of all-inclusive care for the elderly.

(3) The following populations may not be enrolled into an MCO under the following circumstances:

(a) Newly eligible clients are exempt from enrollment with an MCO but not exempt from enrollment in a DCO, if they became eligible when admitted as an inpatient in a hospital. The client shall receive health care services on a fee-for-service (FFS) basis only until the hospital discharges the client. The individual will receive dental services through the DCO.

(b) The client is covered under a major medical insurance policy or other third party resource (TPR) that covers the cost of services to be provided by a PHP as specified in and ORS 414.631 and, except as provided for children in Child Welfare though the BRS and PRTS programs, outlined OAR 410-141-3050. A client shall be enrolled with a DCO even if they have a dental TPR.

(4) Persons who are documented American Indian and Alaskan Native (AI/AN) beneficiaries are exempt from auto assignment mandatory enrollment for their managed care plans, as specified in 42 USC 1932, 2 (C), but may elect to be manually enrolled.

(5) Populations specified below are exempt from mandatory enrollment into a physical health MCO but are subject to mandatory enrollment into both dental and mental health plans as available in the member's service area. The member may be manually enrolled into a physical health plan as deemed appropriate by the Authority. These individuals are as follows:

(a) Children in the legal custody of the Department or Oregon Health Authority where the child is expected to be in a substitute care placement for less than 30 calendar days unless:

(A) Access to health care on a FFS basis is not available; or

(B) Enrollment would preserve continuity of care.

(b) Clients who are dually eligible for Medicare and Medicaid but not enrolled in a program of all-inclusive care for the elderly. The following apply to these clients:

(A) A client who is also a Medicare beneficiary and is in a hospice program may not enroll in an FCHP or PCO that is also a Medicare Advantage plan. The client may enroll in either an FCHP or PCO that does not have a Medicare Advantage plan unless exempt for some other reason listed in this rule;

(B) The client is enrolled in Medicare and the only FCHP or PCO in the service area is a Medicare Advantage plan. The client may choose not to enroll in an FCHP or PCO;

(C) Enrollment in a FCHP or PCO of a client who is receiving Medicare and who resides in a service area served by PHPs shall be as follows:

(i) If the client who is Medicare Advantage eligible selects a FCHP or PCO that has a corresponding Medicare Advantage plan, the client shall complete the 7208M or other CMS approved Medicare plan election form;

(ii) If the Medicare Advantage Plan Election form (OHP 7208M) described in this rule is signed by someone other than the client, the client's representative must complete and sign the Signature by Mark or State Approved Signature sections of the OHP 7208M;

(iii) If the client is a Medicare beneficiary who is capable of making enrollment decisions, the client's representative may not have authority to select FCHPs or PCOs that have corresponding Medicare Advantage components:

(I) If the FCHP or PCO has not received the form within ten calendar days after the date of enrollment, the FCHP or PCO shall send a letter to the member with a copy sent to the APD branch manager. The letter shall explain the need for the completion of the form; inform the member that if the form is not received within 30 days, the FCHP or PCO may request dis-

enrollment; and instruct the member to contact their caseworker for other coverage alternatives.

(II) The FCHP or PCO shall choose whether to disenroll or maintain enrollment for all the clients from whom they do not receive a form at the end of 30 days, except as otherwise provided in this rule. The FCHP or PCO shall notify the PHP coordinator of the PHP's annual decision to disenroll or maintain enrollment for the clients in writing. This notification shall be submitted by January 31 of each year or another date specified by the Authority. If the FCHP or PCO has decided to:

(III) Disenroll the clients and has not received a client's form at the end of 30 days, the FCHP or PCO shall request disenrollment. HMU will disenroll the member effective the end of the month following the notification;

(D) Maintain enrollment. The FCHP or PCO may not request disenrollment at the end of 30 days.

(E) If the client is enrolled as a private member of a Medicare Advantage plan, the client may choose to remain enrolled as a private member or to enroll in the FCHP or PCO that corresponds to the Medicare Advantage plan:

(F) If the client chooses to remain as a private member in the Medicare Advantage plan, the client shall remain in the Medicaid FFS delivery system for physical health care services but shall select a DCO and MHO where available;

(G) If the client chooses to discontinue the Medicare Advantage enrollment and then, within 60 calendar days of disenrollment from the Medicare Advantage plan, chooses the FCHP or PCO that corresponds to the Medicare Advantage plan that was discontinued, the client shall be allowed to enroll in the FCHP or PCO even if the FCHP or PCO is not open for Enrollment to other clients;

(H) A Fully Dual Eligible (FDE) client who has been exempted from enrollment in an MHO may not be enrolled in a FCHP or PCO that has a corresponding Medicare Advantage plan unless the exemption was done for a provider who is on the FCHP's or PCO's panel.

(6) The Authority may temporarily exempt clients from mandatory enrollment for other just causes as determined by the Authority through medical review. The Authority may set an exemption period on a case-by-case basis for those as follows:

(a) Children under 19 years of age who are medically fragile and who have special health care needs. The Authority may enroll these children in MCOs on a case-by-case basis; children not enrolled in a MCO shall continue to receive services on a FFS basis;

(b) Until December 31, 2017, women who are pregnant and meet the qualifications in sub-sections A through E below may receive OHP benefits on a FFS basis for physical health only until 60 days after the birth of her child. Women meeting the criteria for the pregnancy enrollment exemption for their physical health plan coverage will continue to be enrolled in the appropriate MCO or CCO plan in their service area for dental and mental health coverage. After the 60 day period, the member shall enroll in a plan as appropriate. Those women under consideration for a pregnancy enrollment exemption for their physical health enrollment shall receive a response from the Authority within 30 working days of request. Upon approval of the FFS pregnancy exemption for physical health enrollment only, the client shall remain FFS for as long as she continues to meet the requirements in A through E below. In order to qualify for the FFS pregnancy exemption for physical health only, there shall be no home birth option available to the client through her plan and the client shall:

(A) Be pregnant;

(B) State that her intention is to have a home birth;

(C) Have an established relationship for the purpose of home birth with a licensed qualified practitioner who is not a participating provider with the client's MCO;

(D) Make a request to change to FFS. This request can be made at any point in the pregnancy prior to delivery; and

(E) Meet any OAR and statutory requirements that define when a home birth is eligible for reimbursement by the Authority:

(i) Should a woman become unable to meet any of the requirements specified in OAR 333-076-0650(1), Table 1, either upon initial evaluation or once the exemption is granted, the exemption shall be withdrawn, and the client will be subject to MCO enrollment requirements as stated in OAR 410-141-3060;

(ii) Conditions arising during the pregnancy as listed in subsections (I) through (V) below shall be reviewed by the Authority on a case-by-case basis for continuation of the FFS enrollment exemption:

(I) Fetal presentation other than vertex when known;

(II) Abnormal bleeding;

(III) Low–lying placenta within 2 cm. or less of cervical os;

(IV) Genital herpes, primary; secondary uncoverable at onset of labor; and

(V) Current substance abuse that has the potential to adversely affect labor and the infant.

(c) The following apply to clients and exemptions relating to organ transplants:

(A) Newly eligible clients are exempt from enrollment with an MCO if the client is newly diagnosed and under the treatment protocol for an organ transplant;

(B) Newly eligible clients with existing transplants shall enroll into the appropriate MCO for their service area;

(d) Other just causes to preserve continuity of care include the following considerations:

(A) Enrollment would pose a serious health risk; and

(B) The Authority finds no reasonable alternatives.

(7) Unless exempted above, enrollment is mandatory in all areas served by an MCO.

(8) When a service area changes from mandatory to voluntary, the member will remain with their PHP for the remainder of their eligibility period unless the member meets the criteria stated in this rule or as provided by OAR 410-141-0080.

(9) If the client resides in a mandatory service area and fails to select a DCO, MHO, PCO, or FCHP at the time of application for the OHP, the Authority shall enroll the client with a DCO, MHO, PCO, or FCHP as follows:

(a) The client shall be assigned to and enrolled with a DCO, MHO, PCO, or FCHP that meets the following requirements where MCO enrollment is not available or services are not available through the MCO:

(A) Is open for enrollment;

(B) Serves the county in which the client resides;

(C) Has practitioners located within the community-standard distance for average travel time for the client.

(b) Assignment shall be made first to an MCO;

(c) The Authority shall send a notice to the client informing the client of the assignments and the right to change assignments within 30 calendar days of enrollment. A change in assignment shall be honored if there is another DCO, MHO, PCO, or FCHP open for enrollment in the county in which the client resides;

(10) Clients shall be enrolled with PHPs according to the following criteria:

(a) Areas with sufficient physical health service capacity through a combination of Coordinated Care Organizations (CCOs), Fully Capitated Health Plans (FCHP), and Physician Care Organizations (PCO) shall be called mandatory service areas. In mandatory service areas, a client shall select:

(A) A CCO; or

(B) An FCHP or PCO:

(i) If the client has an existing relationship with a provider who is contracted with the FCHP or PCO; and

(ii) If approved by the Authority.

(b) Service areas without sufficient physical health service capacity shall be called voluntary service areas. In voluntary service areas, a client has the option to:

(A) Select a CCO; or

(B) Select an FCHP or PCO;

(i) If the client has an existing relationship with a provider who is contracted with the FCHP or PCO; and

(ii) If approved by the Authority; or

(C) Remain in the Medicaid fee-for-service (FFS) physical health care delivery system.

(c) Service areas with sufficient mental health and dental care service capacity through MHOs and DCOs shall be called mandatory MHO and DCO service areas. A client shall select an MHO and DCO in a mandatory MHO and DCO service area if mental health and dental services are not available through a CCO or the client is otherwise exempt from CCO enrollment;

(d) Service areas without sufficient dental care service capacity through MHOs and DCOs shall be called voluntary MHO and DCO service areas. In voluntary MHO and DCO service areas, a client may choose to:

(A) Select a CCO open to enrollment that offers dental services; or

(B) Select any MHO and DCO open for enrollment if CCO enrollment is not available; or

(C) Remain in the Medicaid FFS mental health and dental care delivery system;

(11) Enrollments resulting from assignments shall be effective the first of the month or week after the Department enrolls the client and notifies the client of enrollment and the name of the PHP: If enrollment is initiated by an Authority worker on or before Wednesday, the date of enrollment shall be the following Monday. If enrollment is initiated by an Authority worker after Wednesday, the date of enrollment shall be one week from the following Monday. Monthly enrollment in a mandatory service area, where there is only one plan or DCO, shall be initiated by an auto-enrollment program of the Authority, effective the first of the month following the month-end cutoff. Monthly enrollment in service areas, where there is a choice of PHPs, shall be auto-enrolled by computer algorithm.

(12) The provision of capitated services to a member enrolled with a PHP shall begin as of the effective date of enrollment with the MCO except for:

(a) A newborn whose mother was enrolled at the time of birth. The date of enrollment shall be the newborn's date of birth;

(b) Persons, other than newborns, who are hospitalized on the date enrolled. The date of enrollment shall be the first possible enrollment date after the date the client is discharged from inpatient hospital services;

(c) For members who are re-enrolled within 30 calendar days of disenrollment, the date of enrollment shall be the date specified by the Authority and may be earlier than the effective date outlined above.

410-141-3060

Enrollment Requirements in a CCO

(1) For the purposes of this rule, the following definitions apply:

(a) Client means an individual found eligible to receive OHP health services. "Client" is inclusive of members enrolled in PHPs and CCOs as stated in OAR 410-120-0000;

(b) Eligibility Determination means an approval or denial of eligibility and a renewal or termination of eligibility as stated in OAR 410-200-0015;

(c) Member means a client enrolled with a pre-paid health plan or coordinated care organization as stated in OAR 410-120-0000;

(d) Newly Eligible means recently determined, through the eligibility determination process, as having the right to obtain state health benefits, satisfying the appropriate conditions;

(e) Redetermination means a review of eligibility outside of regularly scheduled renewals. Redeterminations that result in the assignment of a new renewal date or a change in program are considered renewals as stated in OAR 410-200-0015;

(f) Renewal means a regularly scheduled periodic review of eligibility resulting in a renewal or change of program benefits, including the assignment of a new renewal date or a change in eligibility status.

(2) The following populations may not be enrolled into a CCO for any type of health care coverage including:

(a) Persons who are non-citizens and are Citizen/Alien Waivered-Emergency Medical program eligible for labor and delivery services and emergency treatment services;

(b) Clients receiving premium assistance through the Specified Low-Income Medicare Beneficiary, Qualified Individuals, Qualified Disabled Working Individuals and Qualified Medicare Beneficiary programs without other Medicaid;

(c) Persons who are dually eligible for Medicare and Medicaid and enrolled in a program of all-inclusive care for the elderly.

(3) The following populations may not be enrolled into a CCO under the following circumstances:

(a) Newly eligible clients are exempt from enrollment with a CCO but not exempt from enrollment in a DCO if they became eligible when admitted as an inpatient in a hospital. The client shall receive health care services on a fee-for-service (FFS) basis only until the hospital discharges the client. The individual will receive dental services through the DCO;

(b) The client is covered under a major medical insurance policy or other third party resource (TPR) that covers the cost of services to be provided by a PHP as specified in ORS 414.631 and except as provided for children in Child Welfare through the BRS and PRTS programs outlined in OAR 410-141-3050. A client shall be enrolled with a DCO even if they have a dental TPR.

(4) Persons who are documented American Indian and Alaskan Native (AI/AN) beneficiaries are exempt mandatory enrollment into a managed care plan, as specified in 42 USC 1932, 2 (C), but may elect to be manually enrolled.

(5) Populations specified below are exempt from mandatory enrollment into a physical health CCO but are subject to mandatory enrollment into both dental and mental health plans as available in the member's service area. The member may be manually enrolled into a physical health plan as deemed appropriate by the Authority. These populations are as follows:

(a) Children in the legal custody of the Department or where the child is expected to be in a substitute care placement for less than 30 calendar days unless:

(A) Access to health care on a FFS basis is not available; or

(B) Enrollment would preserve continuity of care;

(b) Clients who are dually eligible for Medicare and Medicaid but not enrolled in a program of all-inclusive care for the elderly. The following apply to these:

(A) A client has the option to enroll in a CCO regardless of whether they are enrolled in Medicare Advantage;

(B) A client enrolled in Medicare Advantage, whether or not they pay their own premium, has the option to enroll in a CCO even if the CCO does not have a corresponding Medicare Advantage plan;

(C) A client has the option to enroll with a CCO, even if the client withdrew from that CCO's Medicare Advantage plan. The CCO shall accept the client's enrollment if the CCO has adequate health access and capacity;

(D) A client has the option to enroll with a CCO even if the client is enrolled in Medicare Advantage with another entity.

(6) The Authority may temporarily exempt clients for other just causes as determined by the Authority through medical review. The Authority may set an exemption period on a case-by-case basis for those as follows:

(a) Children under 19 years of age who are medically fragile and who have special health care needs. The Authority may enroll these children in CCOs on a case-by-case basis. Children not enrolled in a CCO shall continue to receive services on a FFS basis;

(b) Until December 31, 2017, women who are pregnant and meet the qualifications in sub-sections A through E below may receive OHP benefits on a FFS basis for physical health only until 60 days after the birth of her child. Women meeting the criteria for the pregnancy enrollment exemption for their physical health plan coverage will continue to be enrolled in the appropriate MCO or CCO plan in their service area for dental and mental health coverage. After the 60-day period the member shall enroll in a plan as appropriate. Those women under consideration for a pregnancy enrollment exemption for their physical health enrollment shall receive a response from the Authority within 30 working days of request. Upon approval of the FFS pregnancy exemption for physical health enrollment only, the client shall remain FFS for as long as she continues to meet the requirements in A through E below. In order to qualify for the FFS pregnancy exemption for physical health only, there must be no home birth option available to the client through her plan and the client must:

(A) Be pregnant;

(B) State that her intention is to have a home birth;

(C) Have an established relationship for the purpose of home birth with a licensed, qualified practitioner who is not a participating provider with the client's CCO; and

(D) Make a request to change to FFS. This request can be made at any point in the pregnancy prior to delivery; and

(E) Meet any OAR and statutory requirements that define when a home birth is eligible for reimbursement by the Authority:

(i) Should a woman become unable to meet any of the requirements specified in OAR 333-076-0650(1) Table 1 either upon initial evaluation or once the exemption is granted, the exemption shall be withdrawn and the client will be subject to CCO enrollment requirements as stated in OAR 410-141-3060.

(ii) Conditions arising during the pregnancy as listed in subsections (I) through (V) below shall be reviewed by the Authority on a case-by-case basis for continuation of the FFS enrollment exemption:

(I) Fetal presentation other than vertex, when known;

(II) Abnormal Bleeding;

(III) Low–lying placenta within 2 cm. or less of cervical os;

(IV) Genital herpes, primary; secondary uncoverable at onset of labor; and

(V) Current substance abuse that has the potential to adversely affect labor and the infant;

(c) The following apply to clients and exemptions relating to organ transplants:

(A) Newly eligible clients are exempt from enrollment with a CCO if the client is newly diagnosed and under the treatment protocol for an organ transplant;

(B) Newly eligible clients with existing transplants shall enroll into the appropriate CCO for their service area;

(d) Other just causes to preserve continuity of care include the following considerations:

(A) Enrollment would pose a serious health risk; and

(B) The Authority finds no reasonable alternatives.

(7) Unless stated above, CCO enrollment is mandatory in all areas served by a CCO. A client who is eligible for or receiving health services must enroll in a CCO as required by ORS 414.631, except as provided in ORS 414.631(2), (3), (4), and (5) and this rule.

(8) Enrollment is voluntary in service areas without adequate access and capacity to provide health care services through a CCO or PHP.

(9) Enrollment is mandatory in service areas with adequate health care access and capacity to provide health care services through a CCO or PHP. If upon application or redetermination, a client does not select a CCO, the Authority shall auto-assign the client and the client's household to a CCO that has adequate health care access and capacity. The following outlines the priority of enrollment in service areas where enrollment is mandatory and a PHP remains available for enrollment:

(a) Priority 1: The client shall enroll in a CCO that serves that area and has adequate health care access and capacity;

(b) Priority 2: The client has the option to enroll in a PHP through a manual process if:

(A) The client has an established relationship with a provider who is only contracted with the PHP; or

(B) The PHP serves an area that a CCO serves, but the CCO has inadequate health care services capacity to accept new members. Clients will be FFS unless already established with a PHP's provider;

(c) Priority 3: The client shall receive services on a FFS basis.

(10) If a service area changes from mandatory enrollment to voluntary enrollment, the member shall remain with the PHP for the remainder of their eligibility period or until the Authority or Department redetermines eligibility, whichever comes sooner, unless otherwise eligible to disenroll pursuant to OAR 410-141-3080.

(11) Clients who are exempt from physical health services or who are enrolled with a PHP for physical health services will receive managed or coordinated mental health and oral health services as follows:

(a) The client shall be enrolled with a CCO if the CCO offers mental health and oral health services; or

(b) The client shall be enrolled with an MHO for mental health services and with a DCO for oral health services if the CCO does not offer those services; or

(c) The client shall be enrolled with a DCO for oral health services and remain FFS for mental health services if an MHO is not available; or

(d) The client shall remain FFS for both mental health and oral health services if an MHO or DCO is unavailable.

(12) The following pertains to the effective date of the enrollment. If the enrollment occurs:

(a) On or before Wednesday, the date of enrollment shall be the following Monday; or

(b) After Wednesday, the date of enrollment shall be one week from the following Monday.

(13) Coordinated care services shall begin as of the effective date of enrollment with the CCO except for:

(a) A newborn's date of birth when the mother was a member of a CCO at the time of birth;

(b) For persons other than newborns who are hospitalized on the date enrolled, the date of enrollment shall be the first possible enrollment date after the date the client is discharged from inpatient hospital services;

(c) For members who are re-enrolled within 30 calendar days of disenrollment, the date of enrollment shall be the date specified by the Authority and may be earlier than the effective date outlined above.

(d) For adopted children or children placed in an adoptive placement, the date of enrollment shall be the date specified by the Authority.

Practitioner-Managed Prescription Drug Plan

(1) The Practitioner-Managed Prescription Drug Plan (PMPDP) is a plan that ensures fee-for-service clients of the Oregon Health Plan shall have access to the most effective prescription drugs appropriate for their clinical conditions at the best possible price:

(a) Licensed health care practitioners (informed by the latest peer reviewed research) make decisions concerning the clinical effectiveness of the prescription drugs;

(b) The licensed health care practitioners also consider the health condition of a client or characteristics of a client, including the client's gender, race, or ethnicity.

(2) PMPDP Preferred Drug List (PDL):

(a) The PDL is the primary tool the Division developed to inform licensed health care practitioners about the results of the latest peer-reviewed research and cost effectiveness of prescription drugs;

(b) The PDL (as defined in 410-121-0000 (cc) consists of prescription drugs that the Division, in consultation with the Drug Use Review (DUR)/Pharmacy & Therapeutics Committee (P&T), has determined represent the most effective drugs available at the best possible price;

(c) The PDL shall include drugs that are Medicaid reimbursable and the Food and Drug Administration (FDA) has determined to be safe and effective.

(3) PMPDP PDL Selection Process:

(a) The Division shall utilize the recommendations made by the P&T that result from an evidence-based evaluation process as the basis for selecting the most effective drugs;

(b) The Division shall determine the drugs selected in section (3)(a) that are available for the best possible price and shall consider any input from the P&T about other FDA-approved drugs in the same class that are available for a lesser relative price. The Division shall determine relative price using the methodology described in section (4);

(c) The Division shall evaluate selected drugs for the drug classes periodically:

(A) Evaluation shall occur more frequently at the discretion of the Division if new safety information or the release of new drugs in a class or other information that makes an evaluation advisable;

(B) New drugs in classes already evaluated for the PDL shall be non-preferred until the new drug has been reviewed by the P&T;

(C) The Division shall make all changes or revisions to the PDL using the rulemaking process and shall publish the changes on the Division's Pharmaceutical Services provider rules website.

(4) Relative cost and best possible price determination:

(a) The Division shall determine the relative cost of all drugs in each selected class that are Medicaid reimbursable and that the FDA has determined to be safe and effective;

(b) The Division may also consider dosing issues, patterns of use, and compliance issues. The Division shall weigh these factors with any advice provided by the P&T in reaching a final decision;

(5) Pharmacy providers shall dispense prescriptions in the generic form unless:

(a) The practitioner requests otherwise subject to the regulations outlined in OAR 410-121-0155;

(b) The brand name medication is listed as preferred on the PDL.

(6) The exception process for obtaining non-preferred physical health drugs that are not on the PDL drugs shall be as follows:

(a) If the prescribing practitioner in their professional judgment wishes to prescribe a physical health drug not on the PDL, they may request an exception subject to the requirements of OAR 410-121-0040;

(b) The prescribing practitioner must request an exception for physical health drugs not listed in the PDL subject to the requirements of OAR 410-121-0060;

(c) Exceptions shall be granted in instances:

(A) Where the prescriber in their professional judgment determines the non-preferred drug is medically appropriate after consulting with the Division or the Oregon Pharmacy Help Desk; or

(B) Where the prescriber requests an exception subject to the requirement of section (6)(b) and fails to receive a report of PA status within 24 hours, subject to OAR 410-121-0060.

(7) Table 121-0030-1, PMPDP PDL datedMarch 1, 2015 is incorporated in rule by reference and is found on the Division's website at: www.orpdl.org.

Rule Caption: Annual Updates for Relative Value Units, Clinical Lab and Ambulatory Surgical Centers

Adm. Order No.: DMAP 11-2015

Filed with Sec. of State: 3-4-2015

Certified to be Effective: 3-4-15
Notice Publication Date: 2-1-2015
Rules Amended: 410-120-1340
Rules Repealed: 410-120-1340(T)
Subject: The Division of Medical Assistance Programs (Division) will amend this rule to implement annual updates to the Centers for Medicare and Medicaid (CMS) Relative Value Unit (RVU) weights for physician services and Clinical Laboratory and Ambulatory surgical services.
Rules Coordinator: Sandy Cafourek—(503) 945-6430

410-120-1340
Payment

(1) The Division of Medical Assistance Programs (Division) shall make payment only to the enrolled provider (see OAR 410-120-1260) who actually performs the service or to the provider's enrolled billing provider for covered services rendered to eligible clients.

(2) Division reimbursement for services may be subject to review prior to reimbursement.

(3) The Division that is administering the program under which the billed services or items are provided sets fee-for-service (FFS) payment rates.

(4) The Division uses FFS payment rates in effect on the date of service that are the lesser of:

(a) The amount billed;

(b) The Division maximum allowable amount or;

(c) Reimbursement specified in the individual program provider rules.

(5) Amount billed may not exceed the provider's "usual charge" (see definitions).

(6) The Division's maximum allowable rate setting process uses the following methodology for:

(a) Relative Value Unit (RVU) weight-based rates: For all CPT/HCPCS codes assigned an RVU weight, the 2015 Total RVU weights published in the Federal Register, Vol. 79, November 13, 2014 to be effective for dates of services on or after January 1, 2015:

(A) For professional services not typically performed in a facility, the Non-Facility Total RVU weight;

(B) For professional services typically performed in a facility, the Facility Total RVU weight;

(C) The Division applies the following conversion factors:

(i) $40.79 for labor and delivery codes (59400-59622);

(ii) $36.0666 for Federally Qualified primary care codes billed by providers meeting the criteria in OAR 410-130-0005 for dates of service between January 1, 2013 and December 31, 2014;

(iii) $27.82 for Oregon primary care providers and services not specified in sub-paragraph (ii). A current list of primary care CPT, HCPCs, and provider specialty codes is available at http://www.oregon.gov/OHA/healthplan/data_pubs/feeschedule/main.shtml.

(iv) $25.48 for all remaining RVU weight based CPT/HCPCS codes.

(D) Rate calculation: Effective January 1, 2015, the Division shall calculate rates for each RVU weight-based code using statewide Geographic Practice Cost Indices (GPCIs) as follows:

(i) Work RVU) X (Work GPCI of 1) + (Practice Expense RVU) X (Practice GPCI of 0.974) + (Malpractice RVU) X (Malpractice GPCI of 0.708);

(ii) Sum in paragraph (D)(i) multiplied by the applicable conversion factor in paragraph (C) .

(b) Non RVU based rates:

(A) $20.78 is the base rate for anesthesia service codes 00100-01996. The rate is based on per unit of service;

(B) Clinical lab codes are priced at 70 percent of the 2015 Medicare clinical lab fee schedule;

(C) All approved Ambulatory Surgical Center (ASC) procedures are reimbursed at 80 percent of the 2014 Medicare fee schedule;

(D) Physician administered drugs, billed under a HCPCS code, are based on Medicare's Average Sale Price (ASP). When no ASP rate is listed, the rate shall be based upon the Wholesale Acquisition Price (WAC) plus 6.25 percent. If no WAC is available, then the rate shall be reimbursed at Acquisition Cost. Pricing information for WAC is provided by First Data Bank. These rates may change periodically based on drug costs;

(E) All procedures used for vision materials and supplies are based on contracted rates that include acquisition cost plus shipping and handling;

(F) Individual provider rules may specify reimbursement rates for particular services or items.

(7) The rates in section (6) are updated periodically and posted on the Authority web site at http://www.oregon.gov/OHA/healthplan/data_pubs/feeschedule/main.shtml.

(8) The Division reimburses inpatient hospital service under the DRG methodology, unless specified otherwise in the Hospital Services program administrative rules (chapter 410, division 125). Reimbursement for services, including claims paid at DRG rates, may not exceed any upper limits established by federal regulation.

(9) The Division reimburses all out-of-state hospital services at Oregon DRG or FFS rates as published in the Hospital Services Program rules (OAR chapter 410, division 125) unless the hospital has a contract or service agreement with the Division to provide highly specialized services.

(10) Payment rates for in-home services provided through Department of Human Services (Department) Aging and People with Disabilities (APD) may not exceed the costs of nursing facility services unless the criteria in OAR 411-027-0020 have been met.

(11) The Division sets payment rates for out-of-state institutions and similar facilities, such as skilled nursing care facilities and psychiatric and rehabilitative care facilities at a rate that is:

(a) Consistent with similar services provided in the State of Oregon; and

(b) The lesser of the rate paid to the most similar facility licensed in the State of Oregon or the rate paid by the Medical Assistance Programs in that state for that service; or

(c) The rate established by APD for out-of-state nursing facilities.

(12) The Division may not make payment on claims that have been assigned, sold, or otherwise transferred or when the billing provider, billing agent, or billing service receives a percentage of the amount billed or collected or payment authorized. This includes, but is not limited to, transfer to a collection agency or individual who advances money to a provider for accounts receivable.

(13) The Division may not make a separate payment or copayment to a nursing facility or other provider for services included in the nursing facility's all-inclusive rate. The following services are not included in the all-inclusive rate (OAR 411-070-0085) and may be separately reimbursed:

(a) Legend drugs, biologicals and hyperalimentation drugs and supplies, and enteral nutritional formula as addressed in the Pharmaceutical Services Program administrative rules (chapter 410, division 121) and Home Enteral/Parenteral Nutrition and IV Services Program administrative rules (chapter 410, division 148);

(b) Physical therapy, speech therapy, and occupational therapy provided by a non-employee of the nursing facility within the appropriate program administrative rules (chapter 410, division 129 and 131);

(c) Continuous oxygen that exceeds 1,000 liters per day by lease of a concentrator or concentrators as addressed in the Durable Medical Equipment, Prosthetics, Orthotics and Supplies program administrative rules (chapter 410, division 122);

(d) Influenza immunization serum as described in the Pharmaceutical Services program administrative rules (chapter 410, division 121);

(e) Podiatry services provided under the rules in the Medical-Surgical Services program administrative rules (chapter 410, division 130);

(f) Medical services provided by a physician or other provider of medical services, such as radiology and laboratory, as outlined in the Medical-Surgical Services program rules (chapter 410, division 130);

(g) Certain custom fitted or specialized equipment as specified in the Durable Medical Equipment, Prosthetics, Orthotics and Supplies program administrative rules (chapter 410, division 122).

(14) The Division reimburses hospice services based on CMS Core-Based Statistical Areas (CBSA's). A separate payment may not be made for services included in the core package of services as outlined in OAR chapter 410, division 142.

(15) Payment for Division clients with Medicare and full Medicaid:

(a) The Division limits payment to the Medicaid allowed amount, less the Medicare payment, up to the Medicare co-insurance and deductible, whichever is less. The Division's payment may not exceed the co-insurance and deductible amounts due;

(b) The Division pays the allowable rate for covered services that are not covered by Medicare.

(16) For clients with third-party resources (TPR), the Division pays the allowed rate less the TPR payment but not to exceed the billed amount.

(17) The Division payments, including contracted PHP or CCO payments, unless in error, constitute payment in full, except in limited instances involving allowable spend-down or copayments. For the Division, payment in full includes:

(a) Zero payments for claims where a third party or other resource has paid an amount equivalent to or exceeding Division allowable payment; and

(b) Denials of payment for failure to submit a claim in a timely manner, failure to obtain payment authorization in a timely and appropriate manner, or failure to follow other required procedures identified in the individual provider rules.

(18) Payment by the Division does not restrict or limit the Authority or any state or federal oversight entity's right to review or audit a claim before or after the payment. Claim payment may be denied or subject to recovery if medical review, audit, or other post-payment review determines the service was not provided in accordance with applicable rules or does not meet the criteria for quality of care or medical appropriateness of the care or payment.

Prior Authorization

(1) For fee-for-service (FFS) clients, prior authorization (PA) is required for all procedure codes listed in Table 130-0200-1 regardless of the setting in which they are performed. For details on where to obtain PA, download a copy of the Medical-Surgical Services Supplemental Information booklet at: http://www.dhs.state.or.us/policy/healthplan/guides/medsurg/med-surgsupp0912.pdf.

(2) For clients enrolled in a prepaid health plan (PHP), providers must obtain PA from the client's PHP.

(3) The Division shall authorize for the level of care or type of service that meets the client's medical need consistent with the Health Evidence Review Commission's (HERC) Prioritized List of Health Services (Prioritized List) and guideline notes, as referenced in OAR 410-141-0520.

(4) Codes for which medical need has not been specified by the HERC shall be authorized based on medical appropriateness as the term is defined in OAR 410-120-0000.

(5) For bariatric surgery, PA is required in two steps from:

(a) The OHP primary care provider prior to referral to a bariatric surgery center, and

(b) The bariatric surgery center prior to surgery.

(6) PA is not required:

(a) For clients with both Medicare and Medical Assistance Program coverage, and the service is covered by Medicare. However, PA is still required for bariatric surgeries and evaluations and most transplants, even if they are covered by Medicare;

(b) For kidney and cornea transplants unless they are performed out-of-state;

(c) For emergent or urgent procedures or services;

(d) For hospital admissions unless the procedure requires PA.

(7) A second opinion may be requested by the Division or the contractor before PA is given for a surgery.

(8) Treating and performing practitioners are responsible for obtaining PA.

(9) Refer to Table 130-0200-1 for all services and procedures requiring PA.

Entities Electing to Join OEBB

(1) Effective January 1, 2014 an Entity can elect to participate in benefit plans provided by the Board subject to the following conditions:

(a) The Entity completes and submits a Notice of Intent to join OEBB at least 90 days prior to the date OEBB coverage is to go into effect;

(b) OEBB will not transfer any deductibles or annual out-of-pocket maximums met with the prior carrier;

(c) For those members with an existing life insurance policy through the Entity, OEBB will transfer the life insurance amount in force on the last day the prior group coverage was in effect, rounded to the next highest $10,000 increment, if requested and documented by the Entity.

(d) Early retiree participation in the OEBB plans will be limited to those individuals and eligible dependents currently enrolled in the Entity's medical, dental and/or vision plans and those Early Retirees who retire on or after the effective date of OEBB coverage and their eligible dependents.

(2) Entities electing to participate in benefit plans provided by the Board are limited to offering the coverages and plans provided by OEBB for medical, dental, vision, life, AD&D, and disability plans. Entities cannot choose to offer some coverages or plans through OEBB and other coverages or plans outside of the OEBB benefits program.

(3) A Local Government must provide OEBB with medical plan premium rates and loss ratios for the two most-recent years, if available, with its Notice of Intent to join OEBB to allow OEBB's Consultant to perform an actuarial plan comparison. For self-funded groups, two years of claims experience data should be submitted in lieu of premium rates or loss ratios. The results of the actuarial analysis shall be used as follows:

(a) If the actuarial plan comparison for a Local Government demonstrates that costs are less than 10 percent over OEBB's costs during the same two-year period, the Local Government may participate in the OEBB plan(s) at current OEBB rates.

(b) If an actuarial plan comparison for a Local Government demonstrates that costs are equal to or greater than 10 percent higher than OEBB's costs during the same two year period, the Local Government may participate in the OEBB plan(s) subject to a special rate category, or surcharge, for up to three years.

(4) The Local Government must submit a final Letter of Participation to OEBB at least 30 days prior to the effective date of participation.

(5) Local Governments providing a cash incentive to a member for opting-out of medical coverage that exceeds 75 percent of the cost of employee only coverage of the lowest cost OEBB medical plan may be assessed a surcharge of up to $100 per month per opt-out election.

(6) Local Governments who elect to participate in benefit plans provided by the Board and then subsequently elect to leave OEBB and offer a plan or plans available through the health insurance exchange may re-elect to participate in benefit plans provided by the Board under the rate category the Local Government was in just prior to leaving OEBB on a one-time basis provided the Local Government completes and submits a Letter of Participation to OEBB at least 60 days prior to the date OEBB coverage is to go into effect.

(7) Once a Local Government re-elects to participate in benefit plans provided by the Board after leaving, they are not eligible to offer alternative plans through any other source or sponsor.

945-010-0081
Contesting a Fitness Determination

(1) Purpose. Sections (2)–(5) of this rule set forth the contested case hearing process a subject individual must use to appeal a completed final fitness determination made under OAR 945-010-0051 that the individual is not fit to hold a position with, or provide services to the corporation as an employee, volunteer, contractor, or vendor. Section (6) of this rule identifies an alternative appeal process available only to current corporation employees, if applicable.

(2) Appeal Process

(a) To request a contested case hearing, the subject individual or the subject individual's legal representative must submit a written request for a contested case hearing to the address specified in the notice provided under OAR 945-010-0031. To be timely, the request must be received by the corporation at the specified address within 14 calendar days of the date stated on the notice. The corporation shall address a request received after expiration of the deadline as provided under 137-003-0528.

(b) When a timely request is received by the corporation under subsection (a), a contested case hearing shall be conducted by an administrative law judge assigned by the Office of Administrative Hearings, pursuant to the Attorney General's Uniform and Model Rules, "Procedural Rules, Office of Administrative Hearings" OAR 137-003-0501 to 137-003-0700, as supplemented by the provision of this rule.

(3) Discovery. The administrative law judge may protect information made confidential by ORS 181.534(15) or other applicable law as provided under OAR 137-003-0570(7) or (8).

(4) No Public Attendance. Contested case hearings on fitness determinations are closed to non-participants.

(5) Proposed and Final Order:

(a) Proposed Order. After a hearing, the administrative law judge will issue a proposed order.

(b) Exceptions. Exceptions, if any, shall be filed within fourteen (14) calendar days after service of the proposed order. The proposed order shall provide an address to which exceptions must be sent.

(c) Default. A completed final fitness determination made under OAR 945-010-0051 becomes final:

(A) unless the subject individual makes a timely request for a hearing; or

(B) when a party withdraws a hearing request, notifies the corporation or the administrative law judge that the party will not appear, or fails to appear at a hearing.

(6) Alternative Process. A subject individual currently employed by the corporation may choose to appeal a fitness determination either under the process made available by this rule or through a process made available by applicable personnel rules and policies, if any. A subject individuals decision to appeal a fitness determination through applicable personnel rules and policies is an election of remedies as to the rights of the individual with respect to the fitness determination and is a waiver of the contested case process made available by this rule.

(7) Remedy. The only remedy that may be awarded is a determination that the subject individual is fit or not fit. Under no circumstances shall the corporation be required to place a subject individual in any position, nor shall the corporation be required to accept services or enter into a contractual agreement with a subject individual.

(8) Challenging Criminal Offender Information. A subject individual may not use the appeals process established by this rule to challenge the accuracy or completeness of information provided by the Oregon Department of State Police, the Federal Bureau of Investigation, or agencies reporting information to the Oregon Department of State Police or the Federal Bureau of Investigation.

(a) To challenge information identified in this section of the rule, a subject individual may use any process made available by the agency that provided the information.

(b) If the subject individual successfully challenges the accuracy or completeness of information provided by the Oregon Department of State Police, the Federal Bureau of Investigation, or an agency reporting information to the Oregon Department of State Police or the Federal Bureau of Investigation, the subject individual may request that the corporation conduct a new criminal records check and re-evaluate the original fitness determination made under OAR 863-003-0050 by submitting a new corporation criminal records request. This provision only applies if the position for which the original criminal history check is vacant and available.

(9)Appealing a fitness determination under section (2) or section (6) of this rule, challenging criminal offender information with the agency that provided the information, or requesting a new criminal records check and re-evaluation of the original fitness determination under section (8)(b) of this rule, will not delay or postpone the corporation's hiring process or employment decisions.

Filed with Sec. of State: 2-26-2015
Certified to be Effective: 2-26-15 thru 8-24-15

Notice Publication Date:
Rules Amended: 813-013-0035
Subject: The Vertical Housing Program encourages the construction or rehabilitation of properties in targeted areas of communities in order to augment the availability of appropriate housing and to revitalize such communities. These rules set forth relevant aspects of the program, including processes and criteria for the designation of Vertical Housing Development Zones (VHDZs), for the application and approval of certified projects, for the calculation of any applicable partial property tax exemptions, and for the monitoring and maintenance of properties as qualifying certified projects. The amendment would require a permanent certificate of occupancy once an application has been delivered to the department for new construction projects.
Rules Coordinator: Sandy McDonnell—(503) 986-2012

813-013-0035
Project Certification Applications

(1) A Project Applicant may file an application for certification of a Project by completing the Vertical Housing Project application form, as prescribed by and available from the Department, and by delivering it during normal business hours or by mail to: Oregon Housing and Community Services Vertical Housing, Housing Division 725 Summer Street NE, Suite B PO Box 14508 Salem, Oregon 97309-0409.

(2) Projects must be described in terms of entire tax lots. Projects may not include partial tax lots.

(3) The Project Applicant must provide both a legible and scaled site plan and a legal description of the land for the proposed Project.

(4) To be for 'Residential Use' or for 'Non-Residential use' does not mean that a building floor is actually being occupied accordingly, but rather that it is at least intended and ready for such use and is not converted or occupied for a contrary use.

(5) Low-Income Residential Housing floors or units must be set-aside as such for the entire tax year and occupied only by people who are income eligible in order for the Project to qualify for the low income vertical housing exemptions on land.

(6) The Non-Residential use of a particular floor or floors may be satisfied even if the entire floor is not devoted to that use.

(7) The Department will review applications upon their appropriate delivery subject to, but not limited to:

(a) Applications being complete and consistent with Department requirements; and

(b) Delivery to the Department of an application processing charge, monitoring charge and any other related charges. In determining charges for each Project Applicant, the Department may consider factors including, but not limited to, known and expected costs in processing the application, effecting appropriate monitoring of the Project and otherwise administering the Program with respect to the Project. Payment of charges may be made by check or money order payable to the Department and must be submitted along with the Project Application or as otherwise required by the Department.

(8) For new Construction Projects to qualify for certification, the application must be delivered to the Department before:

(a) The relevant permitting authority has issued a permanent certificate of occupancy; or

(b) If no certificate of occupancy is required, then occupancy otherwise is effectively prevented because the proposed Certified Project has not yet been completed.

(9) For Rehabilitation Projects to qualify for certification, the application must be delivered to the Department at any stage of the Rehabilitation, but not after Rehabilitation work on the Project is complete. The Department may provide a preliminary certification of the Project pending completion of the Rehabilitation of the Project. Notification of the Project's completion, together with appropriate documentation of the actual costs of the Rehabilitation and the real market value of the pre-rehabilitated Project must be forwarded by the Project Applicant to the Department within 90 days of Project completion. The Department may certify all or part of a rehabilitated Project or of a Project where the Rehabilitation is still in progress as a Certified Project.

(10) Project Applicants must provide the following information in a manner satisfactory to the Department:

(a) The address and boundaries of the proposed Project including the tax lot numbers, a legible and scaled site plan of the proposed Project, and a legal description of the land involved in the Project for which a partial tax exemption is sought by the Project Applicant;

(b) A description of the existing condition of the proposed Project property;

(c) A description of the proposed Project including, but not limited to current architectural plans that include verifiable square footage measurements, verified statements of Rehabilitation costs; and designation of the number of Project floors;

(d) A description of all Non-Residential Areas with related and total square footages, and identification of all non-residential uses;

(e) A description of all Residential Uses and residential areas with related and total residential square footages;

(f) A description of the number and nature of Low-Income Residential Housing units with related and total Low-Income Residential Housing square footages;

(g) Confirmation that the Project is entirely located in an established VHDZ;

(h) A commitment from the Project Applicant, acceptable to the Department, that the Project will be maintained and operated in a manner consistent with the Project application and the Program for a time period acceptable to the Department and not less than the term of any related property tax exemption;

(i) A calculation quantifying the various uses of the Project in total and by each Equalized Floor including allocations to Residential Uses, the allocations to Low-Income Residential Housing uses, and the allocations to Non-Residential Areas; and;

(j) Such other information as the Department, in its discretion, may require.

(11) The Project application must be submitted and received by the Department on or before the new Construction residential units are ready for occupancy or the Project Rehabilitation is complete;

(12) The Department may request such other information from a Project Applicant and undertake any investigation that it deems appropriate in processing any Project application or in the monitoring of a Certified Project. By filing an application, a Project Applicant irrevocably agrees to allow the Department reasonable access to the Project and to Project-related documents, including the right to enter onto and inspect the Project property and to copy any Project-related documents.

(13) To qualify to be a Certified Project, the Rehabilitation of any existing improvement must substantially alter and enhance the utility, condition, design or nature of the structure. In its application, the Project Applicant must verify such substantial alteration and enhancement. The following actions, by themselves, are not sufficient to satisfy this substantial alteration and enhancement requirement irrespective of cost or implementation throughout a Project:

(a) Ordinary maintenance and repairs;

(b) Refurbishment or redecoration that merely replaces, updates or restores certain fixtures, surfaces or components; or

(c) Similar such work of a superficial, obligatory or routine nature

(14) Unless an exception is granted by the Department, Projects "in progress" at the time of application may include only costs incurred within six (6) months of the application date. Factors that the Department may consider in determining whether or not to grant an exception to the six (6)-month limitation on costs include, but are not limited to the following:

(a) Delay due to terrorism or acts of God;

(b) Delay occasioned by requirements of the Department;

(c) Resultant undue hardship to the Project Applicant;

(d) The complexity of the Project; and

(e) The benefit of the Project to the Community.

(15) For applications filed before Project completion, the Department may provide a conditional letter of prospective certification of the Project pending its completion. To obtain a final certification of the Project, the Project Applicant must provide timely notification to the Department of the Project's completion, together with a copy of the certificate of occupancy and other information as the Department may require. A Project Applicant must provide the notice and required documentation to the Department within 90 days of Project completion which is typically the date of the certificate of occupancy unless the Department determines that another date is more appropriate.

(16) If an application is rejected for failure to meet Department review requirements, then:

(a) The Department will notify the Project Applicant that the application has been rejected; and

(b) The Department, at its own discretion, may allow the resubmission of a rejected application for Project certification ("as is" or with appro-

priate corrections or supplementations) or may reconsider a determination by it to reject an application. Factors that the Department may consider in allowing a resubmission of a rejected application or the reconsideration of a determination by it to reject an application include, but are not limited to the following:

(A) Whether or not rejection results in undue hardship to the Project Applicant;

(B) The best interests of the Community;

(C) The level of cooperation from the Project Applicant;

(D) The level and materiality of initial non-compliance by the Project Applicant, and;

(E) Mitigation of any initial non-compliance by the Project Applicant.

(c) If the Department accepts for review a previously rejected application, it may do so, at its sole discretion, on a prospective basis or based upon the original date of filing. Factors that the Department may consider in determining the date to apply to a previously rejected application include, but are not limited to the following:

(A) Whether or not occupancy or readiness to occupy residential units in the Project has occurred since the original application;

(B) Whether or not undue hardship would result to the Project Applicant;

(C) The best interests of the Community; and

(D) The level and materiality of non-compliance in the initial application.

(17) The Department will evaluate each accepted application to determine whether or not to certify the proposed Project.

(2) A settlement discussion is any communication between two or more parties for the purpose of resolving issues pending in contested case proceedings. Examples of communications not constituting settlement discussions for purposes of this rule include communications primarily for the purpose of discovery and communications occurring before initiation of docketed proceedings.

(3) Without the written consent of all parties, any statement, admission, or offer of settlement made during settlement discussions is not admissible in any Commission proceedings, unless independently discoverable or offered for other purposes allowed under ORS 40.190.

(4) Parties may agree in writing that the information exchanged exclusively within the context of any settlement discussion is confidential.

(5) Subject to the signing of an applicable confidentiality agreement, all parties may attend a meeting in which Staff participates to discuss settlement. Staff must provide to all parties to the proceedings reasonable prior notice of any settlement meeting in which Staff intends to participate. The notice must include the time and place of the settlement meeting, the party or parties involved, and the issues to be discussed. Once Staff has given notice of a settlement meeting involving a particular issue, additional notice of continuing settlement meetings involving the same issue need only be provided to parties attending the initial meeting or parties who request continuing notice. Persons who are not associated with a party may not attend a settlement meeting without the consent of all participating parties.

(6) For purposes of ORS 192.502(4), the Commission obligates itself to protect from disclosure any document submitted in confidence during settlement discussions.

(7) Settlements must be memorialized in a written stipulation signed by the settling parties and filed for review by the Commission. With the stipulation, the parties must file:

(a) An explanatory brief or written testimony in support of the stipulation, unless waived by the Commission or ALJ; and

(b) A motion to offer the stipulation and any testimony as evidence in the proceeding, together with witness affidavits in support of the testimony.

(8) Within 15 days of the filing of a stipulation, a party may file written objections to the stipulation or request a hearing. Upon request or its own motion, the Commission or ALJ may set another time period for objections and request for hearing. Objections may be on the merits or based upon failure of Staff or a party to comply with this rule. The Commission or ALJ may hold a hearing to receive testimony and evidence regarding the stipulation. The Commission or ALJ may require evidence of any facts stipulated. The parties must be afforded notice and an opportunity to submit proof if such evidence is requested.

(9) A stipulation is not binding on the Commission. The Commission may adopt or reject a stipulation, or propose that a stipulation be modified prior to approval. If the Commission proposes to modify a stipulation, the Commission must explain its decision and, if necessary, provide the parties sufficient opportunity on the record to present evidence and argument to support the stipulation. No further hearing need be held when a review hearing has already been held under section (8) of this rule and the Commission or ALJ determines that the issues were fully addressed in the prior hearing.

General

The Commission treats pleadings and motions differently.

(1) Pleadings are used to address formal requests to initiate a proceeding or for Commission authorization. There are two types of pleadings.

(a) Initiating pleadings include applications, petitions, and complaints.

(b) Responsive pleadings include answers, protests, responses, and replies.

(2) Motions are requests seeking a ruling in a Commission proceeding. There are two types of motions.

(a) Substantive motions address the rights or duties of a party or seek summary determination of any or all issues in the proceeding, such as a motion to dismiss.

(b) Procedural motions address the means by which the Commission regulates its proceedings; for example, a motion to modify a schedule.

Pleadings Requirements

(1) All pleadings must be signed by the person filing the pleading or an authorized representative. By signing a pleading, the signatory makes the certification in ORCP 17C. For electronic filings, a person may use any identifier that is adopted by the person with the intent to authenticate a document (for example, "/s/John Doe").

(2) Applications, petitions, complaints, and other initiating pleadings must include:

(a) The filer's name and contact information, including telephone number, physical address, and electronic mail address;

(b) The name and contact information, including telephone number, physical address, and electronic mail address of any other party named in the filing;

(c) A clear and concise statement of the authorization, action, or relief sought;

(d) Appropriate references to the statutory provision or other authority under which the filing is made; and

(e) Other information as required by the Commission's rules.

(3) Answers, protests, and other responsive pleadings must be in writing and must include:

(a) The filer's name and address;

(b) The identification of the initiating pleading to which the response is made, including the docket number if one had been assigned; and

(c) A specific response to the pleading including, if necessary, an answer to material allegations and affirmative defenses.

(4) Unless otherwise directed by the Commission or ALJ, responses must be filed within the following timeframes:

(a) An answer to a complaint, application, or petition must be filed within 20 days after the pleading is filed.

(b) An answer to a consumer complaint under OAR 860-021-0015 must be filed within 15 days after the Commission serves the complaint.

(c) An answer to a petition to intervene must be filed within 10 days after filing of the petition.

(d) An answer to a complaint under OAR 860-029-0100 must be filed within 10 days after the Commission serves the complaint.

(e) An answer to any other type of pleading must be filed within 15 days after the pleading is filed.

(5) A reply to a responsive pleading is not permitted unless otherwise allowed by the Commission or ALJ.

Motions, Responses, and Replies

(1) A motion must be made in writing unless otherwise allowed by the Commission or ALJ.

(2) Before filing a procedural motion, the moving party must make a good faith effort to confer with other parties to seek agreement about the subject of the motion. A procedural motion must describe the effort to confer and the result of the effort.

(3) A motion against an initiating or responsive pleading under OAR 860-001-0400 must be filed within 10 days after the pleading is filed.

(4) A party may file a response to a motion. A response to a substantive motion must be filed within 15 days of filing of the motion. A response to a procedural motion must be filed within 7 days of filing of the motion.

(5) The moving party may file a reply to a response to a substantive motion within 7 days of filing of the response. The moving party is not permitted to file a reply to a response to a procedural motion unless permitted by the ALJ.

(6) If expedited consideration of a motion is requested, the moving party must:

(a) Certify that the moving party has attempted to contact the other parties to the proceedings to discuss the motion and state whether the parties support the motion;

(b) Identify the request for expedited consideration in the document caption; and

(c) Include a request to shorten the time for responses and, if applicable, replies.

(7) Unless granted by the ALJ, a request for an extension or other related motion does not stay a pending due date.

Testimony and Exhibits

(1) Unless otherwise directed by the ALJ, all written testimony and exhibits must be paginated in the top right corner as follows:

Party Name/Exhibit Number

Witness Last Name/Page Number

(2) Each party must consecutively number its written testimony and exhibits, beginning with 100. Within each round of testimony, each witness or witnesses testifying jointly must be designated with a separate numbering series. For example, Mr. Smith, Staff's first witness in the first round of testimony, would be assigned Staff/100. Ms. Jones, Staff's second witness in first round, would be assigned Staff/200. Mr. Smith's second round of testimony would be assigned Staff/300. Each attachment must be marked as a separate exhibit. For example, the first attachment to Staff/100 would be marked as Staff/101. A separate numbering series must also be used to identify all exhibits marked at hearing.

(3) Each page of a multipage exhibit must be marked with a page number. Pages within each exhibit must be marked consecutively, beginning with page 1.

(4) The ALJ may waive the requirement of marking each page of voluminous photocopied documents.

(5) When filing testimony and exhibits, the filing party must simultaneously provide a copy of all work papers to Staff, the utility named in the initiating pleading, and all other parties that have asked to receive a copy. If a shared workspace is being used for data requests and responses, this provision is satisfied by uploading the work papers to that workspace and electing to share the upload with other authorized users. As used in this rule, work papers consist of documents that show the source, calculations, and details supporting the testimony and other exhibits submitted.

(6) Within the time specified by the ALJ, each party must file a list, in numerical order, of the written testimony and exhibits the party offered during the proceedings. The list must specify the document, witness, number of pages, and whether the exhibit was received into evidence.

(7) When testimony or exhibits are offered in evidence at a hearing and were not previously filed, the offering party must give copies to each party, the Commission, and the ALJ. When practicable, the parties must distribute copies of exhibits before or at the beginning of the hearing.

(8) When relevant evidence offered by a party is included in a book, paper, or document containing irrelevant material, the party offering the exhibit must plainly designate the relevant material offered:

(a) If irrelevant material is included in the exhibit and would encumber the record, then the exhibit may be excluded. The exhibit may be marked for identification and the relevant material may be read into the record if properly authenticated.

(b) If the Commission or ALJ directs, a copy of the relevant portions of the exhibit may be received as evidence. The offering party must offer copies of the document to all other parties appearing at the hearing. The parties must be afforded an opportunity to examine the exhibit and to offer in evidence other relevant portions of the exhibit.

(9) Papers and documents on file with the Commission may be introduced by reference to number, date, or by any other method of identification satisfactory to the Commission or ALJ.

(10) The Commission or ALJ may direct that the testimony of a witness, including supporting exhibits, be submitted in writing prior to hearing. Unless otherwise directed by the Commission or ALJ, written testimony, when sworn to orally or in writing by the witness under oath to be true, will be received in the same manner as an exhibit. The written testimony must be double-spaced, prepared in question and answer or narrative form, and contain a statement of the qualifications of the witness. The written testimony is subject to rules of admissibility and cross-examination.

(11) The Commission or ALJ may direct that demonstrative evidence be reduced to a diagram, map, photograph, or similar representation.

Data Requests

(1) A party may submit data requests to any other party, subject to the discovery rules in the ORCP. Data requests are written interrogatories or requests for production of documents. Data requests must be answered within 14 days from the date of service. Each data request must be answered fully and separately in writing or by production of documents, or objected to in writing.

(2) A party submitting a data request must serve the request on all parties to the proceedings. For nonconfidential requests, service may be made by electronic mail or by electronic mail notification of upload to a designated shared workspace for data requests and responses. If the request contains confidential information, then the submitting party must serve a complete copy on all parties eligible to receive confidential information under the terms of a protective order and a redacted copy to all other parties. The complete confidential copy must be served using means identified in the protective order. Nonconfidential data requests and responses submitted to the Staff of the Commission must be sent to PUC.Datarequest@state.or.us. If a designated shared workspace is being used for data requests and responses, the notification of uploaded data requests and responses must be sent to PUC.Datarequest@state.or.us.

(3) The party answering the data request must provide a response or an electronic mail notification of upload to a designated shared workspace to the submitting party and all other parties that filed a written request for a copy of the response. A party must agree to be bound by the applicable protective order to be eligible to receive a response containing confidential information.

(4) A party may offer into evidence data requests and the answers to the data requests. Any objection to substance or form of a data request or answer must be attached to the submitted data request or answer with specific reference and grounds. Every remedy available to a party using deposition procedures is available to a party using data requests.

(5) Except when requested by the Commission or ALJ, or when seeking resolution of a discovery dispute under these rules, data requests are not filed with the Filing Center or provided to the ALJ.

Agreements Arrived at Through Negotiation

(1) Upon receiving a request for interconnection, services, or network elements pursuant to Section 251 of the Act, the affected telecommunications carrier may negotiate and enter into a binding agreement with the requesting telecommunications carrier.

(2) The negotiating parties may ask a mediator outside the Commission to help them reach agreement. If they request the Commission to mediate, the Commission will use an Administrative Law Judge (ALJ) or a member of the utility Staff to mediate. Only the negotiating parties and the mediator will participate in mediation sessions.

(3) After the parties reach agreement under Section 252(a) of the Act, they must file an application with the Commission seeking approval of the agreement, or for approval of an amendment to an approved agreement on file with the Commission. The application must include the negotiated agreement and a completed Carrier-to-Carrier Agreement Checklist. A copy of the checklist is available on the Commission's website. The parties may also include any other supporting information with their application. The application and checklist must be filed electronically as required in OAR 860-001-0170.

(4) The Commission will approve or reject the agreement within 90 days of filing, with written findings as to any deficiencies. Prior to rejecting the agreement, the Commission will notify the negotiating parties of its intended action and provide an opportunity for the carriers to respond. The grounds for rejection are that the agreement:

(a) Discriminates against a carrier not a party to the agreement; or

(b) Is not consistent with the public interest, convenience, and necessity. Applicable Commission policies will be a factor in public interest, convenience, and necessity determinations.

Wholesale Promotions

(1) A carrier intending to offer a wholesale promotion that would modify the terms of a Carrier-to-Carrier Agreement must provide the Commission and other telecommunications carriers notice of the promotion at least 30 days prior to the effective date of the promotion. The notice to the Commission must include:

(a) A copy of a form contract, containing the terms and conditions of the promotional offering that would be submitted as an amendment to an existing Carrier-to-Carrier Agreement; and

(b) A description of the means used to notify other telecommunications carriers of the promotion.

(2) The offering carrier must file the notice with the Commission and must include a completed Carrier-to-Carrier Agreement Checklist, a copy of which is available on the Commission's website. The notice and checklist must be filed electronically as required in OAR 860-001-0170.

(3) The Commission will approve the form contract unless it finds that the contract, if filed as an amendment to an interconnection agreement, would be subject to rejection under OAR 860-016-0020(4).

(4) If another carrier accepts the promotional offering, the offering and accepting carriers must file, within 10 days of execution by the parties, an amendment to an existing Carrier-to-Carrier Agreement incorporating the exact terms and conditions of the approved amendment in the form contract. Any such filed amendment will be deemed effective upon the later of the Commission approval of the form contract or execution of the amendment by the parties.

Adoption of Previously Approved Agreement or Statement of Generally Available Terms

(1) If a requesting telecommunications carrier decides to adopt an identical agreement or an identical individual arrangement contained in an agreement, pursuant to Section 252(i) of the Act and 47 CFR Section 51.809, with the exception of the adopting party's name and new effective date, previously approved by and on file with the Commission, or a Statement of Generally Available Terms approved by the Commission under OAR 860-016-0040, it must file notice of the adoption with the Commission. The notice must include a completed Carrier-to-Carrier Agreement Checklist.

(2) The notice documents must be filed electronically as required in OAR 860-001-0170.

(3) If the notice is filed jointly with the affected telecommunications carrier, the adoption becomes effective on the date filed.

(4) If the notice is filed unilaterally by the requesting telecommunications carrier, the requesting telecommunications carrier must simultaneously provide notice of the adoption to the affected carrier. The affected carrier may then file objections to the adoption within 21 calendar days of such notice. If no objections are filed, the adoption becomes effective on the 22nd day after filing.

(5) An affected carrier may object to an adoption on the following grounds:

(a) The costs of providing a particular interconnection, service, or element to the requesting telecommunications carrier are greater than the costs of providing it to the telecommunications carrier that originally negotiated the agreement;

(b) The provision of a particular interconnection, service, or element to the requesting carrier is not technically feasible;

(c) There is new federal or state law that requires modification of the agreement proposed to be adopted;

(d) The agreement proposed to be adopted has expired or been cancelled; or

(e) The proposed adoption is unlawful.

(6) If the affected carrier files objections, the requesting carrier may file a reply within 14 calendar days after the objections are filed. An assigned Administrative Law Judge (ALJ) will schedule a conference within 5 business days after the reply is filed, to be held as soon thereafter as practicable. At the conference, the ALJ will determine whether the issues raised by the affected carrier's objection can resolved based on the pleadings and all supporting documentation, or whether further proceedings are necessary. If further proceedings are necessary, the ALJ will establish a schedule for resolving the dispute on an expedited basis. Pending resolution

of the dispute, other provisions of the proposed adoption not contested by the affected carrier will become effective.

Arbitration of Disputes

(1) Negotiating parties may engage the services of an outside arbitrator rather than file a petition with the Commission. If the negotiating parties petition the Commission to arbitrate their dispute, the Commission will use an ALJ as arbitrator unless workload constraints necessitate the use of an outside arbitrator.

(2) A petition for arbitration must contain:

(a) Identification of the parties' representatives, including contact information with electronic mail addresses;

(b) A statement of all unresolved issues;

(c) A description of each party's position on the unresolved issues;

(d) A proposed agreement addressing all issues, including those on which the parties have reached agreement and those that are in dispute. Wherever possible, the petitioner should rely on the fundamental organization of clauses and subjects contained in an agreement previously approved by the Commission; and

(e) Documentation showing that the request complies with the time requirements of the Act.

(3) Respondent may file a response within 25 days of the request for arbitration. In the response, the respondent must address each issue listed in the request, describe the respondent's position on those issues, and identify and present any additional issues for which the respondent seeks resolution.

(4) The arbitration will be conducted in a manner similar to a contested case proceeding, and the arbitrator will have the same authority to conduct the arbitration process as an ALJ has in conducting hearings under the Commission's rules. However, the arbitration process will be streamlined to meet the Act's timelines. An early conference will be held to discuss processing of the case, and to receive the proposal put forth by each party. The arbitrator will establish the schedule, and decide whether an oral hearing would be helpful. After the oral hearing or other procedures (for example, rounds of comments), each party will submit its "final offer" proposed agreement. The arbitrator will choose between the two final offers. However, if neither offer is consistent with the Act and Commission policies, the arbitrator will make an award that meets those requirements.

(5) Formal discovery procedures will be allowed only to the extent deemed necessary by the arbitrator. Parties will be required to cooperate in good faith in voluntary, prompt, and informal exchanges of information relevant to the matter. Unresolved discovery disputes will be resolved by the arbitrator upon request of a party. The arbitrator will order a party to provide information if the arbitrator determines the requesting party has a reasonable need for the requested information and that the request is not overly burdensome.

(6) Only the two negotiating parties will have full party status. The arbitrator may confer with Staff for assistance throughout the arbitration process. If Staff assistance is desired, the arbitrator will notify (by telephone or other means) the parties at least 24 hours before the consultation with Staff. The parties may attend or listen to the consultation and may respond in a manner allowed by the arbitrator.

(7) To keep the process moving forward, appeals to the Commission will not be allowed during the arbitration process. An arbitrator may certify a question to the Commission if deemed necessary.

(8) To accommodate the need for flexibility, the arbitrator may use procedures that vary from those set out here if the arbitrator deems it helpful in a particular arbitration, as long as the procedures are fair, treat the parties equitably, and substantially comply with the procedures listed here.

(9) Each arbitration award must:

(a) Ensure that the requirements of sections 251 and 252 of the Act and any valid applicable Federal Communications Commission regulations under that section are met;

(b) Establish interconnection and network element prices consistent with the Act;

(c) Establish a schedule for implementation of the agreement; and

(d) Be consistent with Commission policies.

(10) After an arbitration award is submitted to the Commission, notice will be served on those who have indicated a desire to receive notice of mediated and arbitrated agreements. Any person may then file comments within 10 days of service of the award.

(11) The Commission will accept or reject an arbitration award within 30 days.

(12) Within 14 days after the Commission issues its arbitration decision, petitioner must prepare an interconnection agreement complying with the terms of the arbitration decision and serve it on respondent. Within 10 days of service of this interconnection agreement, respondent must either sign and file the agreement or file objections to it. If objections are filed, respondent must state how the agreement fails to comply with the arbitration decision, and offer substitute language complying with the decision. The Commission will approve or reject a filed interconnection agreement within 30 days of its filing, or the agreement will be deemed approved. If petitioner, without respondent's consent, fails to timely prepare and serve an interconnection agreement on respondent, respondent may file a motion requesting the Commission dismiss the petition for arbitration with prejudice. The Commission may grant such motion if the petitioner's failure to timely prepare and serve the interconnection agreement was the result of inexcusable neglect on the part of petitioner.

860-016-0050
Petitions for Enforcement of Interconnection Agreements

(1) This rule specifies the procedure for a telecommunications provider, as defined in OAR 860-032-0001, to file a complaint for the enforcement of an interconnection agreement executed pursuant to the Telecommunications Act of 1996 (the Act). This includes interconnection agreements, resale agreements, agreements for the purchase or lease of unbundled network elements (UNEs), or statements of generally available terms and conditions (SGATs), whether those agreements were entered into through negotiation, mediation, arbitration, or adoption of a prior agreement or portions of prior agreements. Section (13) of this rule specifies procedures for complaints alleging that telecommunications utilities have engaged in prohibited acts under ORS 759.455.

(2) At least 10 days prior to filing a complaint for enforcement, complainant must give written notice to defendant and the Commission that complainant intends to file a complaint for enforcement. The notice must identify the provisions in the agreement that complainant alleges were or are being violated and the specific acts or failure to act that caused or are causing the violation, and whether complainant anticipates requesting temporary or injunctive relief. On the same day the notice is filed with the Commission, complainant must serve a copy of the notice on defendant's authorized representative, attorney of record, or designated agent for service of process. Complainant must also serve the notice on all persons designated in the interconnection agreement to receive notices;

(3) A complaint for enforcement of an interconnection agreement must:

(a) Contain a statement of specific facts demonstrating that the complainant conferred with defendant in good faith to resolve the dispute, and that despite those efforts the parties failed to resolve the dispute;

(b) Include a copy of the written notice, required by section (2), indicating that the complainant intends to file a complaint for enforcement;

(c) Include a copy of the interconnection agreement or the portion of the interconnection agreement that the complainant contends was or is being violated. If a copy of the entire interconnection agreement is provided, complainant must specify provisions at issue. If the interconnection agreement adopted a prior agreement or portions of prior agreements, the complaint must also indicate the provisions adopted in those agreements;

(d) Contain a statement of the facts or law demonstrating defendant's failure to comply with the agreement and complainant's entitlement to relief. The statement must indicate that the remedy sought is consistent with the dispute resolution provisions in the agreement, if any. Statements of facts must be supported by written testimony with affidavits, made by persons competent to testify and having personal knowledge of the relevant facts. Statements of law must be supported by appropriate citations. If exhibits are attached to the affidavits, the affidavits must contain the foundation for the exhibits;

(e) Designate up to three persons to receive copies of other pleadings and documents;

(f) Include any motions for affirmative relief, filed as a separate document and clearly marked. Nothing in this subsection precludes complainant from filing a motion subsequent to the filing of the complaint if the motion is based upon facts or circumstances unknown or unavailable to complainant at the time the complaint was filed; and

(g) Include an executive summary, filed as a separate document not to exceed 8 pages, outlining the issues and relief requested.

(4) On the same day the complaint is filed with the Commission, complainant must serve a copy of the complaint on defendant's authorized representative, attorney of record, or designated agent for service of process. Service may be by electronic mail, fax, or overnight mail, but the complaint must arrive at defendant's location on the same day the complaint is filed with the Commission. Service by electronic mail or fax must be followed by a physical copy the next day by overnight delivery.

(5) Within 10 business days after service of the complaint, defendant may file an answer with the Commission. Any allegations raised in the complaint and not addressed in the answer are deemed admitted. The answer must:

(a) Contain a statement of specific facts demonstrating that the defendant conferred with complainant in good faith to resolve the dispute, and that despite those efforts the parties failed to resolve the dispute;

(b) Respond to each allegation set forth in the complaint and set forth all affirmative defenses;

(c) Contain a statement of the facts or law supporting defendant's position. Statements of facts must be supported by written testimony or one or more affidavits, made by persons competent to testify and having personal knowledge of the relevant facts. Statements of law must be supported by appropriate citations. If exhibits are attached to the affidavits, the affidavits must contain the foundation for the exhibits; and

(d) Designate up to three persons to receive copies of other pleadings and documents;

(6) On the same day as the answer is filed, the defendant must also file its response to any motion filed by complainant and its motions for affirmative relief. Each response and each motion must be filed as a separate filing. Nothing in this section precludes defendant from filing a motion subsequent to the filing of the answer if the motion is based upon facts or circumstances unknown or unavailable to defendant at the time the answer was filed.

(7) On the same day the answer is filed with the Commission, defendant must serve a copy of the answer to the complainant's authorized representative, attorney of record, or designated agent for service of process.

(8) Complainant must file a reply to an answer that contains affirmative defenses within 5 business days after the answer is filed. On the same day the reply is filed with the Commission, complainant must serve a copy of the reply to defendant's authorized representative, attorney of record, or designated agent for service of process.

(9) A cross-complaint or counterclaim must be answered within the 10-business day time frame allowed for answers to complaints.

(10) The Commission will conduct a conference regarding each complaint for enforcement of an interconnection agreement.

(a) The Administrative Law Judge (ALJ) will schedule a conference within 5 business days after the answer is filed, to be held as soon as practicable. At the discretion of the ALJ, the conference may be conducted by telephone;

(b) Based on the complaint and the answer, all supporting documents filed by the parties, and the parties' oral statements at the conference, the ALJ will determine whether the issues raised in the complaint can be determined on the pleadings and submissions without further proceedings or whether further proceedings are necessary. If further proceedings are necessary, the ALJ will establish a procedural schedule. The procedural schedule may include a mandatory mediation session. Either party may request that a person other than the ALJ preside over the mediation. Nothing in this subsection is intended to prohibit the bifurcation of issues where appropriate;

(c) In determining whether further proceedings are necessary, the ALJ will consider, but is not limited to, the positions of the parties; the need to clarify evidence through the examination of witnesses; the complexity of the issues; the need for prompt resolution; and the completeness of the information presented;

(d) The ALJ may make oral rulings on the record during the conference on all matters relevant to the conduct of the proceeding.

(11) A party may file with the complaint or answer a request for discovery, stating the matters to be inquired into and their relationship to matters directly at issue.

(12) When warranted by the facts, the complainant or defendant may file a motion requesting that an expedited procedure be used. The moving party must file a proposed expedited procedural schedule along with its motion. The ALJ will schedule a conference to be held as soon as practicable, to determine whether an expedited schedule is warranted.

(a) The ALJ will consider whether the issues raised in the complaint or answer involve a risk of imminent, irrevocable harm to a telecommunications provider and to the public interest;

(b) If a determination is made that an expedited procedure is warranted, the ALJ will establish a procedure that ensures a prompt resolution of the merits of the dispute, consistent with due process and other relevant considerations. The ALJ will consider, but is not bound by, the moving party's proposed expedited procedural schedule;

(c) An expedited procedure may be appropriate if the complainant shows that its ability to provide telecommunications services will be substantially harmed unless the Commission acts promptly. In general, the Commission will not entertain a motion for expedited procedure where the dispute solely involves the payment of money.

(13) Procedures for complaints alleging violation of ORS 759.455.

(a) An answer under section (5) of this rule must be filed with the Commission and served on the complainant within 10 calendar days after service of the complaint;

(b) A reply under section (8) of this rule must be filed with the Commission and served on the defendant within 5 calendar days after the answer is filed;

(c) The ALJ will schedule a conference to be held not later than 15 calendar days after the complaint is filed;

(d) A hearing will begin no later than 30 days after the complaint is filed;

(e) The ALJ may consult with the Commission Staff in the manner set forth in OAR 860-016-0030(6).

Dispute Resolution

(1) When a dispute occurs between a customer or applicant and a utility about any charge or service, the utility must:

(a) Thoroughly investigate the matter;

(b) Promptly report the results of its investigation to the complainant;

(c) Inform the complainant of the right to have a utility supervisor review any dispute;

(d) Prepare a written record of the dispute including the name and address of the complainant involved, the date the complaint was received, the issues in dispute, and the disposition of the matter; and

(e) Retain records of the dispute for at least 36 months after the investigation is closed.

(2) If the utility and complainant cannot resolve the dispute, the utility must inform the complainant of the right to contact the Consumer Services Section and request assistance in resolving the dispute. The utility must provide the following contact information for the Consumer Services Section:

(a) Telephone: 503-378-6600; 1-800-522-2404; TTY 711;

(b) Mailing address: Public Utility Commission of Oregon, Consumer Services Section, PO Box 1088, Salem, Oregon 97308;

(c) Physical address: Public Utility Commission of Oregon, 3930 Fairview Industrial Drive SE, Salem, Oregon 97302;

(d) Electronic mail address: puc.consumer@state.or.us; and

(e) Website: http://www.puc.state.or.us/consumer/customer%20complaint%20process.pdf.

(3) The Consumer Services Section will investigate any dispute upon request to determine whether it can be resolved as an informal complaint.

(4) If the Consumer Services Section cannot resolve the dispute the complainant may file a formal written complaint with the Commission under ORS 756.500. The formal complaint must be submitted on an approved form available from the Consumer Services Section.

(a) The complaint must be filed electronically with the Filing Center at PUC.FilingCenter@state.or.us.

(b) If complainant does not have access to electronic mail,

(A) The complaint may be mailed, faxed, or delivered to the Filing Center at the address set out in OAR 860-001-0140; and

(B) The complaint must include a request for waiver of electronic service and filing requirements. This request is included on the form available from the Commission's Consumer Services Division.

(c) The Commission will serve the complaint on the utility. The Commission may electronically serve the utility with the complaint if the electronic mail address is verified prior to service of the complaint and the delivery receipt is maintained in the official file.

(d) The utility must answer the complaint within 15 days of service of the complaint by the Commission.

(e) The Commission will determine a procedural schedule after the utility's answer is filed. The utility must serve a copy of its answer on the complainant.

(A) If the utility files a motion to dismiss, the complainant may file a response within 15 days of the motion. If the complainant responds, the complainant must file the response with the Filing Center and send a copy to the utility. The Commission may make a decision on the formal complaint based on the information in the complaint, the utility's response and motion to dismiss, and the complainant's response to the utility's motion; or

(B) The Commission may set a procedural schedule for the complaint proceedings, including but not limited to, scheduling dates for receiving additional information from the parties, telephone conferences, or a hearing. A hearing may be held on less than 10 days' notice when good cause is shown.

(5) Upon filing a formal complaint, the complainant may request a hearing to determine whether the complainant is entitled to continued or restored service pending the resolution of the complaint. Unless extraordinary circumstances exist, the Commission will conduct the hearing by telephone within 3 business days. Notice of the hearing will be provided to the complainant and the utility at least 12 hours before the date and time of the hearing. Pending resolution of the dispute, the complainant's obligation to pay undisputed amounts continues.

(6) A complainant who has a registered dispute or formal complaint pending with the Commission is entitled to continued or restored service provided:

(a) Service was not terminated for tampering with utility property, stealing, diverting, or using unauthorized service, or failure to establish credit;

(b) A bona fide dispute exists in which the facts asserted entitle the complainant to service;

(c) When termination is based on nonpayment, the customer agrees to pay undisputed charges; and

(d) The complainant diligently pursues conflict resolution under the Commission's rules.

(7) If the conditions in section (6) of this rule are not satisfied, the utility has no obligation to provide continued service. A utility discontinuing service because of a failure to meet the conditions of subsections (6)(c) or (6)(d) of this rule must give the customer five-day notice served in the same manner as provided by OAR 860-021-0405 or 860-021-0505, whichever applies, except the notice need only describe the defect in performance, the date and time when utility service will terminate, and the toll-free number of the Commission's Consumer Services Division.

Recovery of Certain Facility Relocation Costs

(1) This rule provides a means for a utility to recover from its customers the unreimbursed costs of facility relocation activities required by a public body, as provided in ORS 758.025.

(2) As used in this rule:

(a) "Facility" or "facilities" refers to a utility's tangible plant which ordinarily has a service life of more than one year that provides utility service, and is included in the utility's books of account as Telecommunications Plant in Service (account 2001. 47 C.F.R. 32).

(b) "Facility costs" represent the cost of materials installed because of a facility relocation required by a public body.

(c) "Nonfacility costs" are those non-material costs (e.g. labor) incurred to place or move utility facilities and which are authorized for recovery by the utility under this rule.

(d) "Public body" has the meaning given that term in ORS 174.109.

(e) "Recoverable relocation costs" has the meaning given in ORS 758.025(5)(a).

(f) "Undepreciated value of facilities replaced" represents the net book value (original cost minus accumulated depreciation) of the facilities removed or retired.

(g) "Utility" means a telecommunications utility or competitive telecommunications provider, as those terms are defined in ORS 759.005.

(3) A telecommunications utility that is not subject to rate-of-return regulation, including a utility regulated under ORS 759.255 may, after participating in the process described in 758.025(3), petition the Commission for approval to recover from its customers prudent costs incurred for the relocation of facilities required by a public body that are not otherwise paid or reimbursed from another source.

(4) The utility's petition must follow the requirements of filing for contested cases found in OAR Chapter 860, Division 001 and include:

(a) The name of the utility as it appears on its certificate of authority.

(b) The name, telephone number, electronic mail address, and mailing address of the person to be contacted for additional information about the petition.

(c) The name, telephone number, electronic mail address, and mailing address of the person to be contacted for regulatory information, if different from the person specified in subsection (b) of this section.

(d) A general description of the relocation project or projects including a statement as to why the relocation was necessary and unavoidable, and a description of the locations and public bodies involved.

(e) A statement that, for each project identified in subsection (d) above, the utility participated in the planning and design process described in ORS 758.025(3).

(f) Evidence from each public body that the public body required the utility to relocate its facilities within the public body's jurisdiction.

(g) A general statement of the overall impact on the utility of the relocation project or projects.

(h) One or more schedules of costs for which the utility seeks recovery. The utility must:

(A) Include in its petition only those costs directly related to a relocation required by a public body.

(B) Exclude any costs subject to reimbursement from other sources, such as state or federal highway funds.

(C) Identify capital and expense costs separately.

(D) Identify facility and nonfacility costs separately.

(E) Exclude all costs related to improvements and upgrades, except that costs related to mandatory conversions ordered by a public body may be included.

(F) Ensure that all schedules, plant records, and job costs meet FCC accounting requirements (47 C.F.R. 32).

(G) Limit recoverable facility costs to the undepreciated value of the facilities replaced.

(i) The utility's proposed allocation of costs between services, customers, jurisdictions, or other groups as appropriate.

(j) The utility's proposed method of cost recovery.

(A) Approved relocation costs may be recovered by one or more line items on customer bills.

(B) The utility may propose alternative forms of cost recovery subject to Commission review and approval.

(C) Line items must not be described on the customer's bill as a tax or other mandatory government fee.

(k) The utility's proposed time period for cost recovery. A utility may recover its cost over no less than twelve months, subject to an annual true up.

(l) A copy of the customer notice required by section (8) of this rule.

(m) An affidavit of notice required by section (10) of this rule.

(5) The petition may include any other relevant information the utility wishes the Commission to consider.

(6) If the utility designates any portion of the petition to be confidential, it must provide an affidavit stating the legal basis for the claim of confidentiality and comply with the requirements of OAR 860-001-0070 or 860-001-0080.

(7) The petition must be filed at least 90 days before the proposed effective date of the cost recovery.

(8) The customer notice (notice) must include:

(a) The name of the utility as it normally appears on a customer bill.

(b) A statement that the utility has petitioned the Commission for recovery of certain mandatory facility relocation costs.

(c) The proposed impact on the customer's bill and the proposed duration of any cost recovery billing.

(d) The proposed effective date of cost recovery billing.

(e) A statement that customers may submit objections or comments regarding the petition to the Commission within 45 days of receipt of the notice.

(f) The name, telephone number, electronic mail address, and mailing address of the utility's contact person for more information.

(9) The utility must provide the notice:

(a) To all customers whose bills will be affected if the requested cost recovery is approved by the Commission.

(b) To affected customers on or before the date the utility submits its petition for cost recovery to the Commission.

(c) To persons who are not customers of the utility if the utility seeks cost recovery from those persons. The utility must explain in its petition why those persons should contribute to the utility's cost recovery. The utility must provide notice to those persons at the same time as the utility provides notice to its customers.

(10) The affidavit of notice must include:

(a) A certificate of service stating when and by what means (for example, direct mail, bill message, bill insert, or electronic mail) the notice was provided to the persons identified in section (9) above.

(b) A statement of efforts taken by the utility to provide notice in those instances when service was not completed.

(11) The utility must identify in its petition its recoverable costs that are substantial and beyond the normal course of business, subject to Commission review and approval.

(12) In its review of the petition under ORS 758.025(5), the Commission will:

(a) Verify the utility's participation in the design and planning process described in ORS 758.025(3).

(b) Verify the relocation costs for which the utility requests recovery.

(c) Determine the allocation of costs between interstate and intrastate services, geographic areas, customers and services.

(d) Prescribe the method of cost recovery.

(13) The Commission may audit any relocation costs or other information submitted by the utility.

(14) The Commission may administratively approve an unopposed petition without a hearing. For good cause, the Commission may suspend the effective date of a petition (whether opposed or unopposed) without a hearing for a period not to exceed six months.

(15) If opposition to the petition is filed with the Commission within 45 days of service of the notice, the Commission will schedule a conference to determine the schedule and proceedings necessary to complete its review of the petition. Contested cases will follow the procedures in OAR Chapter 860, Division 001.

(16) The utility must file the approved surcharge (or other approved cost recovery mechanism) in its tariff and price list before it can bill the surcharge to its customers.

(17) With respect to relocation of utility facilities required by a public body, this rule does not supersede any franchise agreement, ordinance, or applicable state law.

(18) This rule applies to relocations for which construction began on or after January 1, 2010.

Reinstatement of Carrier of Last Resort (COLR) Obligations

(1) Any resident or occupant of the property for which the Commission allowed an exemption of the COLR obligations under OAR 860-025-0055, or the exempted COLR utility, may petition the Commission to reinstate the COLR obligations.

(2) The petition for reinstatement of the COLR obligations must be filed as set forth in OAR 860-001-0140 and 860-001-0170 and include the information required in OAR 860-001-0400(2) and the proposed effective date of COLR obligations reinstatement.

(3) Within 14 days of the filing of a complete petition for reinstatement of the COLR obligations, the Commission will electronically serve notice of the petition on the COLR identified in the petition (unless the petitioner is the exempted COLR), the Commission's general notification list, and the service list of the docket under which the COLR exemption was granted.

(4) The Petitioner must serve notice of the petition upon:

(a) The property owner or developer;

(b) The residents within the property that the COLR is able to identify.

(5) The Commission will conduct contested case proceedings, including a public hearing, to determine if the existing public convenience and necessity require reinstatement of the COLR obligations. The petitioner has the burden of proving that the COLR should be reinstated. Parties to the proceedings may present in support of or opposition to the petition for the Commission's consideration:

(a) Evidence of the willingness of at least 60 percent of the occupants or residents of the property (including the Petitioner) to subscribe to the utility's service and pay for the incremental cost of providing the service;

(b) Evidence of the estimated costs of the telecommunications utility, cooperative corporation, or municipality to serve the exempted area that are over and above the original cost to serve;

(c) The service record of the Alternative Service Provider, including but not limited to, statistics about complaints, delays, and service quality;

(d) Legal argument or evidence as to why reinstating COLR obligations to the telecommunications utility, cooperative corporation, or municipality is or is not in the public interest; and

(e) Other relevant evidence that the parties wish to be considered by the Commission.

(6) If the Commission determines that the existing public convenience and necessity requires reinstatement of the COLR obligations to the exempted COLR:

(a) The COLR may not be required to incur any costs until the incremental costs necessary to construct the facilities to provide service have been received from the parties identified in section 5(a) of this rule. The COLR may not unreasonably deny payment terms in lieu of one-time payments; and

(b) The COLR must receive from the existing provider (if any) the access necessary for the COLR to install and maintain its facilities, including necessary easements, before the Commission requires the COLR to re-establish service. The existing provider may not unreasonably deny such access.

860-027-0300
Use of Deferred Accounting by Energy and Large Telecommunications Utilities

(1) As used in this rule:

(a) "Amortization" means the inclusion in rates of an amount which has been deferred under ORS 757.259 or 759.200 and which is designed to eliminate, over time, the balance in an authorized deferred account. Amortization does not include the normal positive and negative fluctuations in a balancing account;

(b) "Deferred Accounting" means recording the following in a balance sheet account, with Commission authorization for later reflection in rates:

(A) Electric companies, gas utilities, and steam heat utilities: a current expense or revenue associated with current service, as allowed by ORS 757.259; or

(B) Large telecommunications utilities: an amount allowed by ORS 759.200.

(2) Expiration: Any authorization to use a deferred account expires 12 months from the date the deferral is authorized to begin. If a deferral under ORS 757.259 or 759.200 is reauthorized, the reauthorization expires 12 months from the date the reauthorization becomes effective.

(3) Contents of Application: An application for deferred accounting, by an energy or large telecommunications utility or a customer, must include:

(a) A description of the utility expense or revenue for which deferred accounting is requested;

(b) The reason(s) deferred accounting is being requested and a reference to the section(s) of ORS 757.259 or 759.200 under which deferral may be authorized;

(c) The account proposed for recording of the amounts to be deferred and the account which would be used for recording the amounts in the absence of approval of deferred accounting;

(d) An estimate of the amounts to be recorded in the deferred account for the 12-month period subsequent to the application; and

(e) A copy of the notice of application for deferred accounting and list of persons served with the notice.

(4) Reauthorization: An application for reauthorization to use a deferred account must be made not more than 60 days prior to the expiration of the previous authorization for the deferral. An application for reauthorization must include the requirements set forth in subsections (3)(a) through (3)(e) of this rule and the following information:

(a) A description and explanation of the entries in the deferred account to the date of the application for reauthorization; and

(b) The reason(s) for continuation of deferred accounting.

(5) Exceptions: Authorization under ORS 757.259 or 759.200 to use a deferred account is necessary only to add amounts to an account, not to retain an existing account balance and not to amortize amounts which have been entered in an account under an authorization by the Commission. Interest, once authorized to accrue on unamortized balances in an account, may be added to the account without further authorization by the Commission, even though authorization to add other amounts to an account has expired.

(6) Notice of Application: The applicant must serve a notice of application upon all persons who were parties in the energy or large telecommunications utility's last general rate case. If the applicant is other than an energy or large telecommunications utility, the applicant must serve a copy of the application upon the affected utility. A notice of application must include:

(a) A statement that the applicant has applied to the Commission for authorization to use deferred accounting; or for an order requiring that deferred accounting be used by an energy or large telecommunications utility;

(b) A description of the utility expense or revenue for which deferred accounting is requested;

(c) The manner in which a person can obtain a copy of the application;

(d) A statement that any person may submit to the Commission written comment on the application by the date set forth in the notice, which date may be no sooner than 25 days from the date of the application; and

(e) A statement that the granting of the application will not authorize a change in rates, but will permit the Commission to consider allowing such deferred amounts in rates in a subsequent proceeding.

(7) Public Meetings: Unless otherwise ordered by the Commission, applications for use of deferred accounting will be considered at the Commission's public meetings.

(8) Reply Comments: Within ten days after the due date for comments, the applicant, and the energy or large telecommunications utility if the utility is not the applicant, may file reply comments with the Commission. Filing dates for reply comments are calculated and enforced per OAR 860-001-0150.

(9) Amortization: Amortization in rates of a deferred amount is allowed only as authorized by the Commission. The Commission may authorize amortization of such amounts only for utility expenses or revenues for which the Commission previously has authorized deferred accounting. Upon request for amortization of a deferred account, the energy or large telecommunications utility must provide the Commission with its financial results for a 12-month period or for multiple 12-month periods to allow the Commission to perform an earnings review. The period selected for the earnings review will encompass all or part of the period during which the deferral took place or must be reasonably representative of the deferral period. Unless authorized by the Commission to do otherwise:

(a) An energy utility may request that amortizations of deferred accounts commence no later than one year from the date that deferrals cease for that particular account; and

(b) In the case of ongoing balancing accounts, the energy utility may request amortization at least annually, unless amortization of the balancing account is then in effect; or

(c) A large telecommunications utility may request amortization of deferred accounts as soon as practical after the deferrals cease but no later than in its next rate proceeding.

(10) An electric company customer may prepay under ORS 757.259(11) all or a portion of its obligation of deferred power supply expense. The obligation must be calculated as the customer's pro rata share of the utility's total energy usage within the state of Oregon during 2001, multiplied by the unrecovered deferral balance at the time of prepayment. When such customer has prepaid its obligation in full, the customer may no longer be charged the power supply adjustment related to the deferral.

Resolution of Disputes for Proposed New or Amended Contractual Provisions

(1) This rule applies to a complaint alleging a violation of ORS 757.273, 757.276, 757.279, 757.282, 759.655, 759.660, or 759.665.

(2) In addition to the generally applicable filing and contested case procedures contained in OAR chapter 860, division 001, the procedures set forth in this rule apply to a complaint that an existing or proposed contract is unjust and unreasonable.

(3) The party filing a complaint under this rule is the "complainant." The other party to the contract, against whom the complaint is filed, is the "respondent."

(4) Before a complaint is filed with the Commission, one party must request, in writing, negotiations for a new or amended attachment agreement from the other party.

(5) Ninety (90) calendar days after one party receives a request for negotiation from another party, either party may file with the Commission for a proceeding under ORS 757.279 or 759.660.

(6) The complaint must contain each of the following:

(a) Proof that a request for negotiation was received at least 90 calendar days earlier. The complainant must specify the attempts at negotiation or other methods of dispute resolution undertaken since the date of receipt of the request and indicate that the parties have been unable to resolve the dispute.

(b) A statement of the specific attachment rates, terms and conditions that are claimed to be unjust or unreasonable.

(c) A description of the complainant's position on the unresolved provisions.

(d) A proposed agreement addressing all issues, including those on which the parties have reached agreement and those that are in dispute.

(e) All information available as of the date the complaint is filed with the Commission that the complainant relied upon to support its claims:

(A) In cases in which the Commission's review of a rate is required, the complaint must provide all data and information in support of its allegations, in accordance with the administrative rules set forth to evaluate the disputed rental rate.

(B) If the licensee is the party submitting the complaint, the licensee must request the data and information required by this rule from the owner. The owner must supply the licensee the information required in this rule, as applicable, within 30 calendar days of the receipt of the request. The licensee must submit this information with its complaint.

(C) If the owner does not provide the data and information required by this rule after a request by the licensee, the licensee must include a statement indicating the steps taken to obtain the information from the owner, including the dates of all requests.

(D) No complaint by a licensee will be dismissed because the owner has failed to provide the applicable data and information required under paragraph (6)(e)(B) of this rule.

(7) The Commission will serve a copy of the complaint upon the respondent. Service may be made by electronic mail if the Commission verifies the respondent's electronic mail address prior to service of the complaint and a delivery receipt is maintained in the official file. Within 30 calendar days of service of the complaint, the respondent must file its response with the Commission, addressing in detail each claim raised in the complaint and a description of the respondent's position on the unresolved provisions.

(8) If the Commission determines after a hearing that a rate, term or condition that is the subject of the complaint is not just, fair, and reasonable, it may reject the proposed rate, term or condition and may prescribe a just and reasonable rate, term or condition.

Resolution of Disputes for Proposed Negotiated Power Purchase Agreements

(1) This rule applies to a complaint, filed pursuant to ORS 756.500, regarding the negotiation of a Qualifying Facility power purchase agreement for facilities with a capacity greater than 10 MWs. These provisions supplement the generally applicable filing and contested case procedures contained in OAR chapter 860, division 001.

(2) Before a complaint is filed with the Commission, the Qualifying Facility must have followed the procedures set forth in the applicable public utility's tariff regarding negotiated power purchase agreements.

(3) At any time after 60 calendar days from the date a Qualifying Facility has provided written comments to the public utility regarding the public utility's draft power purchase agreement, the Qualifying Facility may file a complaint with the Commission asking for adjudication of any unresolved terms and conditions of its proposed agreement with the public utility.

(4) A Qualifying Facility filing a complaint under this rule is the "complainant." The public utility against whom the complaint is filed is the "respondent."

(5) The complaint must contain each of the following, as described by the complainant:

(a) A statement that the Qualifying Facility provided written comments to the utility on the draft power purchase agreement at least 60 calendar days before the filing of the complaint.

(b) A statement of the attempts at negotiation or other methods of informal dispute resolution undertaken by the negotiating parties.

(c) A statement of the specific unresolved terms and conditions.

(d) A description of each party's position on the unresolved provisions.

(e) A proposed agreement encompassing all matters, including those on which the parties have reached agreement and those that are in dispute.

(6) Along with the complaint, the Qualifying Facility must submit written direct testimony that includes all information upon which the complainant bases its claims.

(7) The Commission will serve a copy of the complaint upon the respondent. Service may be made by electronic mail if the Commission verifies the respondent's electronic mail address to service of the complaint and a delivery receipt is maintained in the official file. Within 10 calendar days of service of the complaint, the respondent must file its response with the Commission, addressing in detail each claim raised in the complaint and a description of the respondent's position on the unresolved provisions. The respondent may also identify and present any additional issues for which the respondent seeks resolution.

(8) Along with its response the respondent must submit written direct testimony that includes all information upon which the respondent relies to support its position.

(9) An assigned Administrative Law Judge (ALJ) will conduct a conference with the parties to identify disputed issues, to establish a procedural schedule and to adopt procedures for the complaint proceeding. To accommodate the need for flexibility and to implement the intent of this streamlined complaint process, the ALJ retains the discretion to adopt appropriate procedures provided such procedures are fair, treat the parties equitably, and substantially comply with this rule. Such procedures may include, but are not limited to, hosting a technical workshop, holding a hearing, or submitting written comments.

(10) Only the counterparties to the agreement will have full party status. The ALJ may confer with members of the Commission Staff for technical assistance.

(11) After the hearing, or other procedures set forth in section (9), if the Commission determines that a term or provision of the proposed agreement is not just, fair, and reasonable, it may reject the proposed term or provision and may prescribe a just and reasonable term or provision. The Commission's review is limited to the open issues identified in the complaint and in the response.

(12) Within 15 business days after the Commission issues its final order, the public utility must prepare a final version of the power purchase agreement complying with the Commission decision and serve it upon the Qualifying Facility. Within 10 days of service of the final power purchase agreement, the Qualifying Facility and the public utility may sign and file the agreement with the Commission, may request clarification whether the agreement terms comply with the Commission order, or may apply for rehearing or reconsideration of the order. The terms and conditions in the power purchase agreement will not be final and binding until the agreement is executed by both parties.

(13) The provisions of any power purchase agreement approved pursuant to this rule apply only to the parties to the agreement and are not to be considered as precedent for any other power purchase agreement negotiation or adjudication.

Application for New or Amended Certificate of Authority, or to Transfer Authority

(1) A person may not provide intrastate telecommunications service on a for-hire basis, or transfer a certificate of authority to provide such service, except as authorized by the Commission.

(2) Any person intending to provide intrastate telecommunications service in Oregon, or to transfer a certificate of authority to provide such service, must file an application, on a form prescribed by the Commission. A copy of the applicable application form is available on the Commission's website.

(3) The application and any subsequent amendments must be filed electronically as set forth in OAR 860-001-0140 and 860-001-0170.

(4) Applicant(s) must complete all applicable parts of the application. If an application, in any material respect, is incomplete, inaccurate, false, or misleading, the Commission may reject the application.

(5) An application for a new or amended certificate must contain:

(a) A request for classification as a telecommunications utility or competitive provider;

(b) The name, mailing address, telephone number, and electronic mail address of the applicant;

(c) A description of the service the applicant seeks to provide, including designation of such service as local exchange, shared, or interexchange service, and a designation of such service as switched or non-switched service, and a description of how applicant will provide such service;

(d) A description of the territory where the service is to be offered. An application to provide local exchange service must include a description and map of the local exchange service boundaries or a list of the local exchanges to be served;

(e) The names of affiliated interests of the applicant, as defined in OAR 860-032-0001, which are certified to provide or are actually providing telecommunications service in Oregon;

(f) A list of each certificate of authority to provide service in Oregon, which was granted to applicant or to an affiliated interest, whether such certificate is in effect or canceled; and

(g) In addition to the requirements of subsections (5)(a) through (f) of this rule, an application to provide shared service must:

(A) Describe the user group to whom service will be provided;

(B) List the street address of the building(s) where service will be provided; and

(C) If service will be provided to a user group located in two or more buildings, the application must include a clear, precise, legible map, of the area to be served.

(6) An application to transfer a certificate of authority must contain:

(a) The names, mailing addresses, telephone numbers, and electronic mail addresses of the transferor and transferee;

(b) A description of the telecommunications services and service area for which authority is to be transferred; and

(c) The names of affiliated interests of the transferee, as defined in OAR 860-032-0001, which are certified to provide or are actually providing telecommunications service in Oregon.

(7) For all applications:

(a) The Commission will serve notice of the application as provided in OAR 860-032-0002(1).

(b) Within 20 days of the date of service of the notice, any person may file a protest to an application. The protest must set forth the grounds for the protest and be filed in accordance with requirements of OAR 860-001-0140 and 860-001-0170.

(c) The Commission may require a person filing a protest to show that it is affected by the application or that its appearance and participation will not unreasonably broaden the issues or burden the record. Failure of the telecommunications utility or cooperative to protest an application to provide local exchange service, other than shared service, is not considered consent to the application.

(d) Any protestant will be made a party to the application proceeding. Other persons may be made a party upon formal request to the Commission.

(e) If an applicant intends to broaden the authority requested during the application process, it must file a new application pursuant to sections (2) through (6) of this rule. However, an applicant may narrow its request by filing its amendment with the Filing Center.

(f) The Commission may grant or deny an application without hearing, unless a hearing is required by ORS 759.020(4).

(g) If the Commission processes the application without a hearing, the Commission staff may issue to the parties a proposed order that grants or denies the application. Within 60 days of service of any proposed order, any party may file exceptions or request a hearing. Exceptions must be filed with the Filing Center. Within 10 days of filing of any exceptions, Commission staff and any party may file a reply. In its reply, Commission staff may modify its proposed order in response to the exceptions filed. Filing dates for exceptions and replies are calculated and enforced per OAR 860-001-0150.

(h) A party to the application proceeding may request rehearing or reconsideration of the order, which grants or denies the application, pursuant to ORS 756.561 and OAR 860-001-0720.

(8) For applicants who request classification as a telecommunications utility, all services proposed to be offered by the applicant must be deemed essential services. However, applicant may accompany the application with a petition to exempt some services pursuant to OAR 860-032-0025 or to price-list some or all services pursuant to OAR 860-032-0035.

(9) The Commission reviews applications for interexchange service or shared service pursuant to ORS 759.020. Applications for local exchange service, other than shared service, will be reviewed pursuant to ORS 759.020 and 759.050.

(10) For applications for local exchange service, other than shared service, the following apply in addition to provisions of sections (7) through (9) of this rule:

(a) The Commission may apply the public interest criteria from ORS 759.050(2), or the Commission may determine pursuant to ORS 759.020(3) that the affected telecommunications utility is unable to provide service; and

(b) Failure by the telecommunications utility to provide reasonable and adequate local exchange service constitutes inability to provide service.

(11) Applications to transfer authority to provide telecommunications service are subject to sections (1) through (4) and (6) through (10) of this rule. With Commission approval, a telecommunications provider may transfer a certificate of authority subject to the following requirements:

(a) The transferor may transfer some or all of its authority;

(b) Transferee is liable for all fees incurred and reports due by the transferor as of the date the transfer is approved; and

Monthly RSPF Surcharge: General Provisions, Remittance Reports and Payment

(1) The surcharge rate and the balance in the RSPF are reviewed annually by the Commission each October. The Commission may adjust the amount of the surcharge to ensure the fund has adequate resources but does not exceed six months of projected expenses. A rate adjustment ordered by the Commission following the annual review becomes effective January 1 of the year following the review.

(2) The surcharge imposed by 1987 Oregon Laws Chapter 290, Section (7)(1) does not apply to entities upon which the state is prohibited from imposing the surcharge by the Constitution or laws of the United

States or the Constitution or laws of the State of Oregon including, but not limited to:

(a) Counties and political subdivisions.

(b) Federal, state and municipal government bodies or public corporations. For purposes of this rule, "public corporation" means a corporation formed by a state or local government authority for the public's benefit or for a public purpose. A regional housing authority qualifies as a public corporation.

(c) Federally chartered corporations specifically exempt from state excise taxes by federal law.

(d) Federally recognized Native-American Tribes, and tribal members who live within federally recognized Indian country and are enrolled members of the tribe with sovereignty over that Indian country.

(e) Foreign government offices and representatives that are exempt from state taxation by treaty provisions.

(f) Interconnection between telecommunications utilities, telecommunications cooperatives, competitive telecommunications services providers certified under ORS 759.020, radio common carriers and interexchange carriers.

(g) Any other agency, organization or person claiming an exemption is required to identify the authority for its claim to a provider. If a telecommunications provider is unable to determine the status of a subscriber the Commission will determine whether the subscriber is exempt.

(3) Collection of RSPF Surcharge.

(a) Each telecommunications provider must collect the RSPF surcharge by charging the specified amount to each retail subscriber with access to the telecommunications relay service, including OTAP eligible subscribers. The RSPF surcharge is applied on a telecommunications circuit designated for a particular subscriber.

(A) One subscriber line is counted for each circuit that is capable of generating usage on the line side of the switched network regardless of the quantity of customer premises equipment connected to each circuit.

(B) For providers of central office based services, the surcharge is applied to each line that has unrestricted connection to the telecommunications relay service. For central office based service lines that have restricted access to the OTRS, the surcharge is charged based on software design.

(b) Each cellular, wireless, or other radio common carrier must collect the RSPF surcharge by charging the specified amount to each retail subscriber with access to the telecommunications relay service, including OTAP eligible subscribers. The surcharge is applied on a per-instrument basis.

(c) Each telecommunications provider and each cellular, wireless, or other radio common carrier must identify the surcharge on each retail customer's bill as a separate line item named "RSPF Surcharge."

(4) A telecommunications provider or a cellular, wireless, or other radio common carrier may remit surcharges due to the Commission by electronic transfer, mail or in person.

(5) The Remittance Report and surcharges are due to the Commission on or before the 21st calendar day after the close of each month and must be received in the Commission's offices no later than 5 p.m. Pacific Standard Time on the due date. A surcharge remittance or Remittance Report postmarked on the due date does not meet the requirements of this section and will not be considered as timely submitted.

(6) Each telecommunications provider and each cellular, wireless, or other radio common carrier must submit the Remittance Report and surcharge with no exceptions. If no surcharge is collected, the telecommunications provider or the cellular, wireless, or other radio common carrier must still submit its monthly Remittance Report specified in section (5) of this rule.

(7) For each billing period that a telecommunications provider or a cellular, wireless, or other radio common carrier fails to submit the surcharge fees in full on or before the due date required by these rules, the telecommunications provider or the cellular, wireless, or other radio common carrier must pay a late payment fee in accordance with OAR 860-001-0050.

(8) If the telecommunications provider or the cellular, wireless, or other radio common carrier fails to remit the surcharge in full on or before the due date, the telecommunications provider or the cellular, wireless, or other radio common carrier must pay interest in accordance with OAR 860-001-0050.

(9) If a telecommunications provider or a cellular, wireless, or other radio common carrier fails to file a Remittance Report as required by these rules, the telecommunications provider or the cellular, wireless, or other radio common carrier must pay a late report fee in accordance with OAR 860-001-0050.

(10) If the amount shown due on a Remittance Report is not paid by the due date, the Commission may issue a proposed assessment to set the sum due. The Commission may waive the late report fee, the late payment fees and the interest on the unpaid surcharge fees, or any combination thereof, if the telecommunications provider or the cellular, wireless, or other radio common carrier files a written waiver request and provides evidence showing that the telecommunications provider or the cellular, wireless, or other radio common carrier submitted the Remittance Report and surcharge fees late due to circumstances beyond its control. The request must be filed in accordance with OAR 860-001-0140 and 860-001-0170.

(11) The telecommunications provider or the cellular, wireless, or other radio common carrier must pay a fee in accordance with OAR 860-001-0050 for each payment returned for non-sufficient funds.

(12) The telecommunications provider or the cellular, wireless, or other radio common carrier is responsible for and must pay all costs incurred by the Commission to collect a past-due RSPF surcharge from the telecommunications provider or the cellular, wireless, or other radio common carrier.

(13) Remittance Report Records: A telecommunications provider and a cellular, wireless, or other radio common carrier must keep all records supporting each Remittance Report for three years, or if a Commission review or audit is pending, until the review or audit is complete, whichever is later.

(14) In addition to any other penalty, obligation, or remedy provided by law, the Commission may suspend or cancel the telecommunications provider's certificate of authority to provide telecommunications service in Oregon for its failure to file its Remittance Report or its failure to remit the surcharge in full.

(15) Except as otherwise provided by law, if after an audit or review the Commission determines that the telecommunications provider or the cellular, wireless, or other radio common carrier has remitted an excessive amount, the Commission will provide the telecommunications provider or the cellular, wireless, or other radio common carrier a credit in that amount against sums subsequently due from that telecommunications provider or that cellular, wireless, or other radio common carrier.

(16) A telecommunications provider or a cellular, wireless, or other radio common carrier must submit any revisions to a Remittance Report no later than three years from the due date of the Remittance Report. If the Commission concludes that a telecommunications provider or cellular, wireless, or other common carrier remitted an excessive amount and that refunding the excess would have a material and adverse financial impact on the RSPF, the Commission may enter into an agreement with the telecommunications provider or the cellular, wireless, or other radio common carrier to spread payments of the refunds over a period not to exceed three years.

(17) The RSPF Surcharge Exception Form is due annually by March 15. A telecommunications provider or a cellular, wireless, or other radio common carrier that qualifies for the exception must electronically submit the completed form so that it is received in the Commission's offices no later than 5 p.m. Pacific Standard Time on March 15.

(18) In computing any period of time prescribed or allowed by these rules, the first day of the act or event is not included. The last day of the period is included, unless the last day is a Saturday or legal holiday; then the period runs until the end of the next day that is not a Saturday or a legal holiday. Legal holidays are those identified in ORS 187.010 and 187.020.

The authorized representative of the ESS must state that all information provided is true and correct and sign the renewal application;

(c) If the Commission takes no action on the renewal application, the renewal is granted for a period of one year from the expiration date of the prior certificate;

(d) If a written complaint is filed, or if on the Commission's own motion, the Commission has reason to believe the renewal should not be granted, the Commission will conduct a revocation proceeding per section (14) of this rule. The renewal applicant will be considered temporarily certified during the pending revocation proceeding.

(14) Upon review of a written complaint or on its own motion the Commission may, after reasonable notice and opportunity for hearing, revoke the certification of an ESS for reasons including, but not limited to, the following:

(a) Material misrepresentations in its application for certification or in any report of material changes in the facts upon which the certification was based;

(b) Material misrepresentations in customer solicitations, agreements, or in the administration of customer contracts;

(c) Dishonesty, fraud, or deceit that benefits the ESS or disadvantages customers;

(d) Demonstrated lack of financial, or operational capability; or

(e) Violation of agreements stated in sections (6) and (7) of this rule.

(15) An ESS must promptly report to the Commission any circumstances or events that materially alter information provided to the Commission in the certification or renewal process or otherwise materially impacts their ability to reasonably serve electricity consumers in Oregon.

(16) Each ESS that owns, operates, or controls electrical supply lines and facilities subject to ORS 757.035 must have and maintain its entire plant and system in such condition that it will furnish safe, adequate, and reasonably continuous service. Each such ESS must inspect its lines and facilities in such a manner and with such frequency as may be needed to ensure a reasonably complete knowledge about their condition and adequacy at all times. Such record must be kept of the conditions found as the ESS considers necessary to properly maintain its system, unless in special cases the Commission specifies a more complete record. The ESS must have written plans describing its inspection, operation, and maintenance programs necessary to ensure the safety and reliability of the facilities. The written plans and records required herein must be made available to the Commission upon request. The ESS must report serious injuries to persons or property in accordance with OAR 860-024-0050.

Electricity Service Supplier Consumer Protection

(1) All advertising and marketing activities by electricity service suppliers must be truthful, not misleading, and in compliance with Oregon's Unfair Trade Practices Act (ORS 646.605 through 646.656).

(2) No person or entity may offer to sell electricity services available pursuant to direct access unless it has been certified by the Commission as an ESS.

(3) Sections (3) through (6) of this rule do not apply when a consumer is changing suppliers. Sections (3) through (6) apply when an ESS is discontinuing service to a consumer. An ESS must give its customers at least 10 business days written notice, as prescribed in section (5) of this rule, before the ESS may discontinue service.

(4) The written notice of intent to discontinue service to the ESS customer must be printed in boldface type and must state in easy to understand language:

(a) The name and contact information of the ESS and the service location intended to be discontinued;

(b) The reasons for the proposed discontinuance;

(c) The earliest date for discontinuance; and

(d) The amount necessary to be paid to avoid discontinuance of services, if applicable.

(5) The ESS must serve the notice of discontinuance in person or send it by first class mail to the last known address of the ESS customer. Service is complete on the date of personal delivery or, if service is by U. S. mail, on the day after the U. S. Postal Service postmark or the day after the date of postage metering.

(6) Not less than 10 business days prior to discontinuance of service to an ESS customer, the ESS must notify the serving electric company, by mutually acceptable means, that the ESS will no longer be supplying energy to that ESS customer. If an ESS and a consumer waive the 10-day notice, pursuant to section (8) of this rule, the ESS must still notify the electric company of its intent to discontinue a consumer's service as soon as it notifies the consumer that service is to be discontinued. The written notice must contain the following:

(a) Name and contact information of the ESS that is discontinuing service, the consumer's name, account number, service location and, if applicable, the electric company's unique location identifier;

(b) Earliest date for discontinuance; and

(c) Necessary information applicable to the transfer of the consumer's service.

(7) This section of this rule applies to any alleged violation of the rules in Division 038 applicable to electricity service suppliers.

(a) When a dispute occurs between an ESS customer and an ESS about any charge or service, the ESS must acknowledge the dispute with a response to the customer within 5 calendar days. The ESS must thoroughly investigate the matter and report the results of its investigation to the ESS customer within 15 calendar days. If the ESS is unable to resolve the matter within 15 calendar days, the ESS must advise the customer of the option to request internal supervisory review of unregulated disputes and to request the Commission's assistance in resolving a dispute within the Commission's jurisdiction;

(b) An ESS customer may request the Commission's assistance in resolving a dispute within the Commission's jurisdiction by contacting the Commission's Consumer Services Division. The Commission must notify the electricity service supplier upon receipt of such a request;

(c) The Commission's Consumer Services Division will assist the complainant and the electricity service supplier in an effort to reach an informal resolution of the dispute. The ESS must provide the Commission with the necessary information to assist in resolving the dispute. The ESS must answer the registered ESS dispute within 15 calendar days of service of the complaint;

(d) If a registered ESS dispute cannot be resolved informally, the Commission's Consumer Services Division will advise the complainant of the right to file a formal written complaint.

(A) The formal written complaint must state the facts of the dispute and the relief requested and must be filed with the Filing Center in compliance with the rules regarding confidential information and filing set out in OAR 860-001-0070, 860-001-0140 through 860-001-0150,and 860-001-0170.

(B) The formal complaint must be filed with the Filing Center at PUC.FilingCenter@state.or.us. If complainant does not have access to electronic mail, the complaint may be mailed, faxed, or delivered to the Filing Center at the address set out in OAR 860-001-0140, and the formal complaint must include a request for waiver of the electronic filing and service requirements.

(C) The Commission will serve the complaint on the ESS. The Commission may electronically serve the ESS with the complaint if the electronic mail address is verified prior to service of the complaint and the delivery receipt is maintained in the official file.

(D) The ESS must answer the complaint within 15 calendar days of service of the complaint by the Commission.

(E) The Commission will set the matter for expedited hearing. A hearing may be held on less than 10 calendar days' notice when good cause is shown. Notice of the hearing will be provided to the complainant and the ESS at least 12 hours before the date and time of the hearing.

(F) Filing dates for formal complaint proceedings are calculated and enforced per OAR 860-001-0150.

(8) Within the terms of a written contract, a customer and an ESS may agree to arrangements other than those specified in sections (3), (4), (5), and (6) of this rule, if the following requirements are met:

(a) The contract must include an exact copy of the paragraphs in subsection (8)(b) of this rule. The paragraphs must be in bold type of at least 12-font size. Immediately following the paragraphs, there must be a line for the consumer's signature and the date.

(b) The agreement must contain the following notice: IF YOU SIGN THIS AGREEMENT, YOU MAY GIVE UP CERTAIN RIGHTS YOU HAVE UNDER OAR 860-038-0420(3) through (6). These rules state: The ESS must insert the complete text of OAR 860-038-0420(3) through (6). THIS MAY AFFECT YOUR ABILITY TO ARRANGE FOR OTHER ENERGY SERVICE.

Complaints for Enforcement

(1) This rule specifies the procedure for a public utility, an interconnection customer, or an applicant to file a complaint for the enforcement of an interconnection agreement. Filing dates for enforcement complaint proceedings are calculated and enforced per OAR 860-001-0150.

(2) At least 10 days prior to filing a complaint for enforcement, complainant must give written notice to defendant and the Commission that complainant intends to file a complaint for enforcement. The notice must identify the provisions in the agreement that complainant alleges were or are being violated and the specific acts or failure to act that caused or are causing the violation, and whether complainant anticipates requesting temporary or injunctive relief. On the same day the notice is filed with the Commission, complainant must serve a copy of the notice on defendant's authorized representative, attorney of record, or designated agent for service of process. Complainant must also serve the notice on all persons designated in the interconnection agreement to receive notices;

(3) A complaint for enforcement must:

(a) Contain a statement of specific facts demonstrating that the complainant conferred with defendant in good faith to resolve the dispute, and that despite those efforts the parties failed to resolve the dispute;

(b) Include a copy of the written notice, required by section (2), indicating that the complainant intends to file a complaint for enforcement;

(c) Include a copy of the interconnection agreement or the portion of the agreement that the complainant contends that defendant violated or is violating. If a copy of the entire agreement is provided, complainant must specify the provisions at issue;

(d) Contain a statement of the facts or law demonstrating defendant's failure to comply with the interconnection agreement and complainant's entitlement to relief. The statement must indicate that the remedy sought is consistent with the dispute resolution provisions in the agreement, if any. Statements of facts must be supported by written testimony with affidavits made by persons competent to testify and having personal knowledge of the relevant facts. Statements of law must be supported by appropriate citations. If exhibits are attached to the affidavits, the affidavits must contain the foundation for the exhibits;

(e) Designate up to three persons to receive copies of pleadings and documents;

(f) Include an executive summary, filed as a separate document not to exceed 8 pages, outlining the issues and relief requested; and

(g) Include any motions for affirmative relief, filed as a separate document and clearly marked. Nothing in this subsection precludes complainant from filing a motion subsequent to the filing of the complaint if the motion is based upon facts or circumstances unknown or unavailable to complainant at the time the complaint was filed.

(4) On the same day the complaint is filed with the Commission, complainant must serve a copy of the complaint on defendant's authorized representative, attorney of record, or designated agent for service of process. Service may be by telephonic facsimile, electronic mail, or overnight mail, but the complaint must arrive at defendant's location on the same day the complaint is filed with the Commission. Service by facsimile or electronic mail must be followed by a physical copy of the complaint the next day by overnight delivery.

(5) Within 10 business days after service of the complaint, defendant may file an answer with the Commission. Any allegations raised in the complaint and not addressed in the answer are deemed admitted. The answer must:

(a) Contain a statement of specific facts demonstrating that the defendant conferred with complainant in good faith to resolve the dispute and that despite those efforts the parties failed to resolve the dispute;

(b) Respond to each allegation in the complaint and set forth all affirmative defenses;

(c) Contain a statement of the facts or law supporting defendant's position. Statements of facts must be supported by written testimony with affidavits made by persons competent to testify and having personal knowledge of the relevant facts. Statements of law must be supported by appropriate citations. If exhibits are attached to the affidavits, then the affidavits must contain the foundation for the exhibits; and

(d) Designate up to three persons to receive copies of other pleadings and documents.

(6) On the same day as the answer is filed, the defendant must also file its response to any motion filed by complainant and its motions for

affirmative relief. Each response and each motion must be filed as a separate filing. Nothing in this section precludes defendant from filing a motion subsequent to the filing of the answer if the motion is based upon facts or circumstances unknown or unavailable to defendant at the time the answer was filed.

(7) On the same day the answer is filed with the Commission, the defendant must serve a copy of the answer to the complainant's authorized representative, attorney of record, or designated agent for service of process.

(8) Complainant must file a reply to an answer that contains affirmative defenses within 5 business days after the answer is filed. On the same day the reply is filed with the Commission, complainant must serve a copy of the reply to defendant's authorized representative, attorney of record, or designated agent for service of process.

(9) A cross-complaint or counterclaim must be answered within the 10-business day time frame allowed for answers to complaints.

(10) The Commission will conduct a conference regarding each complaint for enforcement of an interconnection agreement.

(a) The administrative law judge (ALJ) schedules a conference within 5 business days after the answer is filed, to be held as soon as practicable. At the discretion of the ALJ, the conference may be conducted by telephone.

(b) Based on the complaint and the answer, all supporting documents filed by the parties, and the parties' oral statements at the conference, the ALJ determines whether the issues raised in the complaint can be determined on the pleadings and submissions without further proceedings or whether further proceedings are necessary. If further proceedings are necessary, the ALJ establishes a procedural schedule. Nothing in this subsection is intended to prohibit the bifurcation of issues where appropriate.

(c) In determining whether further proceedings are necessary, the ALJ must consider, at a minimum, the positions of the parties, the need to clarify evidence through the examination of witnesses, the complexity of the issues, the need for prompt resolution, and the completeness of the information presented.

(d) The ALJ may make oral rulings on the record during the conference on all matters relevant to the conduct of the proceeding.

(11) A party may file with the complaint or answer a request for discovery, stating the matters to be inquired into and their relationship to matters directly at issue.

(12) When warranted by the facts, the complainant or defendant may file a motion requesting that an expedited procedure be used. The moving party must file a proposed expedited procedural schedule along with its motion. The ALJ must schedule a conference to be held as soon as practicable to determine whether an expedited schedule is warranted.

(a) The ALJ will consider whether the issues raised in the complaint or answer involve a risk of imminent, irrevocable harm to a party or to the public interest.

(b) If a determination is made that an expedited procedure is warranted, the ALJ will establish a procedure that ensures a prompt resolution of the merits of the dispute, consistent with due process and other relevant considerations. The ALJ will consider, but is not bound by, the moving party's proposed expedited procedural schedule.

(c) In general, the ALJ will not entertain a motion for expedited procedure where the dispute solely involves the payment of money.
